"Expamet" Concrete Flooring

Architect:
A E. Oaten, Esq., F.S.I., Bristol

Contractors:
Messrs. Bray & Slaughter, Bristol

## 'Expamet"—Concrete Factors

'Expamet" Expanded Steel Reinforcement for Concrete is a doubleway reinforcement which, owing to its formation, cannot slip within the concrete.

As meshwork with such dependable grip is the best form of reinforcement for resisting both tensile and thermal stresses, "Expamet" Expanded Steel-Concrete slabbing is eminently adapted for heat and fire resistance, as well as for load carrying.

The distribution of stress by "Expamet" is perfect, for there is steel to transmit, in all directions, the stresses due to a load; and, no matter where it may be imposed, the load does not affect only the portion of the slab directly under it.

#### A STATEMENT OF FACT

## BARRY'S RUBOLEUM

#### Is a Floorcovering of Supreme Excellence

Barry's Ruboleum

is a calendered fabric, 6.70 m/m thick, the basic constituents of which are milled cork, wood flour, linseed oil and the finest pigments; it is pre-eminently a HIGH CLASS floorcovering at a MODERATE COST.

Barry's Ruboleum

has achieved a reputation built on a foundation of solid attainment; it has been used—and has given great satisfaction—in many of the large ocean liners, the "AQUITANIA," "MAURETANIA," "EMPRESS OF AUSTRALIA," "MONTLAURIER," "NALDERA," "NARKUNDA," "WINDSOR CASTLE," to name only a few out of very many; it has been used in many important bank and insurance buildings, in hospitals (where its hygienic qualities are appreciated) and in shops, warehouses and public buildings.

Barry's

is made in a wide range of decorative self colours and in a Ruboleum number of beautiful marble and jaspé effects.

Barry's Ruboleum

is manufactured by BARRY, OSTLERE & SHEPHERD Ltd., FORTH WORKS, KIRKCALDY, SCOTLAND, and is distributed through the tile cutting and furnishing trades.

Architects there existed in Lincoln's Inn Fields the Architectural Society, the primary objects of which were the advancement and diffusion of architectural knowledge, and its ultimate intent to form a British School, with Library, Museum, Professorships and periodical exhibitions, the want of which was then beginning to be greatly felt by students.\* Instituted in 1831, the Architectural Society had for its governing body in 1834-35 William Barnard Clarke as President, Thomas Henry Wyatt as one of the Vice-Presidents, George Mair as Hon. Secretary, with Benjamin Ferrey among the ordinary members. In 1834 it became evident to a few architects of established reputation that the profession required a more influential representative institution than that which already existed, and an Address was circulated among the profession pointing out that though few of the arts and sciences were left without a Body associated for their promotion and cultivation, Architecture, as an art embracing the whole circle of the sciences, was in this country destitute of such an establishment.

The first meeting of the founders of the Institute† was held at the Thatched House Tavern, St. James's Street, on the 2nd July 1834, when

An earlier society still was the London Architectural Society, established in 1806, probably the first institution formed by professional men with aims and objects similar to those of the present Royal Institute. By the rules of this Society members were required to produce annually, according to a rotation and time agreed upon, an architectural design never before in any way made public, consisting of at least one plan, elevation, and section, and accompanied with observations, critical and explanatory, under forfeiture of two guineas; also an essay on some subject connected with civil architecture, under forfeit of half-a-guinea. These designs, observations, and essays were discussed at General Meetings, and every member absenting himself for two successive nights was fined 5s., and also 5s. for every additional night of absence unless prevented by illness or a distance of ten miles from the place of meeting. The Society probably became extinct before the formation of the Architectural Society in 1831.

What was probably a forerunner of the London Architectural Society was a club called the Architects' Club, which was founded in 1791 and held its meetings at the Thatched House Tavern. The treasurer was Samuel Pepys Cockerell, father of Professor Cockerell (second President of the Institute), and grandfather of Frederick Pepys Cockerell (for many years Hon. Secretary). Among the original members were Sir William Chambers, Robert Adam, Robert Milne, John Soane, Thomas Hardwick, James Wyatt, George Dance, S. P. Cockerell. (See article by Mr. Harry

Sirr, JOURNAL R.I.B.A. 7th January 1911.).

† The last surviving original member of the Institute, Professor Donaldson, died in 1885. He took a prominent part in the foundation. His letter convening the preliminary Meeting was as follows:—

7 Hart Street, Bloomsbury Square: 8th May 1834.

Dear Sir,—Some of the following gentlemen, all of whom, as well as yourself, have received a circular from Mr. Robinson, are anxious to have a preliminary Meeting to talk over and consider the objects and prospects of the proposed Institution of British Architects, and will meet at Mr. Rainy's room, 14 Regent Street, on Tuesday

the Address setting forth the aims and objects of the proposed Institute was adopted. Endeavour was made to secure as members architects of prominent position and unimpeachable character, educated for and following their profession as an art, and free from those conflicting relations with trade which frequently existed in the early part of the century and prevented that implicit confidence on the part of the public which should enable a client to regard his architect not only as his agent, but as his friend and adviser. A second meeting, for the enrolment of members, was held on the 6th August 1834; and the Council, elected by ballot on the 3rd December following, and consisting of Messrs. Robinson, Kay, and Gwilt as Vice-Presidents, Messrs. Donaldson and Goldicutt as Hon. Secretaries, and Messrs. Barry (afterwards Sir Charles Barry), Basevi, Decimus Burton, Fowler, Philip Hardwick, Kendall, J. B. Papworth, and Rhodes, met for the first time on the 10th December at the Thatched House Tavern. A few weeks afterwards the Earl de Grey was elected President. The junction of the Architectural Society with the Institute was effected in 1842.

The Opening General Meeting of the Institute was held on the 15th June 1835. The President's Address, with that afterwards delivered by Professor Donaldson, will be found in the Institute Transactions. Sir John Soane, Professor of Architecture at the Royal Academy, evinced his sympathy with the newly established body by giving a donation of £750 for such purposes as might appear most conducive to its advantage.

The Royal Charter was granted by King William IV. on the 11th January 1837. On the 8th August of the same year Queen Victoria became Patron, and was subsequently associated with the Prince Consort, who at all times manifested his interest in the Institute's proceedings, on one occasion, in 1842, acting as Chairman of the Council Meeting and afterwards presiding

at the General Meeting.

A further and lasting mark of the Royal favour was shown in 1848 by the foundation by Queen Victoria of the Royal Gold Medal, since annually conferred by the Sovereign on some distinguished architect, or man of science or letters connected with architecture, on the recommendation of the Institute.

On the 18th May 1866 by Royal command the style of the Institute was altered to the "Royal" Institute of British Architects.

King Edward VII., Patron from 1863 till his death in 1910, continued

the presentation of the Annual Gold Medal.

His present Majesty King George V., on his accession to the Throne, graciously intimated his pleasure to continue the Royal Patronage and the presentation of the Gold Medal.

In 1887, in order to bring the powers of the Institute more into line with the work it aspired to accomplish, and to render the fact of membership to a certain extent a test of proficiency, the Supplemental Charter of the

evening next, at half-past seven o'clock, when the favour of your attendance is earnestly desired. The chair will be taken at eight o'clock precisely.—I am, my

dear Sir, yours very faithfully,

The names appended were Messrs. Atkinson, Barry, Basevi, Bellamy, Blore,
Decimus Burton, Cresy, Fowler, Goldicutt, Gwilt, Hardwick, Kay, Kendall, Lee, Papworth, Parker, Sir John Rennie, Rhodes, Robinson, Seward, Taylor, and Wallen. The italics denote those who attended.

50th Victoria conferring among other privileges power to hold examinations and issue certificates or diplomas, was granted, the document receiving the Royal Sign Manual on the 28th March 1887.

A further Supplemental Charter (8th Edward VII.), granted 11th January 1909, provided for a temporary class of Licentiates to be elected by the Council, made fresh provisions respecting the qualifications of candidates for Fellowship and the granting of diplomas, and extended the educational functions of the Institute.

In 1924 the proposals of the Council for the amalgamation of the R.I.B.A. and The Society of Architects with a view to the unification of the profession and the promotion of a Registration Bill were approved by the general body of the R.I.B.A. and by The Society of Architects.

The Supplemental Charter enabling the amalgamation agreement to be carried into effect received His Majesty's sanction in February 1925. Among other important provisions the new Charter also enabled Licentiates to be constituted as full corporate members, gave equal voting rights to all Fellows, Associates and Licentiates, and entitled them to use the title "Chartered Architect." It further provided for the formation of a non-corporate class of subscribers, and gave the Council power to take a Referendum on important issues.

The new Bye-laws were approved at a meeting of the Privy Council on the 4th March 1925, and among certain other improvements in the machinery of the R.I.B.A. provided for the reconstitution of the Council, so as to secure representation for all sections of membership and for the Allied Societies.

Following on the completion of the provisions of the amalgamation agreement The Society of Architects went into voluntary liquidation in June 1925, and thereupon property of the value of over £10 000 was transferred to the R.I.B.A. This included the Society's leasehold premises at No. 28 Bedford Square, and invested funds amounting to £4.588, of which £3,263 was earmarked for developing and maintaining architectural scholarships.

In 1928 proposals were formulated for obtaining the sanction of the Privy Council to the reopening of the Licentiate Class under the same conditions of admission as existed in 1910–1912, and for certain reforms in the method of government of the R.I.B.A.

Extensive alterations in the existing Bye-laws were necessary in order to bring the proposals into effect, and in June 1929 draft revised Bye-laws embodying the proposals were approved, under the provisions of the Supplemental Charter of 1925, by a postal vote of all the members in the United Kingdom and the Irish Free State, and the revised Bye-laws were sanctioned by the Privy Council on the 2nd July 1930.

Further minor amendments to the Bye-laws were considered in 1930, including provision for the formation of a Class of Retired Associates and Retired Licentiates. These amendments were approved by the Privy Council on the 23rd February 1931.

The Registration Bill was passed in the Parliamentary Session of 1930-1931, and the Royal Assent was given on 31st July 1931. The Act takes effect on 1st January 1932.

#### THE INSTITUTE PREMISES.

The first rooms of the Institute, engaged early in 1835, were at 43 King Street, Covent Garden, better known as Evans's Hotel, a building said to have been designed by Inigo Jones, and immortalised by Thackeray in The Newcomes, in the description of "The Cave of Harmony." In 1837 rooms were taken at No. 16 Grosvenor Street, where for twenty-two years the work of the Institute was carried on. The necessity of acquiring larger and more convenient premises led eventually to the formation of the Architectural Union Company, which was established, in the terms of its articles of association, "for the purpose of providing accommodation for the different societies connected with architecture, and especially for the Royal Institute of British Architects and the Architectural Exhibition." Charles Barry was Chairman of the Company, Mr. (afterwards Sir William) Tite, Deputy Chairman, and a number of prominent members of the Institute were Directors. The then President, the Earl de Grey, presented to the Institute twenty shares in the Company free of all further calls. Architectural Union Company, having purchased the property No. 9 Conduit Street, constructed the Galleries (afterwards known as the Conduit Street Galleries, and later as the Maddox Street Galleries) at the rear of the house. The Institute was assigned the entire suite of apartments on the principal floor (the present Library rooms), with separate staircase, a large room for casts, models, etc., and apartments for an attendant in the basement and upper floors. The premises were formally opened by Earl de Grey on the 7th November 1850.

In 1890 the Institute took over the ground-floor and basement, now used as the Secretary's offices, and in 1897 acquired the second floor, where are now located the Library store-rooms, and rooms for clerks and typists.

In 1909 the Institute secured the leasehold interest in the Galleries which the then tenants held from the Architectural Union Company, and entered into possession of the entire building. At this date also, the Institute holding a considerable number of shares in the Company, advantage was taken of an opportunity to acquire the remainder, and in 1910 the Institute became tenant of the property under a lease held direct from the Corporation of the City of London, renewable on the periodical payment of a nominal fine. Under the Law of Property Act 1922, the perpetually renewable lease became a lease for 2,000 years as from 25th March 1922 and the fine commuted by the payment of a small additional rent.

In 1922 the freehold of a piece of land adjoining the Maddox Street Corridor was purchased, and the reconstruction of the Great Gallery with a separate corridor from the Conduit Street Entrance direct to the enlarged East Gallery was completed in 1924.

In order to increase the value of the premises, it was considered advisable to secure the freehold of those portions of the property not already held by the Institute. Negotiations with the City Corporation were completed and the freehold purchased in 1931.

Of the three Galleries in the rear of the building, the Great Gallery is used for General Meetings and, with the East Gallery, for the Examinations and for exhibitions of drawings, etc. The West Gallery, which contains

the fine collection of portraits of Past Presidents, the work of eminent contemporary artists, serves as a Members' Common Room.

With a view to the further and much-needed extension of premises the Council purchased in 1921 the Corporation leasehold of the adjoining building in Conduit Street, No. 10. The freehold of these premises was also purchased in 1931.

In 1925 the premises of the late Society of Architects at No. 28 Bedford Square came into the possession of the Institute, and the work of the Registration Committee was conducted there. In 1928 the lease was sold to the Architectural Association.

In order to provide sufficient accommodation for the ever-growing activities and expansion of the Royal Institute it became necessary to look for a fresh site on which to erect an entirely new building. After an exhaustive examination of a very large number of possibilities an admirable site on the corner of Portland Place and Weymouth Street was selected, and in 1929 negotiations were satisfactorily conducted with the Howard de Walden Estate whereby an area of about 15,000 square feet has been secured on a 999 years' building lease.

The selection of the Architect of the new building will be determined by means of a competition open to all members of the R.I.B.A. and of the Allied Societies.

#### THE COUNCIL DINNER CLUB.

The Council Dinner Club was founded during the presidency of the late Mr. Charles Barry (1876-79), to give Members of Council an opportunity of dining together in the interval between the close of a Council Meeting and the opening of a General Meeting of the Institute. All Members of the Council for the time being and past Members of Council are eligible for membership. One of the functions of the Club is to entertain overseas architects of distinction visiting England, readers of Papers at General Meetings, and others whom the Institute would desire to honour. The Club is entirely self-supporting.

# THE R.I.B.A. TRAVELLING CARDS.

Members, Students, and Probationers R.I.B.A. can obtain from the Institute a travelling card, or credential for travel abroad, available for a stated period. Persons requiring the cards for use in Italy must have them vise'd by the Italian Consul of their district. Cards are also available for use in the United Kingdom. Applications for the cards must be made in writing to *The Secretary R.I.B.A*. at the Office of the Institute; and in the case of non-members, the application must be accompanied by a letter from a member.

# REGULATIONS GOVERNING THE MEASUREMENT OF PUBLIC BUILDINGS AND MONUMENTS IN EUROPEAN COUNTRIES.

France.—A special permit must be obtained from the Direction des Beaux-Arts, Commission des Monuments Historiques in France. An application for a special permit must be accompanied by a letter from the British Embassy in Paris, to which the R.I.B.A. Travelling Card should be produced.

Austria.—The Federal Monuments Committee, 1, Auerspergstr., Vienna VIII, will render every assistance to holders of the R.I.B.A. Travelling Card by giving letters of introduction to the responsible authorities.

BELGIUM.—Students should apply for permission to the Town Council of

the town in which they wish to pursue their studies.

SWEDEN.—Public buildings may be sketched and measured without any

special permission from the authorities.

GERMANY.—Students should apply to the British Embassy in Berlin for letters of introduction to the Ministry of Art who grant the necessary permits.

DENMARK.—Students should apply for permits to the Department of

Public Instruction at Copenhagen.

SWITZERLAND.—Students should apply for permits to the Town Council

of the town in which they wish to pursue their studies.

HOLLAND.-Students should apply to the Commission of Care for Monuments, The Hague, which will render every assistance to holders of

the R.I.B.A. Travelling Card.

ITALY.—(A) The Department of Antiquities and Fine Arts, Rome, grants free passes to students permitting them to visit, free of charge, institutes of antiquities and arts. In order to obtain this free pass the student must produce a letter certifying that he is a bona fide student of Architecture (this letter is not returned). If it is desired to obtain this pass application should be made before leaving England.

(B) The student who wishes to sketch, measure or photograph should obtain a letter of permission from the Director of Monuments in the particular district in which he happens to be working. The British Consul in the district will furnish a letter to transmit to the local Director upon production

of the R.I.B.A. Travelling Card.

Spain.—Students should apply for permits to the Department of Fine Arts. Madrid, and should state in their applications:

1. The names of the monuments they desire to study.

2. The kind of work they wish to carry out.

3. The number of students in the tour.

4. By whom they are accompanied (where applicable).

HUNGARY.—There are no formalities, but students are advised to apply for permits from the Commission of Historical Monuments, Budapest.

GREECE.—Students are advised to make application for permission to study antiquities in Greece to the Director of the British School at Athens, Rue Spefsippe, Athens, Greece.

If the application is made between June and November it should be addressed to the Director of the British School at Athens, 50 Bedford Square,

London, W.C.

Students should be prepared to produce other evidence of identity, e.g., their passports.

# ASSESSORS IN COMPETITIONS.

Members of the Institute who have been requested to act as Assessors subsequent to the conditions of the Competition having been drawn, should obtain a copy of the conditions and consider their conformity with the Regulations issued by the Royal Institute, and should also notify the Secretary of the Institute that they have been asked to act.

#### REGISTER FOR ASSISTANTS SEEKING EMPLOYMENT.

This Register, kept at the office of the Institute, contains applications for varieties of work connected with the profession. The Book is always open to architects' assistants, improvers, pupils, and clerks-of-works; also to young architects desirous of becoming known to members of the Institute through their drawings or other work. Applicants desirous of being registered should give the following particulars:—(1) name and address; (2) age; (3) salary per week; (4) qualifications; (5) references. On obtaining an engagement the applicant should at once inform the Secretary, in order that the fact may be noted in the Register.

Architects, whether members of the Institute or not, will be furnished on application with the names and addresses of persons desiring employment as assistants, improvers, or clerks-of-works, as the case may be. Architects applying for assistants should give the following particulars of their requirements:—(1) whether temporary or permanent engagement; (2) junior or senior assistants; (3) particulars of duties and style of work;

(4) salary offered.

## OVERSEAS APPOINTMENTS.

Members contemplating applying for appointments overseas are recommended to communicate with the Secretary R.I.B.A., who will supply them with any available information respecting conditions of employment, cost of living, climatic conditions, etc.

# REGISTER OF ARCHITECTS WILLING TO TAKE RECOGNISED SCHOOLS STUDENTS IN THEIR OFFICES.

On the recommendation of the Board of Architectural Education, the Council have decided to establish at the office of the R.I.B.A. two registers:

(1) A register of advanced students of recognised schools.

(2) A register of the names of architects willing to take such students.

The intention is in this way to assist advanced students up to the stage of the completion of their qualifications for exemption from the Final Examination; one of the qualifications for exemption from the Final Examination being twelve months' experience in an office during the fourth and fifth years of the school course.

The Council hope that general use will be made of the registers, and that as many architects as possible will place their names upon the register.

## THE SUPPLEMENTAL CHARTER 1909.

Edward the Seventh, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas King Defender To all to whom THESE PRESENTS of the Faith. COME GREETING: SHALL Whereas His late Majesty King William IV. did by Royal Charter of Incorporation (hereinafter called the Original Charter) dated the eleventh day of January One thousand eight hundred and thirty-seven grant and declare that Thomas Philip Earl de Grey and such other persons who were then members of the Society therein mentioned or who should at any time afterwards become members thereof should form one body politic and corporate for the purposes recited in the Original Charter under the name of The Institute of British Architects with perpetual Succession and a Common Seal. whereas the Original Charter contained further provisions for the constitution and management of the said Institute and its affairs. And whereas on the eighteenth day of May One thousand eight hundred and sixty six Her late Majesty Queen Victoria was graciously pleased to command that the said Institute should thenceforth be styled THE ROYAL INSTITUTE OF BRITISH ARCHITECTS (hereinafter called the Royal Institute). End whereas Her said Majesty did by Her Royal Charter dated the twenty-eighth day of March One thousand eight hundred and eighty-seven (hereinafter called the Supplemental Charter of 1887) grant declare and ordain that certain provisions of the Original Charter should be repealed and that the Royal Institute and the property thereof should be thenceforth administered in conformity in all respects with the Supplemental Charter of 1887 and the Bye-laws made or to be made thereunder. And whereas a Humble Petition has been presented to Us on behalf of the Royal Institute setting forth among other things that it is expedient to make such provision in regard to the election of Licentiates of the Royal Institute and in regard to the qualifications for Fellowship of the Royal Institute and in regard to the certificates of membership of the Royal Institute and in regard to the educational functions of the Royal Institute as hereinafter contained. How THEREFORE We having taken the said Petition into our Royal consideration and being desirous of furthering the Gracious intent of our Royal Predecessors and of promoting the advancement of the interests of the Royal Institute have willed granted and declared and We by Our

Prerogative Royal and of Our Especial Grace certain knowledge and mere motion by these presents for Us and Our Royal Successors do will grant declare and ordain as follows (that is to say):—

\*I. THE Council of the Royal Institute shall elect Licentiates of the Royal Institute in manner to be provided by Bye-laws. Licentiates shall be architects who have attained the age of thirty years and either (a) have been engaged as principals for at least five successive years in the practice of architecture or (b) have been engaged for at least ten successive years in the practice or the study of architecture. Unless otherwise determined by resolution of a General Meeting of the Royal Institute confirmed at a subsequent General Meeting held not less than seven nor more than twenty-eight days after the former meeting no person shall be elected as a Licentiate after the expiration of twelve months from the date of the coming into force of the first bye-laws relating to Licentiates. A Licentiate shall be entitled to obtain a certificate of his election as a Licentiate subject to such conditions payments and obligations as the bye-laws of the Royal Institute may from time to time prescribe and on ceasing to be a Licentiate shall on demand deliver back to the Council his certificate of election as a Licentiate. A Licentiate may use after his name the affix "Licentiate R.I.B.A." A Licentiate shall not be a corporate Member of the Royal Institute nor shall he have any interest in or claim against the property of the Royal Institute nor be entitled to vote at any meeting of the Royal Institute nor shall he be entitled to be present at or take part in the transaction or discussion at any General Meeting of any business relating to the Charter or the Bye-laws or the making adopting altering suspending or rescinding of any Bye-law but save as aforesaid he shall be entitled to be present and take part in the discussions at meetings of the Royal Institute. Subject to the provisions of this Our Charter bye-laws shall define regulate and prescribe the conditions and mode of election of Licentiates and the payments to be made by them and their privileges obligations and advantages.

†2. AFTER the date of this Our Charter no person shall save as hereinafter provided be admitted a Fellow of the Royal Institute unless he shall at the time of admission be

Any such charge shall be entertained, considered, and determined by the Council only, but the Council shall have power to appoint a committee of not less than three of their own body to investigate it and to report to them thereon. Should the Council find prima facie grounds for further proceedings, the Secretary shall send, in a registered letter to the member against whom the charge is preferred, a statement of the charge, calling upon him to answer such charge in writing within fourteen days of the date of such letter, and, at their discretion, to appear in person before a meeting of the Council, or of a Committee of the Council. In default of the member's compliance with the request in such letter, or if his explanation be in the judgment of the Council unsatisfactory, the Council shall have power to decree the reprimand of such member, his suspension for such period as the Council may determine, or his expulsion. No member shall be suspended or expelled unless the Council so decide by a majority of at least two-thirds of those present, and in any case by the vote of at least twelve of those present. If they so decide, the member shall be suspended

or expelled, and cease either temporarily or permanently, as the case may be, to be a member as from the date of the Council's decision; and the Secretary shall thereupon communicate the fact by registered letter to such member. In any case of such suspension or expulsion the fact shall, unless the Council otherwise decide, be recorded in the JOURNAL of the Royal Institute, and published in such newspapers as the Council may determine, and the members concerned shall be deemed to have consented to such record and publication. During the period of suspension the member shall not be entitled to use the title "Chartered Architect," or the affix of the class to which he belongs, nor shall he be entitled to the use of the Library, attendance at Institute meetings or right of voting, and his name shall not be printed in the list of members in the KALENDAR during the period of his suspension and he shall return his Diploma for such period. Before any member so suspended is reinstated the Council shall consider any further complaints as to his professional conduct during his period of suspension, and if not deemed satisfactory may decree a further period of suspension or his expulsion; in either case the above procedure of announcement and publication shall again Provided always that, should any facts be subsequently brought to the knowledge of the Council which in their opinion shall justify them in rescinding their previous decision in respect of such suspension or expulsion. they shall have power to do so with the concurrence of at least the number of votes required for the suspension or expulsion as herein provided, and in such case the Chairman at the next General Meeting shall announce the decision of the Council to the members present, and they shall publish such decision in the JOURNAL and the newspapers as before provided.

Eligibility of Past Presidents.

Eligibility to serve on the Council as Ordinary, Associate, or Licentiate Member.

Annual retirement from office of Members of Council.

32. No past President serving on the Council under Clause (b) of Bye-law 28 shall be eligible to serve for more than three successive years.

33. Any Fellow shall be eligible to serve as an Ordinary Member of Council and any Associate shall be eligible to serve as an Associate Member of Council, and any Licentiate shall be eligible to serve as a Licentiate Member of Council provided, however, that no Member shall be eligible to serve on the Council as a representative of the same class

of Membership for more than six consecutive years.

34. On the last day in June of each year the following Members of Council shall retire, that is to say the President, all the Vice-Presidents, the Honorary Secretary, both the past Presidents, all the representatives of Allied and other Societies nominated under Bye-law 28 (c) to (f) inclusive, such number of Ordinary Members of Council as will leave twelve non-retiring Ordinary Members of Council, such number of Associate Members of Council as will leave six non-retiring Associate Members of Council, and such number of Licentiate Members of Council as will leave two-thirds of the full quota for the time being of such Members as non-retiring Licentiate Members of Council; but except as provided in Bye-laws 29 to 33 the retiring Members of Council shall be eligible for re-nomination and re-election as Members of Council. Of the Ordinary Members of Council the Associate Members of Council and the Licentiate Members of Council the retiring Members shall be those who have at that time been continuously in office as Members of Council of the class which they represent for the longest period, and in cases of equality in the duration of such office of two or more such members the member or members to retire shall be the member or members who received the lowest number of votes at his or their election.

Method of election of Council and duration of office. 35. Two weeks prior to the Annual General Meeting in May, the Council shall issue to every member in the United Kingdom or the Irish Free State entitled to vote thereon a list of members whom they nominate to fill the vacancies which on the last day of June following there will be on the Council. Such list shall contain the names of at least that number of Fellows as will exceed by two the number of such vacancies among the Ordinary Members of Council and that number of Associates as will exceed by two the number of such vacancies among the Associate Members of Council and that number of Licentiates as will exceed by one the number of such vacancies among the

Licentiate Members of Council as nominated for election as Ordinary Members of Council, Associate Members of Council and Licentiate Members of Council respectively. Any seven or more members may nominate any other candidate for any of the offices named in Bye-law 28 (a) by delivering such nomination to the Secretary before the close of the Annual General Meeting, accompanied by a written undertaking by the nominee to serve if elected. The name of every candidate so nominated shall be added to the said list, which, with such added names (if any), shall be the voting list for the election. The names of all candidates for election shall be printed in the same type, and in alphabetical order. On this list shall be printed directions for its use by the members; and any list which fails to comply with such direction shall be rejected by the Scrutineers, and the votes shall be lost. The Scrutineers, who shall be appointed by the Council, shall have the direction of the election, their decision on any matter relating thereto being final, and five of them shall be a quorum. The voting list shall be issued to all members in the United Kingdom or the Irish Free State, entitled to vote thereon not less than ten days after the Report of the proceedings at the Annual General Meeting and the discussion of the Annual Report have been published in the JOURNAL. With the voting list there shall be issued a printed list of the attendances of each member of the Council or of any Standing Committee during his term of office then current and any special circumstances which may have prevented any member from attending shall be noted thereon at the request of such member. No other document or communication besides the voting list with direction as aforesaid, the list of attendances and an envelope in which the voting list is to be returned shall be issued with or in connection with the voting list. The voting list shall be returned to the Secretary at least seven days before the General Meeting in June, folded and enclosed in a sealed envelope, bearing on the outside the signature and Royal Institute serial number of the member voting. The Scrutineers shall as soon thereafter as may be convenient be summoned by the Secretary to meet at the premises of the Royal Institute and at such meeting he shall deliver to them the said envelopes. They shall then proceed to open the said envelopes and take the voting lists therefrom, without unfolding them, adopting such measures as in their discretion they shall deem fit to prevent the identification of the voters. The Scrutineers shall then open the said voting lists

and count the votes, and shall report the result to the first General Meeting in June. The members who receive the most votes shall be declared to be elected at the said first General Meeting in June to the respective offices for which they were nominated, and shall enter upon their respective duties from the first of July following. In the event of an equality of votes for the President or Honorary Secretary or for the last place of the four Vice-Presidents or of the number of Ordinary Members of Council, Associate Members of Council or Licentiate Members of Council to be elected, the election of the candidates so receiving such equality shall be determined by ballot of the members present having the right to vote and voting. The Members of Council so elected together with the non-retiring Members of Council shall form the Council which shall remain in office until the last day of June in the year following.

Death or resignation of President.

36. In the event of the death or resignation of the President, the Secretary shall forthwith forward to every member of the Council a notice thereof, and at a regular meeting of the Council held not less than fourteen days after the date of such notice, the Council shall elect one of the existing Vice-Presidents to fill the vacant office until the next Annual Election of Members of Council, and the Vice-President so elected shall forthwith enter on his office.

Death or resignation of Honorary Secretary. In the event of the death or resignation of the Honorary Secretary, the Secretary shall forthwith forward to every member of the Council a notice thereof, and at a regular meeting of the Council, held not less than fourteen days after the date of such notice, the Council shall elect one of their members to fill the vacant office until the next Annual Election of Members of Council, and the member so elected shall forthwith enter on his office.

Death or resignation of Members of Council.

In the event of the number of any class of Members of Council being reduced by death, resignation, or otherwise, below one-half of the full number prescribed in Bye-law 28 (a), the Council shall issue to every member within the United Kingdom or the Irish Free State entitled to vote thereon a notice thereof containing the names of such Fellows, Associates or Licentiates, as the case may be, as they nominate for the vacant offices. Within two weeks of such issue, any twelve members may nominate to the vacant offices any other Fellows, Associates or Licentiates by forwarding their names to the Secretary, accompanied by a written undertaking by the nominees to serve if elected. The Council shall, within one further week, issue to every member entitled to vote thereon a voting list for the election.

Such lists shall be returned to the Secretary within one week thereafter. The Council shall appoint Scrutineers, and the Scrutineers, whose decision shall be final, shall count the votes, and report the result to the next Private Business Meeting of the Royal Institute, or, if no such meeting be held within one month of the said return, then to a Special General Meeting to be convened for that purpose. The form of voting list and the mode of procedure shall be similar to those provided in the case of the Annual Election. The Members of Council so elected shall enter forthwith on their respective offices.

In the event of the death or resignation of a representative of an Allied Society who is a member of the Council under the provisions of Bye-law 28 (c) the Allied Society concerned shall have the right, subject to the provisions of the said Bye-law, to nominate another representative in his place.

The President, Honorary Secretary, and Members of Council appointed as herein provided shall remain in

office until the last day in the following June.

37. The Council shall meet at the premises of the Royal Meetings and stitute at least once in every month during the Section quorum. institute at least once in every month during the Session. Ten Members of the Council shall form a quorum. The President or any five Members of the Council may, by letter to the Secretary, require an Extraordinary Meeting of the Council to be called within seven days after the receipt of such letter by the Secretary.

38. As regards all matters which, under the provisions of the Bye-laws in force in the year 1928, were decided by the vote of a General Meeting, the Council shall by notice in the JOURNAL inform the General Body of the decisions which they propose to take, and shall invite comments or criticisms upon them within fourteen days of the issue of the JOURNAL. Such comments or criticisms if received by the Council within fourteen days of the issue of the Journal

shall be considered by the Council, and the Council's final

decisions shall be published in the JOURNAL.

39. Any notice or other document required by the Charter Issue of or the Bye-laws to be given to members may be a written or printed notice, and may be sent to Members either separately or in or with, or if printed may be printed under the heading of "Notices," as part of the next issue of the JOURNAL of the Reyal Institute, as the Council may direct, and any notice shall be deemed to have been duly sent to a Member when such notice or the JOURNAL in which it is sent or printed, addressed to the last address of the Member

appearing in the KALENDAR of the Royal Institute, has been

put into the post or otherwise despatched.

40. No notices or other documents other than those necessary for the usual conduct of the business of the Institute shall be issued to the various classes of Members save those directed to be so issued by the Charter or Byelaws or by Resolution of the Council, except that in case of emergency the President shall have power to issue any notice he may think fit, provided that he report his action to the Council.

Power to determine the appointment of officers and servants.

41. Any appointment by the Council of the Secretary, or other officer or servant of the Royal Institute, shall reserve to the Council the right to terminate such appointment on giving such notice, not exceeding six months, as may be fixed by the Council at the time of the appointment, and no appointment without such reservation shall be valid.

Annual

42. The Council shall present a report on the state of the Report,
Balance Sheet property and affairs of the Royal Institute to the Annual and Estimate. General Meeting, which report shall give an abstract of the proceedings during the official year, an account of the funds (including a balance-sheet of the receipts and disbursements for the past year properly audited), and an estimate of the income and expenditure for the current year. A copy of the report shall be issued to every subscribing member within the United Kingdom or the Irish Free State at least one week before the Annual General Meeting.

Investment of moneys.

43. The Council shall, unless otherwise directed by any deed or trust, have the power to invest any entrance fees, surplus income, funds, donations, or endowments, in such securities as trustees are permitted by the High Court of Justice to invest in, and in the stock or shares of the Architectural Union Company (Limited); and such investments shall form part of the property of the Royal Institute.

Banker.

44. All money belonging to the Royal Institute and not invested shall be deposited by the Council, on account of and for the use of the Royal Institute, with a Banker in London or Westminster.

Payments.

45. No sum of money exceeding f 10 shall be paid on account of the Royal Institute except by a cheque of the Council, signed by three members thereof, and countersigned by the Secretary or other officer nominated by the Council.

Use of the Common Seal.

46. The Common Seal shall not be affixed to any deed or writing except at a meeting of the Council, and then only by their authority; and such deed or writing shall after the Seal has been affixed be signed by the President or the Chairman of the Meeting, by two other Members of Council present, and by the Honorary Secretary, or in his absence by another Member of Council, and countersigned by the Secretary. Every use of the Seal shall be recorded in the Minutes.

#### III. THE AUDITORS.

47. The Royal Institute shall annually elect as Auditors two Members, not Members of the Council. Candidates shall be nominated for the office at the Annual General Meeting, and their names shall be appended to the list of the Council nominated for election. The Auditors shall have access at all reasonable times to the accounts and securities. They shall examine the securities and the annual accounts before the latter are submitted to the Annual General Meeting, and shall report thereon to the Royal Institute. In the event of the decease or resignation of an Auditor, another member of the Royal Institute shall be elected to the office by Resolution of the Royal Institute after notice given.

## IV. THE SECRETARY.

48. The Council shall appoint an officer who shall be "The Secretary of the Royal Institute," and who shall be responsible to the Council, and, subject thereto, shall have the management of the establishment and the conduct of the executive business of the Royal Institute.

## V. EDUCATION AND EXAMINATION IN ARCHITECTURE.

49. The Council shall annually appoint a Board of Board of Architectural Education to deal with the education of Architectural Education. students in architecture, and to conduct by Examiners approved by the Council such examinations as are required by the Royal Institute under the provisions of any Act of Parliament or of the Charter and Bye-laws. The Board shall consist of the President, who shall be an ex-officio member, and of such subscribing members of the Royal Institute and such other persons as the Council may invite. The Council may on the advice of the Board invite other representative persons to act as advisory members of such Board. The Board shall have power to elect its own officers from its members and to draw up regulations for its procedure. The Board may conduct its own correspondence, but shall take no public action nor incur any pecuniary responsibility. The Board shall submit any scheme they may devise for education and examination to the Council for their consideration; and if and when the Council shall approve such scheme the Board shall have the supervision

thereof, and shall annually report to the Council thereon, and may submit any suggestions for variations thereof to the Council for their consideration.

The scheme adopted by the Council and any variation thereof adopted by the Council from time to time shall be forthwith published in the JOURNAL of the Royal Institute. No such variation shall in any way prejudice any student in respect to any work done by him under the scheme existing previous to such variation.

## VI. ORDINARY COMMITTEES.

50. The Council shall have power to appoint Boards and Committees, for the purpose of dealing with specific subjects connected with the objects of the Royal Institute; and the reports of such Boards or Committees shall be submitted to the Council in writing. Such Boards or Committees may respectively appoint one of themselves to act as Chairman and one or more as Honorary Secretary.

## VII. THE STANDING COMMITTEES.

51. There shall be Standing Committees for the promotion of the art, science, literature, and practice of the profession of Architecture and they shall be appointed annually.

- 9. The whole surplus assets of the Society remaining after payment or providing for the payment of all debts and liabilities of the Society and the whole expenses of winding up and dissolution shall be applied in manner provided by Clause 8 of the Memorandum of Association and nothing in this Agreement contained shall be deemed to prevent the Society from dealing with its property and assets before winding up in such manner as the Society shall think fit.
- 10. The Society undertakes that after this Agreement has become absolute it shall not admit any new candidate for membership provided that this clause shall not prevent the Society from admitting a new candidate for membership and proceeding with his election where the application for such membership is pending when this agreement becomes absolute.
- rr. The Royal Institute shall at the time of the execution of this agreement execute an agreement with Charles McArthur Butler and an agreement with Christian Barman in the terms of the two draft agreements already prepared and which for the purpose of identification have respectively been subscribed by Mr. Leonard Tubbs and Mr. Hudson Lyall.
- 12. The Royal Institute also undertakes to provide employment or reasonable provision or compensation for such other members of the Society's clerical and establishment staff as may be willing to transfer their services to the Royal Institute.
- 13. This Agreement is provisional and subject to ratification by the Royal Institute and the Society respectively in General Meeting and as regards the Society by Special Resolution provided however that if it be not so ratified by both bodies on or before the Thirty-first day of December One thousand nine hundred and twenty four it shall be lawful for either party by notice in writing to the other to rescind this Agreement and thereupon the same shall be absolutely void and of no effect. Such general meeting of the Society shall not be convened until after this agreement shall have been ratified by the Royal Institute in general meeting.
- 14. In so far as the obligations and undertakings of the Royal Institute hereunder cannot be fulfilled except after or by means of some alteration or alterations in the Charters or Bye-laws of the Royal Institute or both the Royal Institute undertake to make all necessary applications and to take all such other reasonable steps as may be required in order to obtain such alteration or alterations and a Supplemental Charter with the consent of the Privy Council as may be necessary to enable the Royal Institute to fulfil their said obligations and undertakings but provided the Royal Institute complies with this Clause of this Agreement the Royal Institute shall not be held responsible for the consequences of such Supplemental Charter or

such consent of the Privy Council being thereafter delayed or refused. The form of all such alteration or alterations and Supplemental Charter shall in all respects be subject to the approval of the Council of the Society. The Royal Institute shall facilitate in every reasonable way the Society being represented before the Privy Council.

15. As regards those provisions of this Agreement which are expressed to be subject to this agreement becoming absolute it is hereby declared that this Agreement shall as regards such provisions become absolute if and when the alteration or alterations and the Supplemental Charter referred to in clause 14 hereof have been obtained in a form approved by the Council of the Society. If they shall not have been so obtained by the Thirty-first day of March One thousand nine hundred and twenty five it shall be lawful for either party by notice in writing to the other to rescind this Agreement and thereupon such Agreement so far as the same shall remain unperformed shall be void and of no effect.

IN WITNESS whereof the Royal Institute and The Society of Architects have hereunto caused their respective Common Seals to be hereunto affixed the day and year first above written.

# CODE OF PROFESSIONAL PRACTICE

[As revised 6th July 1931]

An Architect in practice, if a Member of the R.I.B.A., is governed by established customs accepted and observed by the architectural profession, and more particularly by the Charter and Bye-laws of the Royal Institute which render him liable in the case of unprofessional conduct to reprimand, suspension or expulsion at the discretion of the Council.

The following may be considered to record in a general way the practice of architects and also to indicate a standard of conduct in any special cases

not specifically referred to therein.

- 1. An Architect is remunerated solely by his professional fees and is debarred from any other source of remuneration in connection with the works and duties entrusted to him. It is the duty of an Architect to uphold in every way possible the Scale of Professional Charges adopted by the Royal Institute. An Architect must not accept any work which involves the giving or receiving of discounts or commissions, nor must he accept any discount, gift or commission from contractors or tradesmen, whether employed upon his works or not.
- 2. If an Architect own, or have a commercial interest in, any material, device, or invention used in building, he must inform his client thereof, and must obtain his sanction before permitting it to be used in works executed under his direction.
- 3. An Architect must not advertise nor offer his services by means of circulars or otherwise. He may, however, sign his buildings when completed, publish illustrations or descriptions of his work, and exhibit his name outside his office and on buildings in course of execution, including those where he is acting as Architect for alterations and additions, provided it is done in an unostentatious manner, and the lettering of his name does not exceed two inches in height. With the client's approval, any such boards may remain for a period not exceeding two months after the completion of the building, provided they do not display "to let" or "for sale" or similar notices, but they may indicate that the plans can be seen at the Architect's office. Architects who are surveyors to recognised estates may announce land or sites or premises for sale or letting in connection with their appointments or when they are acting as Architects for the development of land or sites.
- 4. An Architect must not attempt to supplant another Architect, nor must he compete with another Architect by means of a reduction of fees or by other inducement.
- 5. An Architect, on receiving instructions to proceed with certain work which was previously entrusted to another Architect, shall, before proceeding with such work, communicate with the Architect previously employed and inquire and ensure the fact that his engagement has been properly terminated.
- 6. In all cases of dispute between employer and contractor the Architect must act in an impartial manner. He must interpret the conditions of a contract with entire fairness as between the employer and the contractor.

- 7. An Architect must not permit the insertion of any clause in tenders, bills of quantities, or other contract documents which provides for payment to be made to him by the contractor (except for duplicate copies of drawings or documents) whatever may be the consideration, unless with the full knowledge and approval of his client.
- 8. An Architect should not take any part in a competition as to which the preliminary warning of the Royal Institute has been issued, and must not take any part in a competition as to which the Council of the Royal Institute shall have declared by a Resolution published in the JOURNAL of the Royal Institute that Members must not take part because the Conditions are not in accordance with the published Regulations of the Royal Institute for Architectural Competitions, nor must he be associated in any way with the carrying out of a design selected as the result of a competition as to which the Council shall have declared by a Resolution published in the JOURNAL that Members must not take part.
- 9. An Architect must not act as Architect or Joint Architect for a work which is or has been the subject of a competition in which he is or has been engaged as Assessor.

An Assessor must not act as Consulting Architect, unless he has been appointed as such before the inception of the competition, nor in any other professional capacity in any matter connected with the work which has been the subject of the competition, provided always that he may act as Arbitrator in any dispute between the Promoters and the selected Architect.

If an Architect is officially approached by the Promoters for advice as to the holding of a competition with a view to his acting as Assessor, and eventually it is decided not to hold a competition but to appoint an Architect to carry out the work, the Architect originally approached in an advisory capacity is precluded from acting as Architect for the work in question.

- 10. It is desirable that in cases where the Architect takes out the Quantities for his buildings he should be paid directly by the client and not through the Contractor except with the previous consent of the client.
- 11. The businesses of Auctioneering and House Agency are inconsistent with the profession of an Architect.
- 12. An Architect must not accept an appointment in any commercial firm in which the extent of his remuneration is affected by the profits of the firm.

# THE LIBRARY

The Library of the Royal Institute of British Architects, which contains about 30,000 volumes, is probably the most complete collection of architectural books in the world. The Library also has a large collection of architectural drawings. In the early days of the Institute the Library was able to rely entirely on gifts from Members and Honorary and Corresponding Members to maintain the collection, but latterly the gifts, which still form a large part of our accessions, have been supplemented by purchases both of books of historical importance to fill gaps in the collection and of current works dealing with every side of Architecture.

It is hoped that a list of the more important desiderata may soon be compiled, so that the help of members may be enlisted in enriching the collection.

From the 1st October till the end of June the Library is open from 10 a.m. to 8 p.m. (Saturdays 5 p.m.); in July and September it closes at 7 p.m. (Saturdays 2 p.m.). The Reference Library is closed during the whole of August, but Loan books may be received or issued between the hours of 12 and 2 daily (Saturdays 1 p.m.).

All Probationers, Students, and Qualified Candidates for Associateship on registration in the books of the Institute, are furnished with a card of admission, and such card must be shown by the reader at every visit. Cards are also granted on the recommendation of members of the Institute, professors of colleges, schoolmasters, and others, who are required to certify, on a form to be obtained at the Institute, that the persons they recommend are fit to be admitted to the privileges of the Reference Library and the Loan Collection.

The Council afford facilities to architects and others, not members of the Institute, to consult books in the Reference Library and to have the use of the Loan Collection. Applications should be made in writing to The Secretary R.I.B.A. at the Office of the Institute.

# RULES TO BE OBSERVED IN THE LIBRARY.

# THE REFERENCE LIBRARY.

- r. Everyone using the Library must sign the Attendance Book placed at the entrance.
- 2. The front and back rooms are reserved for members of the Institute, but non-members are allowed access to any special books of reference there on application to the officer in charge.
- 3. No book or other work forming part of the Reference Library is allowed to be taken from the premises of the Institute, except by special resolution of the Council.
- 4. Readers desiring to trace are required to apply to the Librarian or official in charge for a form, which must be duly filled up, giving particulars of the work and specifying the portion it is intended to trace. Soft pencils only may be used in tracing. In the case of rare and other valuable works, in order to preserve the print from injury, isinglass will be supplied for the purpose of tracing.

- 5. No compasses of any kind may be applied to any of the works, and the use of ink is prohibited at any table on which rare or costly works are placed.
- 6. Readers are requested to inform the official in charge when they have sinished with any work, in order that it may be restored to its place.
- 7. Silence is necessary in the Library, and all oral communications should be conducted in an undertone.

# THE LOAN LIBRARY.

THE Library is for the use of members of the Institute, and is open to Students and Probationers and to other persons properly recommended.

From October 1st till the end of June the Library is open from 10 a.m. to 8 p.m. [Saturdays 5 p.m.]; in July and September it closes at 7 p.m. [Saturdays 2 p.m.]. The Reference Library is closed during the whole of August, but loan books may be received or issued between the hours of 12 and 2 daily [Saturdays 1 p.m.].

Not more than one volume at a time is issued to any one borrower, except by permission of the Librarian, and no volume may be retained longer than fourteen days, unless a written renewal from the Librarian has been obtained.

Application for works must be made personally, except in the case of members, students, and probationers of the Institute, who may send a written request by a person authorised to receive and sign for them.

A borrower is required to sign a voucher for each book he takes out, and is responsible for the work so long as the voucher remains uncancelled. A book will not be accepted as returned unless it be delivered by hand to the official in charge at the Library during Library hours, and the borrower's receipt obtained in exchange. In the case, however, of a member or student of the Institute borrowing through the post, his letter of request shall be countersigned by the Librarian on the day when the volume is despatched, and shall be regarded as the borrower's voucher. Volumes shall be despatched at the cost of the Institute and returned at the cost of borrowers. On the return of a book the Librarian shall at once send the member a receipt. Books due for return on days when the Library is closed must be returned on the first following day when it is open.

Application for renewal must be made personally or by postcard in sufficient time to allow of the book being punctually returned if it cannot be renewed; if renewed, a written renewal from the Librarian will be sent, which must be produced when the book is returned.

A fine of 3d. must be paid for every week or part of a week during which any volume is retained beyond the date of return stamped in the volume, or the date authorised after application for a renewal.

A borrower whose fines are unpaid will not be permitted to use the Loan Library, and, if not a member of the Institute, he will also be debarred the use of the Reference Library.

Borrowers are not to trace with ink or with a hard pencil, nor apply compasses of any kind to the works. Marking any book by writing, turning down leaves, etc., is strictly prohibited; this applies even to correction of a misprint, or to a single additional mark in a book however much previously disfigured. Infringement of this rule will render the borrower liable to suspension from the use of the Loan Library. A borrower is liable to be called upon to replace at his own expense any work lost, marked, or injured while in his possession or to pay a fine.

#### Ordinary Members of Council.

H. Chalton Bradshaw, M.ARCH. [F.].
C. Cowles-Voysey [F.].
J. M. Easton [F.].
C. Enthoven [A].
C. H. Holden [F]Secretary: F. R. Yerbury [Hon. A].

THE Architectural Association (London), founded in 1847, is carried on under the authority of the Literary and Scientific Institutions Act 1854. Its objects are to provide facilities for the study of Architecture, and to serve as a medium of friendly communication between members and others interested in the study and progress of Architecture.

The President for the time being of the Architectural Association, providing he be a Fellow or an Associate of the Institute, is annually nominated as a member of the Council of the Royal Institute of British Architects.

The work of the Association is carried on at 34, 35, and 36 Bedford Square, W.C.I, where the General Meetings are also held. The Association possesses an extensive library which is available to members, arranges an annual excursion abroad and holds a continuous series of exhibitions during the winter months, of modern architecture from other countries, decoration, etc., etc. The premises at No. 36 Bedford Square are equipped as a club, where there is a dining-room, members' reading-rooms, coffee-room, etc.

A Bureau of samples of modern building materials is maintained for the use of members. The Bureau is under the direction of a special Committee and a Curator is in regular attendance.

The School of Architecture, which is under the sole control of the Council of the Association, is under the direction of Mr. Howard Robertson [F.], s.a.d.g., Principal, with Mr. Louis de Soissons, o.b.e., s.a.d.g. [F.], and Mr. Verner O. Rees [F.] as Vice-Principals, assisted by qualified masters and staff.

The School provides for five years of study, during which, as well as upon completion, students are advised to enter architects' offices as Assistants.

The aim of the School is to provide for its students not only theoretical instruction in the Design and Engineering sides of architecture, but so to arrange its curriculum that the students, during their instruction, may find ample opportunity to gain practical experience in outside work or in the offices of practising architects.

The Council of the R.I.B.A. accept the Certificate issued upon satisfactory completion of the first three years of the Day School as granting exemption from the R.I.B.A. Intermediate Examination. The A.A. Diploma, issued under satisfactory completion of the full Five Years' Course, entitles the holder to exemption from the R.I.B.A. Final Examination with the exception of the examination in Professional Practice, and on passing the examination in this subject the holder becomes eligible for nomination for Associateship of the R.I.B.A.

# THE ARCHITECTURE CLUB

THE purpose of the Architecture Club is to enlarge public appreciation of good architecture and the Allied Arts, and especially of the best work of to-day.

Members are either (a) architects, or (b) writers, or (c) persons interested in furthering good building, and membership is divided as near as may be equally among these three classes.

# THE TRIBUNAL OF APPEAL

(London Building Act, 1930)

Clerk of the Tribunal: Commander H. P. Mead, R.N.

Offices: 13 Great George Street, Westminster, S.W.1.

THE Tribunal of Appeal, as constituted under sections 196 and 199 of the London Building Act 1930, is composed of three members—one appointed by a Secretary of State, one by the Council of the Royal Institute of British Architects, and one by the Council of the Chartered Surveyors' Institution. The members are appointed for a term of five years, and are eligible for re-appointment. Appeal may be made to the Tribunal under the several sections set out in the London Building Act 1930 (20 & 21 Geo. 5, Chap. clviii), the Tribunal having power to hear the parties interested in person, or by counsel, solicitor, or agent; to administer oaths; to hear and receive evidence; to require the production of documents or books; and to confirm, reverse, or vary any decision appealed against, and to make any such order as they may think fit, also to order costs in their discretion.

When any question of *law* is involved in any appeal submitted to them, the Tribunal may, on the request of the parties, and if ordered by the High Court, or a Judge thereof, on application in a summary manner made by any party to the appeal, shall state a case for the opinion of the High Court, which shall hear and determine any such question of law, and thereupon reverse, affirm, or amend the decision of the Tribunal, or remit the matter to them with the opinion of the Court on the case stated, or make such other order as to the matter and as to the costs of the case as the Court sees fit.

Any order of the Tribunal may be enforced by the High Court as if it had been an order of that Court.

Copies of the Regulations made by the Tribunal, with the approval of the Lord Chancellor, as to the procedure to be followed in cases of appeal and as to fees to be paid to the Tribunal by appellants and others, may be obtained from the Clerk of the Tribunal on application (price 1s.).

Appeals are to be lodged (by hand) at the Office of the Tribunal, and the fee thereon paid, within the periods (if any) prescribed by the Act, and where no period is so prescribed, within the time required by the Regulations.

The Tribunal consists of the following members:-

Mr. Arnold Inman, K.C., appointed by the Home Secretary (President of the Tribunal).

Sir Banister Fletcher, M.Arch., F.S.A., F.S.I., appointed by the Council of the Royal Institute of British Architects.

Mr. Dendy Watney, F.S.I., appointed by the Council of the Chartered Surveyors' Institution.

All communications should be addressed to the Clerk of the Tribunal. All payments to be made in cash. Office hours, 10 to 4 (Saturdays, 10 to 1).

# THE BERKS, BUCKS AND OXON ARCHITECTURAL ASSOCIATION.

[Province: The Counties of Berkshire, Buckinghamshire, and Oxfordshire.]

Headquarters: University of Reading.

Hon. Secretary.

W. Austin Daft [A.], 9 New Road, Oxford.

The Berks, Bucks and Oxon Architectural Association was founded in June 1921, its objects being: (a) The advancement of architecture and the promotion and encouragement of its study and appreciation;

(b) the care and protection of the interests of the architectural profession; (c) the provision of a medium of friendly communication between its members and others interested in architecture, and of mutual assistance, by consultation, advice or mediation, in professional questions amongst architects in the three counties. The membership consists of Fellows, Associates, Students, Associate Craftsmen, Hon. Members and Retired Fellows.

(a) Fellows must be practising Architects, not combining any other business with their profession of Architecture except that of Land and Quantity Surveying or Civil Engineering, and must be Members of the Royal Institute of British Architects, must either have served Articles to Architects of recognised qualifications, or passed successfully through the Course at a "Recognised School." In any special case the Council may relax this rule.

(b) Associates must be Architects' Assistants who have been engaged at least six years in the study or practice of Architecture. Associates who are Members

of the R.I.B.A shall be eligible for election as Fellows.

Provision is made in the Bye-laws for the formation of Branches either for the whole or any of the aforesaid counties with the capital town of the county as centre, or for Districts having an important city or town for centre, as may be determined by the localities affected, subject to the Council's approval. Branches already formed are the following:-

Berks Society of Architects (98 members). Oxfordshire Society of Architects (43 members).

Bucks Society of Architects (37 members).

Each Branch has its own executive. The Council of the Association refunds to the respective Branches half the annual subscriptions received from the members of each Branch, these sums to be used for Branch working expenses. Each county may appoint four representatives on the Council, not more than two representatives to be elected from one Branch. Any Branch having a membership of more than thirty (Fellows, Associates or Students) may appoint one additional representative for every fifteen additional members above thirty. The Council meet every three months, or upon request of three Members of Council, at Reading, Oxford or Slough, as arranged by the Council. The Annual General Meeting of the Association is held either in Berks, Bucks or Oxfordshire in the month of April.

Secretary: Owen W. Thompson, F.C.A., 11 Waterloo Street, Birmingham. [Birmingham Midland 5675-5676.]

The Birmingham Architectural Association was founded in 1873 for the promotion of union and professional integrity among its several classes of members; the establishment, as far as possible, of uniformity of practice; the general advancement of architecture, and of the arts and sciences connected therewith. The Association consists of Fellows-architects who have been in practice at least three years; Associates—architects not eligible as Members, architects' assistants and pupils; Honorary Members -persons who are not architects, but interested in architecture and the allied arts; Subscribers—persons engaged in the various crafts connected with the architectural art. The Annual General Meeting is held in April. General Meetings are held fortnightly on Fridays from the months of October to March.

Through the efforts of the Birmingham Architectural Association a School of Architecture has been founded at the Municipal School of Art, Birmingham, under the Directorship of Mr. George Drysdale [F.].

Sketching excursions are arranged for students, visits made to old buildings and to buildings in progress, and prizes offered for reports and sketches of the buildings visited. A permanent room is available for meetings, and the Library is open during the day.

# DEVON AND CORNWALL ARCHITECTURAL SOCIETY.

[Province: Devon and Cornwall. Headquarters: Exeter.]

#### Hon. Secretary.

John Challice [A.], 7 Bedford Circus, Exeter.

The Devon and Cornwall Architectural Society, formerly known as the Devon and Exeter Architectural Society, was founded in 1890. The title was altered in 1926, when rules, in accordance with those suggested by the Royal Institute of British Architects, were adopted to take the place of those formerly in force. The objects of the Society are:—

To advance the art and profession of Architecture.

To consider and safeguard matters of Professional Practice.

To maintain and uphold the code of professional charges as laid down by the Royal Institute of British Architects.

To promote and afford facilities for the study of Architecture and to serve as a medium of friendly communication between the members and others interested in the progress of Architecture.

The membership consists of Fellows, Associates, Students and Honorary Members. Fellows must be practising Architects, not combining any other business with their profession of Architecture, except those of Land and Quantity Surveying, Land Agency and Valuing and Civil Engineering, and must either have served Articles to Architects of recognised qualifications, or be Members of the Royal Institute of British Architects, or Architect's Assistants who are Associates or Licentiates of the R.I.B.A. unless the Council shall see reason to relax this rule in any special case. Associates must be Architect's Assistants over 21 years of age. Students must be Architect's Articled pupils, or day Students in any recognised Architectural School. Honorary Members must be persons who have rendered or may be in a position to render to Architecture and to the Devon and Cornwall Architectural Society such service as, in the opinion of the Council, entitle them to that distinction.

The area covered by the Society is divided into two districts, each forming a distinct branch. The branches are called "Exeter" and "Plymouth," and members may elect to belong to either branch. The centres are at Exeter and Plymouth respectively, and each branch has its own executive. Sessional Meetings are held from September to April. The Society is governed by a Council consisting of Officers elected annually and representatives nominated by the branches. The Society possesses a library for the use of members and prizes are offered annually to Associates and Students for Measured Drawings.

A School of Architecture has been established since 1928 at the Central School of Arts and Crafts, Plymouth, by the Plymouth Education Authority and the R.I.B.A. has recognised the school by exempting Students from submission of the prescribed testimonies of study for the Intermediate Examination.

President.

E. Thos. Johns [F.] [Member R.I.B.A. Council].

Hon. Secretaries.

E. W. B. Scott [F.], 23 Tombland, Norwich. Miss Hilda Mason [A.], North Cottage, Felixstowe

The East Anglian Society of Architects was founded in 1929. It is an amalgamation of the two existing bodies, the Norfolk and Norwich Association of Architects, and the Suffolk Association of Architects.

# NORFOLK AND NORWICH ASSOCIATION OF ARCHITECTS.

[Province: Norfolk. Headquarters: Norwich]

Hon. Secretary.

E. W. B. Scott [F.], 23 Tombland, Norwich

The Norfolk and Norwich Association of Architects was founded in 1921. The objects of the Association are the advancement of architecture, the promotion of efficiency, and the protection of the interests of the members, the maintenance of a code of professional charges and practice, and the affording of mutual assistance and the promotion of personal intercourse among the members.

The membership, which includes almost all the practising architects in the privince of the Association, consists of three classes, viz.—Members: Members of the R.I.B.A. and architects who have been in practice on their own account for not less than two years. Associate Members: Architectural draughtsmen, architects' pupils, and architects engaged on the staffs of business firms. *Honorary Members*: Persons who by interest or ability appear to the Council able to render assistance in promoting the objects of the Association.

The annual meeting is held in January. Other meetings, lectures and outings are arranged by the Council. Students' competitions are held annually.

Hon. Treasurer.

D. J. McP. Burton [L.], 15A High Street, Colchester.

The Essex Society of Architects was founded in 1927, and admitted to alliance with the Royal Institute in 1928. It was originally composed of four Chapters situated at Southend, Colchester, Chelmsford and West Essex.

1929 the title of the Society was changed on the formation of Chapters in Cambridge and Hertfordshire. The Society is governed by a Council composed of representatives from each Chapter. The Bye-laws conform very closely to those enforced by the Berks, Bucks and Oxon Society, and the Society possess the following classes of membership:—Members, Associate Members, Students, Associate Craftsmen and Honorary Members.

Each Chapter has its own executive and the Council of the Society retains a certain proportion of the subscriptions received from members of the

Chapters, the balance being reserved for working expenses.

The Council meets four times in the year fourteen days before each General Meeting, and the Annual General Meeting is held in the area or Chapter possessing the President and Honorary Secretary for the year.

Lectures and visits to places of interest form part of the programme,

"and much interest is taken in the cause of architectural education."

# HAMPSHIRE AND ISLE OF WIGHT ARCHITECTURAL ASSOCIATION.

[Province: Hampshire and Isle of Wight. Headquarters: Southampton.]

Hon. Secretary and Treasurer.

A. L. Roberts [F.], The Castle, Winchester. [Tel.: Winchester 1005, Ext. 70, (House) 510.]

The Hampshire and Isle of Wight Architectural Association, founded in 1912, exists for the promotion of union and professional integrity among its several classes of members, the establishment as far as possible of uniformity of practice, and the general advancement of Architecture and the various Arts and Sciences connected therewith. The Association consists of three classes of members—(1) Fellows, who must be Chartered Architects, or Architects or Quantity Surveyors who have been engaged in practice for not less a period than three years; (2) Associates, being other Architects, Assistants, or Pupils engaged in architectural work; (3) Honorary Members, being persons other than practising Architects or Quantity Surveyors, who are interested in the art of Architecture.

No person engaged in any of the trades connected with building is

eligible for admission as Fellow or Associate.

The Council meets quarterly. Six General Meetings are held during the year, and are usually arranged in connection with visits to places of architectural interest in the summer months and lectures in the winter. The Annual General Meeting is held in April.

# ROYAL INSTITUTE OF THE ARCHITECTS OF IRELAND. (Incorporated.)

8 Merrion Square North, Dublin. [Centre: Dublin.]

Hon. Secretary.

Louis F. Giron, 8 Merrion Square North, Dublin.

The Royal Institute of the Architects of Ireland was founded in 1839, and incorporated in 1908. The objects of the Institute are:—(1) The general advancement of Architecture; (2) The maintenance of the interests, status, and uniformity of practice of the profession, and (3) The maintenance of communication and friendly relations with other bodies associated for similar purposes. The Institute consists of Probationers, Students, Members, Fellows, Honorary Members and Honorary Corresponding Members. Fellows and Members are known as "Registered Members." Probationers shall be persons of good repute intending to follow the profession of Architecture, and who shall have (a) signed articles to serve for a period of at least three years as pupil to a Member or Fellow of the Institute, or of the Royal Institute of British Architects, or of any Society for the time being allied to either Institute or to an Architect approved by the Council. or who, being a person pursuing a Degree Course in Architecture (approved of by the Council) shall have been exempted by the Council from serving under Articles of Apprenticeship for the whole or part of said period of three years; and (b) who shall have passed the Preliminary Examination of the Institute, or who shall have been exempted by the Council from passing

such Preliminary Examination. Class I. Students, shall be (1) persons who have been admitted as students of the Institute prior to the 1st October 1926, or (2) persons of good repute who have attained the age of nineteen years, and (a) have signed articles to serve for a period of at least three years as pupil to a Member or Fellow of the Institute, or of the Royal Institute of British Architects, or of any Society for the time being allied to either Institute or to an Architect approved by the Council, or who, being a person pursuing a Degree Course or holding a University Degree in Architecture (approved of by the Council) shall be exempted by the Council from serving under Articles of Apprenticeship for the whole or part of said period of three years; and (b) who shall have passed the Intermediate Examination of the Institute, or who shall have been exempted by the Council from passing same. Class II. Members, shall be (1) (a) Students of good repute who shall have attained the age of twenty-three years, and who shall have been students of the Institute for two years commencing not later than 1st October 1926; (b) Students of good repute who have been admitted as Students after 1st October 1026 shall have attained the age of twenty-three years and who shall have passed the Final Examination of the Institute. (2) Persons of good repute who shall have attained the age of twenty-three, and who shall have passed the Associateship Examination of the Royal Institute of British Architects, or who shall have obtained a University Degree in Architecture of a standard approved by the Council. (3) Architects in actual practice as principals, of good repute and approved of by the Council, who shall have attained the age of twenty-eight years, and who shall have passed a Special Final Examination. (4) Assistants or persons following the profession of Architecture (without being in actual practice as principals), of good repute and approved of by the Council, who shall have attained the age of thirty years, and who shall have passed a Special Final Examination. Class III. Fellows, shall be such persons as shall be elected from the rank of Class II by a general vote of Classes II and III, provided they shall be architects of good repute, who have (a) attained the age of thirty-three years, have (b) been members of the Institute for at least ten years, or who are Associates of the Royal Institute of British Architects, and are (c) in the opinion of the Council worthy of that distinction. Persons, not being in practice in Great Britain, Saorstat Eireann or Northern Ireland, who are eminent for their works or scientific acquirements, shall be eligible to be associated to the Institute without any contribution under the designation of Honorary Members, if resident within Great Britain, Saorstat Eireann or Northern Ireland; or of Honorary Corresponding Members, if resident elsewhere. Meetings of the Council are held the second Friday in the month at 4 p.m., except during July, August and September. The ordinary General Meetings are held on a convenient Thursday in February, April, June and November. The Annual General Meeting is held in December at which meeting the Council for the ensuing year is elected. There are Standing Committees for Professional Practice, Arts and Publication, with Special Committees for Ancient and Historic Buildings, Board of Architectural Education, Registration, Premises and Town Planning. The Annual Subscription for a Student is half a guinea, for a Member two guineas and for a Fellow four guineas. A Journal of Proceedings is published annually.

# LEICESTER AND LEICESTERSHIRE SOCIETY OF ARCHITECTS.

[Province: Leicestershire and Rutlandshire. Centre: Leicester.] Hon. Secretary.

C. F. McL. Keay, 6 Millstone Lane, Leicester.

The Leicester and Leicestershire Society of Architects was founded in 1872. The objects of the Society are:-

(1) The maintenance of the Alliance with the Royal Institute of British Architects; (2) The general advancement of Architecture and its kindred arts and sciences, the promotion of union and professional integrity among members of the profession, the establishment of uniformity of practice and the encouragement of Architectural Education; (3) To obtain and consider information respecting competitions and to secure recognition of the R.I.B.A. regulations for competitions and other matters affecting the profession, and, where practicable, to advise Committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards; (4) To afford mutual assistance, by advice or mediation, in cases of misunderstanding, either among Members themselves, or between them and their employers; or between the Members and those employed in works under their superintendence; and generally to promote personal acquaintance and good feeling amongst the Members of the Society; (5) To maintain an Architectural Reference Library for the use of the Members of the Society, and to advance their professional knowledge and interests in any way that may be deemed expedient.

The members consist of five classes, viz.: Hon. Members—Retired Architects and others; Full Members-Architects who are in practice on their own account as principals or officials in executive positions; Associate Members-Architects not less than thirty years of age who are not eligible as Full Members, or Associates or Licentiates of the R.I.B.A.; Student Members-Probationers of the R.I.B.A. who are taking the certificate course at the Leicester School of Architecture; and Assistant and Pupil Members-Assistants or Pupils not less than sixteen years of age in the office of an Architect within the Province or in the Architectural Department of a Local Governing Body within the Province. The Society possesses a Library to which all its members have access, and has issued a schedule of professional charges and practice. Prizes are awarded by the Council of the Society to pupils and others for the best Architectural Sketches, Measured Drawings, and other Competitions, particulars of which are published in the Society's Annual Report. The Annual General Meeting is held in April or May.

The Liverpool Architectural Society was established in 1848, and incorporated in 1901 under the Companies Acts, 1862-1900, as a limited company, the Certificate of Incorporation bearing date 22nd August 1901. The objects of the Society are:—(a) To undertake and encourage the general advancement of civil architecture, and to promote and facilitate the acquirement of the knowledge of the various arts and sciences connected therewith. (b) To promote professional integrity and honourable practice, and generally to promote honourable relations in the profession. (c) To obtain information and to consider and discuss all subjects and questions connected directly or indirectly with the art, science, and professional practice of Architecture. (d) To support and protect the status of architects and of surveyors practising in, or in the vicinity of, the city of Liverpool, and for that purpose to confer with and advise public bodies and others on all matters affecting the interests of the profession, and, if necessary, to take active means to protect such interests. (e) To establish and maintain a library of architectural books and a collection of designs, prints, and other articles of interest to the profession. (f) To advance and encourage professional study by organising classes for study, competitions for prizes to be given by the Society, and the delivery of ectures, and by such other means as may be thought expedient.

The Society consists of two classes of members-viz., Fellows and Associates. The Fellows are architects or surveyors who have attained the age of twenty-eight years, and who for not less than three years have been engaged as principals in professional practice. The Associates are persons who have attained the age of twenty-one years and are engaged in the study or practice of Architecture or Surveying. There are honorary classes for Honorary Fellows and Honorary Associates, and a class for Students.

The Society has a Library and Reading Room, which is open daily for the use of the members and students.

Sessional Meetings are held from October to April inclusive. The Annual General Meeting is held in April.

# MANCHESTER SOCIETY OF ARCHITECTS.

16 St. Mary's Parsonage, Manchester.

[Province: Westmorland, part of Lancashire, and part of Cheshire. Centre: Manchester.]

Hon. Secretary.

John Swarbrick [F.], 14 John Dalton Street, Manchester.

Secretary.

S. A. Gradwell, A.C.A.; 64A Bridge Street, Manchester.

The Manchester Society of Architects (originally founded in 1865, and consisting exclusively of architects who at the time of their election had been in practice at least three years) was reconstructed in 1891 and incorporated under Section 23 of the Companies Act, 1867, as a limited company, the Articles of Association bearing date the 16th June 1891. The objects are:

(a) To support and protect the character, status and interests of architects practising in, or in the vicinity of Manchester, and to promote personal acquaintance and good feeling between members of the Society. (b) To establish and maintain an acknowledged code of professional practice and charges, etc. (c) To advance and encourage professional knowledge and study in the younger members of the profession by the foundation of classes for study, competition for prizes given by the Society, delivering of lectures and other means. (d) To obtain and consider information respecting competitions and all other matters affecting the profession, etc. (e) To afford mutual assistance by advice and mediation in case of misunderstanding between members, or between members and their employers or those employed under them, and in any other way to promote honourable conduct in the profession generally.... (g) To establish, form, and maintain a Library or other collection of architectural works, and to acquire, by purchase or donation, books, designs, drawings, and other articles of interest in connexion with the profession,

The members consist of Fellows, who have been engaged in practice at least five years, and who are entitled to use the affix F.M.S.A.; Associates,

who are at least twenty-three years of age, engaged in the study or practice of Architecture as a profession, and who are entitled to use the affix A.M.S.A.; Students, who are under twenty-three years of age and are engaged in the study of Architecture either as assistants or pupils. The Society possesses a Loan and Reference Library, containing some eleven hundred volumes, which is open to students, other than members, on certain conditions. Students' meetings are held during the Session, when Papers on architectural subjects are read. A large number of prizes are offered by the Society in competition to members of the Society, or to pupils or assistants in the offices of architects in Manchester or in the offices of members of the Society. The more important include (1) Senior Measured Drawings, hon. degree: Bradshaw Gass Prize, 1st, £8. 8s., 2nd, £4. 4s.; (2) Junior Measured Drawings: Society's Prize, £5. 5s.; (3) Sketch Prize: Mr. Beaumont's Prize, £3. 3s.; (4) Essay Prize: President's Prize, £5. 5s.; (5) Senior Design Prizes: Society's Prize, £10. 10s., 2nd Prize, £3. 3s. (presented by Francis Jones, Esq.); (6) Junior Design Prize: Society's Prize, £4. 4s. The Council meet every month; General Meetings of the Society are held every month from October to April (inclusive), and Sessional Paper Meetings are held during the winter. The Annual General Meeting is held in May.

[Province: Northamptonshire, Bedfordshire and Huntingdonshire. Headquarters: Northampton.]

Hon. Secretary and Treasurer.

C. Croft, F.S.I. [L.], 9 Gold Street, Northampton.

This Association was originally the Northamptonshire Association of Architects and was instituted in 1911. In 1928 the Province was enlarged by the inclusion of Bedfordshire and Huntingdonshire, and the title altered accordingly. Its objects are the promotion of union and professional integrity among members, the establishment as far as possible of uniformity of practice, and the general advancement of Architecture and the various arts and sciences connected therewith. Members are of four classes, viz. :-(1) Members, who must be engaged in practice as principals; (2) Associates, who must be engaged as architects' assistants or articled pupils; (3) Honorary Members; (4) Associated Craftsmen.

# NORTHERN ARCHITECTURAL ASSOCIATION.

6 Higham Place, Newcastle-upon-Tyne.

[Province: Northumberland, Cumberland, Durham, and the County Borough of Middlesbrough. Centre: Newcastle.]

### Hon. Secretary.

R. N. Mackellar [A.], 21 Ellison Place, Newcastle-upon-Tyne.

The Northern Architectural Association was founded in 1858, and the rules and constitution were revised in 1885, and again in 1911 and 1921. The objects of the Association, as stated in the new rules, are to promote union amongst the members; the elevation of the profession of Architecture; the establishment of uniformity of practice and professional charges; and the general advancement of the art and science of Architecture. There are 300 Members in the Association, consisting of four classes, viz.:-Members, architects in practice as principals, or as town or country architects, who have so practised for not less than three consecutive years immediately preceding their nomination; Associates, architects not yet eligible as Members or assistants (over twenty-one years of age) in the offices of gentlemen eligible as Members or Associates; Students, persons engaged in the study of Architecture who are registered as Probationers of the R.I.B.A. and not exceeding the age of twenty-one years, except when they are still pupils and exceed that age; and Honorary Members, gentlemen eminent for distinguished attainments recommended by the Council. Members and Associates only have the right to vote. Under the Glover Trust the Council offer:--

The Glover Travelling Studentship, the Glover Medal, and a Prize of Twenty-five Guineas open to Students or Associaties for Architectural Study in the United Kingdom, or abroad.

There is a Students' Club in connection with the Association, and a library. The session commences in October, and meetings, at which Papers are read and professional questions discussed, are held in each month up to and including March of the following year. The Annual General Meeting is held in May or June.

# NOTTINGHAM, DERBY AND LINCOLN ARCHITECTURAL SOCIETY.

[Province: Nottingham and the South part of Nottinghamshire, Derby and the South part of Derbyshire, Lincoln and the South part of Lincolnshire. Centre: Nottingham.]

# Hon. Secretary and Treasurer.

H. H. Goodall [L.], Brougham Chambers, Wheeler Gate, Nottingham.

The Nottingham Architectural Society was instituted in 1862. The Derby Architectural Society was founded in 1908 and amalgamated with the Nottingham Society in 1913. The Rules were revised in 1914. The objects of the Society are the promotion of union and professional integrity among its several classes of members; the establishment as far as possible of uniformity of practice; and the general advancement of Architecture and the various arts and sciences connected therewith. The members consist of three classes, viz.: Members, architects engaged as principals not less than two years; Associates, architects not eligible as Members, architects' assistants and articled pupils; Students, who shall be under twenty years of age; and Honorary Members, gentlemen distinguished for their attainments. General Meetings are held during the year, besides Special General Meetings which may be convened at any time. The Annual General Meeting is held in April. Students' Competitions are held annually, and in addition the Council offer prizes for the best set of measured drawings of any building of interest, Classical or Mediæval. The Society possesses an interesting and useful Library.

# THE ROYAL INCORPORATION OF ARCHITECTS IN SCOTLAND.

Telegraphic Address: "Architects, Edinburgh."

Secretary and Law Agent.

A. Nicol Bruce, w.s., 15 Rutland Square, Edinburgh.

### Treasurer.

W. G. Walker, c.a.; 2 Coates Crescent, Edinburgh.

The Incorporation of Architects in Scotland was founded in 1916 and obtained a Royal Charter on 6th May 1922.

The Incorporation maintains local divisions of its members known as Chapters, to each of which a definite portion of the whole territorial area

of Scotland is assigned as its sphere of influence and action.

The Incorporation consists of three classes of Active Members : Fellows, Associates, and Students; and two classes of Honorary Members: Honorary Fellows, and Honorary Corresponding Fellows. Fellows must be over thirty years of age, engaged as principals for at least five successive years, or engaged in professional education under an educational body ir. Scotland, recognised as such by the Council. Associates must be over twenty-one years of age and resident in Scotland, who, having completed a term of pupilage or the equivalent in the Schools, are engaged in the practice of Architecture as principals, or employed as assistants in an architect's office recognised as such by the Council, or are engaged in professional study or education. Students must be over sixteen years of age and resident in Scotland who are pupils in an architect's office or are engaged in the study of Architecture in the Schools or in such other way as the Council recognise as equivalent; candidates for the studentship are recommended to have the Leaving Certificate of the Scottish Education Department or its equivalent. Associates who have been engaged as principals for five years and who are otherwise eligible for Fellowship must apply for admission as Fellows, failing which the Council may consider they have resigned; in like manner Students on becoming eligible must apply for admission as Associates, or have their names removed from

the list. Membership of the Incorporation is conditional on concurrent membership of the Chapter within whose territory the member's office is situated. Each Chapter has its territorial designation as a Chapter of the Incorporation, but it may with the consent of the Council of the Incorporation. retain a proper name or title other than its designation as a Chapter of the Incorporation. The Chapters number five, viz.:—

ABERDEEN SOCIETY OF ARCHITECTS. DUNDEE INSTITUTE OF ARCHITECTS. EDINBURGH ARCHITECTURAL ASSOCIATION. GLASGOW INSTITUTE OF ARCHITECTS. INVERNESS ARCHITECTURAL ASSOCIATION.

Each Chapter has its own President and Council, who manage the affairs of the Chapter and prepare an Annual Report for submission to the Annual Convention of the Incorporation. Each Chapter Council appoints from its own Chapter representatives to serve on the Council of the Incorporation. The Presidents of the several Chapters are Vice-Presidents of the Incorporation. Each Chapter may frame Rules and Regulations for its own government subject to the approval of the Council of the Incorporation. The Annual Convention of all the Members is held in or about the month of June at the place fixed at the preceding Annual Meeting. At the Annual Convention the New President is elected and installed.

# SHEFFIELD, SOUTH YORKSHIRE AND DISTRICT SOCIETY OF ARCHITECTS AND SURVEYORS.

The University, Sheffield.

[Province: Northern Derbyshire, Northern Lincolnshire, and part of South Yorkshire. Centre: Sheffield.]

#### Hon. Secretary.

H. B. S. Gibbs [A.], 15 St. James's Row, Sheffield.

The Sheffield, South Yorkshire and District Architectural Society was founded in 1886 for the advancement of the profession of architect and surveyor; for promoting and facilitating the acquisition of a knowledge of the various arts and sciences connected therewith, and the education of the junior members thereof; and for the consideration of questions of professional practice. The members consist of five classes: Honorary Members, Fellows, Associates, Students, and Lay Members. Fellows are practitioners who have been engaged as principals for not less than

five years in their professions; Associates are principals or assistants over twenty-one years of age; Students are articled pupils; Honorary Members are distinguished patrons of the Arts and Sciences; Lay Members are gentlemen not practising but interested in Architecture or Surveying, and not following any of the building trades. Papers are read, and professional questions discussed, on the second Thursday in each month from October to April, both inclusive. The Annual General Meeting is held in April.

# THE SOUTH-EASTERN SOCIETY OF ARCHITECTS.

[Province: The Counties of Kent, Surrey and Sussex.]

Hon. General Secretary.

R. Goulburn Lovell [A.], St. Moritz, The Upper Avenue, Eastbourne.

The South-Eastern Society of Architects was founded in 1928, as one of the Allied Societies of the Royal Institute of British Architects. members practise or reside in the Counties of Kent, Surrey, and Sussex.

Its activities appeal to both professional and non-professional members. Its main objectives are: The beautifying of our surroundings and the preservation of Rural England. The Council of the Society acts as an Architectural Board within the Area. The functions of this Board are:—(a) To maintain an intensive propaganda to enable the public to appreciate good architecture and to encourage its study and advancement. (b) To advise on the methods of teaching architectural design and construction. (c) To constitute an advisory body to which local authorities can refer questions of town-planning and architectural design.

Under the powers conferred by the Town Planning Acts, steps may be taken by local authorities to conserve the existing beauties of the countryside, to prevent ugliness of building, and to control advertisements. To avoid a bureaucratic control of individual architecture which might suppress beautiful and inspired designs, the Society has constituted Voluntary Panels of prominent Architects, and it is hoped that the local authorities within the Area will avail themselves of the services of these Advisory Panels.

Monthly social meetings are held for practising architects in the more important towns, where professional advice is exchanged. Atelier Clubs for developing architectural design are organised in Brighton, Canterbury, Croydon, Farnham, Guildford, Hastings, Margate and Tunbridge Wells; these are intended primarily for assistants and others who are preparing for the R.I.B.A. examinations and who are unable to attend a regular architectural course.

Members are strongly advised to join the Society's Correspondence School of Town Planning, which is obtaining most satisfactory results at the Town Planning Institute examinations.

# THE SOUTH WALES INSTITUTE OF ARCHITECTS.

[Province: Glamorgan, Brecknock, Radnor, Cardigan, Pembroke, Carmarthen, and Monmouth. Centre: Cardiff.1

Hon. Secretary.

Ivor P. Jones [A.], 6 and 7 St. John's Square, Cardiff.

The South Wales Institute of Architects was founded in 1890, and consists of Fellows, Associates, Students and Honorary Members. Fellows must be practising Architects, not combining any other business with their profession of Architecture, except those of Land and Quantity Surveying, Land Agency and Valuing and Civil Engineering, and must either have served articles to Architects of recognised qualifications, or be members of the Royal Institute of British Architects, or Architects' Assistants who are Associates or Licentiates of the R.I.B.A., unless the Council shall see reason to relax this rule in any special case. Associates must be Architects' Assistants or Students of a recognised School of Architecture. They must be twenty-one years of age or over, and after 31st December 1930 shall be Students of the R.I.B.A. Students must be Architects' Articled Pupils, or Day Students in any recognised Architectural School. After 31st December 1927 no one shall be eligible for election as a Student of the South Wales Institute of Architects unless he has been accepted as a Probationer of the R.I.B.A Honorary Members must be persons who have rendered or may be in a position to render to Architecture or the South Wales Institute of Architects such service as in the opinion of the Council entitles them to that distinction.

# THE ULSTER SOCIETY OF ARCHITECTS.

(Incorporated.)

7 College Square North, Belfast. [Centre: Belfast.]

Hon. Secretary.

J. C. Stevenson, 7 College Square North, Belfast.

The Ulster Society of Architects was founded in January 1901, and incorporated on the 6th February 1923, under the Companies' Acts, 1908 to 1917, its objects being:—(a) The general advancement of architecture; (b) The maintenance of the interests, status and uniformity of practice of the profession and standardisation of fees; (c) The maintenance of communication and friendly relations with other bodies associated for similar purposes; (d) To afford mutual assistance, by advice or mediation in cases of misunderstanding, either among members themselves or between them and their clients, or between members and those employed in works under their superintendence and generally to promote personal acquaintance and good feeling among members of the Society; (e) To obtain and consider information respecting competitions and other matters affecting the profession, and where practicable to advise with committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards upon the suggestions for the conduct of competitions issued by the R.I.B.A.; (f) To facilitate and encourage the education of the students connected with the Society.

The membership consists of the following classes:—Members, Associates, Students and Honorary Members. (1) Members shall be architects of good repute, who have been engaged in practice as principals for a period of not less than seven years, or who are Fellows or Associates of the Royal Institute of British Architects, or Fellows or Members of societies allied with the R.I.B.A. (2) Associates shall be architects in practice, but not yet eligible as Members, or assistants (exceeding the age of twenty-one years). # BRISTOL SOCIETY OF ARCHITECTS.

### Hon. Secretary.

R. S. Redwood [A.], 29 Berkeley Square, Bristol.

The Bristol Society of Architects was established in 1850, and reorganised in 1888. The Society exists for the purpose of maintaining the interests of the profession; for the educational advancement of local students; for the formation of a Library; and for insuring a uniformity and respectability

of practice. The Members consist of Fellows-architects who have attained the age of thirty years, and who have been engaged as principals for at least five successive years in the practice of architecture; Associates persons engaged in the study or practice of architecture who have attained the age of twenty-one years; Honorary Associates—persons not professionally engaged in practice as architects, who, by reason of their interest or ability in art, science, literature, or archæology, or their experience in matters relating to architecture or building, may appear to the Council to be able to render assistance in promoting the objects of the Society; Studentspersons engaged in the study of architecture, and who are not less than sixteen years of age. Students have the privilege of attending ordinary meetings of the Society and of joining in discussions, but have no voice in the control of the Society's affairs. All Students are expected to qualify themselves for passing the Examinations of the R.I.B.A. The Annual General Meeting is held early in February, and monthly meetings are held from October to March, at which Papers are read and the business of the Society transacted. The Society, in collaboration with the Royal West of England Academy, was instrumental during the year 1920-21 in establishing the School of Architecture of that Academy, opened by H.R.H. the Prince of Wales on 10th July 1921. The School is carried on at the premises in Charlotte Street, Park Street, where the Bristol Society of Architects have their headquarters, and is open to students of Architecture irrespective of sex. It is affiliated with the school of the Architectural Association of London, but is controlled as to its educational policy and curriculum by a Council of which the majority are members of the Council of the Society who are also Artist Members of the Academy. The curriculum closely follows that of the school of the Architectural Association; the general system of education is, however, that of combined apprenticeship to a practising architect and school work, though special cases are dealt with on their merits, and apprenticeship and office work are not compulsory. The four years part-time course is recognised for exemption from the R.I.B.A. Intermediate Examination.

# WEST YORKSHIRE SOCIETY OF ARCHITECTS.

[Province: The West Riding and that part of the North Riding west of the railway line. Centre: Leeds.]

Hon. Secretary.

Norval R. Paxton, M.c. [A.], 33 Prudential Buildings, Park Row, Leeds.

The West Yorkshire Society of Architects was founded in 1876, and registered on the 10th November 1885, under Section 23 of the Companies Act, 1867. The Society consists of Members—architects who have been in practice at least two years prior to election; Associates-architects' assistants, pupils, or architects who are not eligible as Members, or who have not been nominated as Members; and Honorary Members-persons interested in the arts and sciences associated with Architecture.

The Society arranges visits of inspection to old and new buildings periodically during the summer months, and a course of evening lectures is given during the winter session. Several prizes are offered annually by the Society for measured and other drawings, designs, &c.

### YORK AND EAST YORKSHIRE ARCHITECTURAL SOCIETY.

[Province: The East Riding and that part of the North Riding to the east of the London and North Eastern Railway, including Northallerton; and the boundary between this Society and the West Yorkshire Society of Architects be deemed to run at a radius of ten miles from the centre of the City of York. Centre: York.]

Honorary Secretary.

R. Jackson [A.], 4 St. Mary's, York.

The York and East Yorkshire Architectural Society was founded in 1882, the objects being to afford facilities for the study of Architecture, sanitary engineering, and other subjects identified with the architectural profession; and to advance the professional interest of the members. It has endeavoured to carry out these objects by means of (1) Papers and discussions upon all subjects and questions connected directly and indirectly with Architecture; (2) The preservation of ancient and historical architectural monuments and buildings; (3) The advancement and encouragement of professional knowledge and study in the younger members of the profession by the foundation of classes for study and the award of prizes for satisfactory work; visits to works in progress, and to buildings ancient and modern; sketching, and such other methods as may be determined from time to time. Further, by supporting and protecting the character and uniformity of practice of the profession, and promoting personal acquaintance and good feeling between the members and honourable conduct in the profession generally. The members consist of four classes, viz., Fellows -architects who have been in practice at least three consecutive years, or hold chief public appointments; Associates—persons who are engaged in the study and practice of Architecture, who are not eligible as Fellows; Students—persons engaged in the study of Architecture as pupils (or assistants not yet twenty-one years of age); Honorary Members—those who have any direct or indirect interest in Architecture, or in some of the collateral arts and sciences. The Annual General Meeting is held in April.

### OVERSEAS ALLIED SOCIETIES: AFRICA.

THE INSTITUTE OF SOUTH AFRICAN ARCHITECTS.

The Architects' and Quantity Surveyors' (Private) Act No. 18 of 1927 provides for the establishment and incorporation of "The Institute of South African Architects," which comprises the four Provincial Institutes of Architects and a Chapter of Quantity Surveyors.

At the time of the passing of the Act, 18th June 1927, there existed in the Union of South Africa the following Institutions, viz.:—

In the Transvaal, "The Association of Transvaal Architects," incorporated under the Architects' (Private) Act No. 39, of 1909, of the then Colony of the Transvaal;

In Natal, "The Natal Institute of Architects," incorporated under Act No. 10, of 1902, of the then Colony of Natal;

In the Cape of Good Hope, the Cape Institute of Architects and the Port Elizabeth Society of Architects;

In the Orange Free State, an Institute of Architects;

In South Africa, "The South African Institute of Quantity Surveyors," incorporated under Ordinance No. 56, of 1903, of the Transvaal.

These respective enactments were duly repealed under the new Act of 1927, being incorporated in "The Institute of South African Architects," within which is the Chapter of South African Quantity Surveyors.

The provisions of the Act of 1927 centre round the main principle that the titles of "Architect" and "Quantity Surveyor" can lawfully be used only by those persons whose names appear on the Institute's Register and Roll.

The Register (of Architects) and the Roll (of Quantity Surveyors) consist of those members of both professions who at the time of the passing of the Act were either *bona fide* performing the work of an Architect or Quantity Surveyor, respectively, or who were assistants in the respective professions, who duly made application for membership of the Institute and whose applications were approved by the Inaugural Board appointed by the Minister under the Act; and those who have since qualified for admission.

After the expiration of the time prescribed for such inaugural registration or enrolment, the conditions materially altered inasmuch as no person can now be registered or enrolled unless he passes certain examinations, prescribed by the "examining authority" (i.e. the Universities of Cape Town and of the Witwatersrand) appointed by the Minister, and possesses certain training, or was, prior to the passing of the Act, a member of a Society or Institute recognised by the Hon. the Minister of Education as "of equivalent standing."

In the Act provision is made for the framing of Regulations governing the administration of the Act, which Regulations were duly framed by the Inaugural Board and gazetted, and became law, on the 14th April 1928. These Regulations deal with the management, powers and duties of the Institute, the Provincial Institutes and the Chapter; with the classes and designations of Members and the defining of their rights and liabilities;

with the procedure, duties and powers of the Central Council, of the Provincial Committees and the Board of the Chapter; with what in an architect or quantity surveyor shall constitute "unprofessional conduct"; with the scale of professional fees, etc. Provision is made also in the Regulations for the direction and co-ordination by the Central Council of architectural and quantity surveying education in South Africa.

### THE CENTRAL COUNCIL.

The Central Council was created on 14th April 1928, being in the first instance a Council nominated by the Inaugural Board, the Inaugural Board remaining operative until the elected Central Council came into being.

The Central Council is a body representative of both professions in South Africa, elected by the four Provincial Institutes and the Chapter in proportion to their membership. The present Central Council is composed of twelve members, ten being elected by the Provincial Institutes and the Chapter (Transvaal, 4; Cape, 2; Natal, 1; Orange Free State, 1; the Chapter, 2), and two being Government nominees in the persons of the Chief Government Architect and the Chief Government Quantity Surveyor.

In the main the work of the Central Council, as the executive body of the Institute, pertains to the administration of the Act in relation to all architectural and quantity surveying matters throughout the four Provinces of the Union; while each Provincial Institute controls the domestic affairs of its members in its Province, and the Chapter deals with the domestic affairs of quantity surveyors. The work formerly done by the Inaugural Board "in" and "re" registration and enrolment, the framing and amending of Regulations, the issuing of certificates, etc., is now performed by the Central Council.

### THE CAPE PROVINCIAL INSTITUTE.

#### Secretary.

Major P. Milne Duncan, O.B.E., F.S.A.A., St. George's House, 73 St. George's Street, Cape Town.

The Cape Institute of Architects, founded in 1899, and admitted to alliance with the Royal Institute of British Architects in 1907, was incorporated under the Architects and Quantity Surveyors (Private) Act, 1927, and became known as the Cape Provincial Institute, one of the Provincial Institutes forming the Institute of South African Architects established under the same Act.

The Act provides for three classes of members, viz.:—Practising Members, Salaried Members and Retired Members.

The Act restricts the use of the title of Architect and Quantity Surveyor to persons who are members of the Institute. Admission to membership (subsequent to Inaugural Registration) is subject to the following conditions: (1) Applicant must not be less than 21 years of age; (2) he must have passed a qualifying examination approved by the Minister, or (3) he must have been a member of one of the Institutes incorporated under the Act or of any other Society of Architects which the Minister may declare by proclamation to be of equal standing.

### THE ORANGE FREE STATE PROVINCIAL INSTITUTE.

#### Hon. Secretary.

L. D. Cartwright, Town Hall, Maitland Street, Bloemfontein, O.F.S.

The first movement for the formation of an Architectural Body in the Orange Free State resulted from an invitation issued by Mr. Fredk. W. Masey to Messrs. John Williams, H. G. de la Cornillere, Cyril Dyer, A. Schultz and Mr. G. A. Stewart—the City Engineer—who met at the Bloemfontein Club to discuss matters appertaining to the interests of Architects on 14th March 1913. Matters dealt with included Government Licenses, Professional Fees, Quantities, Public Works Departmental Work, Town Council Bye-laws.

After the close of the Great War other meetings were held in November and December 1920; June, August, September and October 1921, when a voluntary Association of Licensed Practising Architects of Bloemfontein

was changed to the Orange Free State Institute of Architects.

Messrs. Fitt and Masey were appointed Delegates from the Orange Free State to a Congress of Architects from all four Provinces in September 1921, when united action was started for the South African Architects Parliamentary

The Institute since the passing of the Bill by the South African Union Parliament, changed its title to that which it now possesses.

# THE TRANSVAAL PROVINCIAL INSTITUTE. (Incorporated).

67 Exploration Building, Commissioner Street, Johannesburg.

#### Secretary.

A. S. Pearse, P.O. Box 2266, Johannesburg.

The Association of Transvaal Architects was incorporated by Private

Act No. 39 of the Transvaal, assented to on the 7th July 1909.

The Transvaal Provincial Institute replaces the old Association of Transvaal Architects, now incorporated under the new Institute of South African Architects.

The management of the affairs of the Provincial Institute is conducted by a Committee consisting of a President, two Vice-Presidents and nine other

members (of whom four may be in salaried employment).

They are elected annually at the General Meeting of the Institute held in March in each year. Members of the Committee retire annually, but are eligible for re-election.

Special Meetings of members are held as circumstances require or upon the

signed requisition of twelve members.

The clerical work of the Provincial Institute is carried out by a permanent Secretary. The work of the Committee is assisted by several advisory committees, viz.: Finance, Practice, Journal, Building Bye-laws, Art and Education, Board of Examiners, etc., whilst it has representatives on several outside Associations in which its members are directly interested.

The Committee, through its Art and Education Committee, has been instrumental in establishing the South African Academy, an annual exhibition of paintings, architectural studies, modelling, sculpture and craft work. By the initiative of the old Association of Transvaal Architects, coupled with monetary contributions from a considerable section of the members, the first Chair of Architecture in South Africa was established at the University of the Witwatersrand, Johannesburg.

The Transvaal Provincial Institute publishes its own quarterly journal, "The South African Architectural Record," which is also the official journal of the Natal and Orange Free State Provincial Institutes and the Chapter of South African Quantity Surveyors.

The Association of Transvaal Architects entered into affiliation with the Royal Institute of British Architects in the year 1923.

## OVERSEAS ALLIED SOCIETIES: AUSTRALASIA.

THE ROYAL AUSTRALIAN INSTITUTE OF ARCHITECTS.

The Royal Australian Institute of Architects was established by the Allied Institutes on 6th September 1929, with the object of securing unified control over matters common to them. The Royal Australian Institute of Architects is supplementary to the State Institutes, and, in territories where an Allied Institute is established, it functions only in respect of matters ceded to it by that Institute. In respect of matters so ceded an Allied Institute has (by specific agreement) no further control; it, however, acts as the representative of, and executive authority for, the Royal Australian Institute, within its particular State.

The matters ceded to the Royal Australian Institute by the Allied Institutes are: (1) Promotion of Commonwealth Acts of Parliament; (2) Examinations; (3) Granting of Diplomas and the right to use initials; (4) Éthics; (5) Scale of Charges; (6) Competition Code; (7) Conditions of Contract; (8) Con-

tracts between Architect and Client; (9) Quantities.

### INSTITUTE OF ARCHITECTS OF NEW SOUTH WALES. (Incorporated.)

#### Secretary.

Miss M. Chester, Science House, Gloucester and Essex Streets, Sydney.

The Institute of Architects of New South Wales, which was originally founded in 1871, was reconstructed in 1890, and formed into a corporate body with limited liability under section 54 of the Companies Act, 1874. The Memorandum of Association was amended by special resolution, confirmed by the Supreme Court of New South Wales, in December 1920, and further amended in December 1924, to provide for the fusion of the Institute of Architects, N.S.W., with the Architects Association, N.S.W. In this further amendment one class, "Member," was substituted for two classes, "Fellows" and "Associates."

Among the objects of the Institute are :-

The advancement of Architecture; the examination of applicants for membership; to represent generally the views of the profession, to preserve and maintain its integrity and status, and to suppress dishonourable and unprofessional conduct or practices; to afford means of adjusting professional differences and to decide all questions of usage or courtesy in connection with the profession; to promote professional good feeling and friendly intercourse amongst the members; to watch over, protect and promote the interests of the profession generally; to increase the confidence of the public in the profession; to acquire, form, and maintain Art and Scientific Libraries and Museums; to encourage and reward the study of Architecture by articled pupils and others.

The Institute consists of Life Members, Members, and Honorary Members and such other classes or members, either subscribing or non-subscribing, as may be hereafter established by the Institute. Life Members are Architects who have been Members not less than ten years and who are elected Life Members for eminent services rendered to the Institute. Members are persons whose names appear as Fellows and Associates on the Register of the Institute of Architects, N.S.W., on December 1st 1924, and thereafter persons engaged in the practice of architecture whose names appear on the Register of the Board of Architects, N.S.W., as entitled to practice and who have been duly elected under provisions in the Articles of Association. Honorary Members are gentlemen distinguished by scientific, artistic or literary attainments.

The Institute of Architects of New South Wales also constitutes the New South Wales Chapter of the Royal Australian Institute of Architects.

The Code of "Professional Practice and Charges," is that adopted by the Royal Australian Institute of Architects in 1930.

The Annual General Meeting is held in January, February or March.

### THE QUEENSLAND INSTITUTE OF ARCHITECTS.

Hon. Secretary and Treasurer.

J. V. D. Coutts, Kodak Buildings, Queen Street, Brisbane.

The Queensland Institute of Architects was founded in 1888, and its Rules and Regulations were revised in 1904 and again in 1910. The objects of the Institute are the advancement and elevation of Architecture as an art; the promotion of friendly intercourse and maintenance of a uniform system of practice amongst its members; and the protection of the public against unqualified men. There are four classes of members, viz.:— Fellows, who must be architects who have been in regular or responsible official practice for not less than five years; Associates, who must be duly qualified architects who have been not less than five years in practice, and architectural assistants over the age of twenty-one years who have been for five years actually engaged in the study of architecture in an architect's office; Students, who must be actually engaged in the study of architecture in an architect's office; Honorary Members, who must be persons who have distinguished themselves by their researches or practice in science, literature, or art. The Annual General Meeting is held in March, and General Meetings are held as required.

## SOUTH AUSTRALIAN INSTITUTE OF ARCHITECTS. (Incorporated.)

#### ilon. Secretary.

W. H. Harral [A.], Bowman's Buildings, King William Street, Adelaide.

The South Australian Institute of Architects was founded in 1886. There are three classes of members: Fellows, Associates, and Honorary Members. Fellows must have attained the age of 30 years, and practised as principals for at least ten years. Associates must not be less than 21 years of age and have served at least three years' articles to a practitioner approved by the Institute and have passed such examinations as may be required by the Council. The Articles of Apprenticeship of Pupils have to be registered with the Institute, and the date of registration will be taken as the date of commencement of apprenticeship. No articles will be registered until the Pupil has complied with the University of Adelaide's requirements for the Batchelor of Engineering Course of Architecture or the School of Mines Diploma in Architecture; i.e. by having passed the Leaving Examination in five subjects, including the necessary compulsory subjects. Candidates for Associateship must submit Testimonies of Study required by the R.I.B.A. and pass an examination following the lines of the R.I.B.A. Intermediate and Final. The Annual General Meeting is held in July or August.

# ROYAL VICTORIAN INSTITUTE OF ARCHITECTS.

(Incorporated.)

53-55 Collins Place, Melbourne.

Hon. Secretary.

The Royal Victorian Institute of Architects was founded in 1871, and incorporated under the Statutes of the Parliament of Victoria, Nos. 109 and 764, in 1890. Its objects are the advancement, protection, and elevation of Architecture as an art, and the cultivation of friendly intercourse between members. The Institute consists of Life Fellows, Fellows, Associates, and Honorary Fellows. Life Fellows are architects elected by the Institute for eminent services rendered to the Institute. Fellows are architects who have attained the age of thirty years, and have served articles for at least three years to a recognised practitioner or have satisfied the Council as to their qualifications and have been engaged as principals for at least seven years in the practice of Architecture and have erected buildings of sufficient importance in the judgment of the Council. The Institute has

The Institute has power to hold examinations at such times and places within the State of Victoria, or elsewhere, and in such a manner as the Council may determine. The Institute has power to grant diplomas or certificates in connection with examinations as the Council may prescribe.

### THE ROYAL INSTITUTE OF THE ARCHITECTS OF WESTERN AUSTRALIA INCORPORATED.

Professional Societies' Rooms, 333 Murray Street, Perth, Western Australia.

Hon. Secretary.

R. Summerhayes, 53 St. George's Terrace, Perth.

The Royal Institute of the Architects of Western Australia was founded in 1892, incorporated in 1902, and admitted to alliance with the Royal Institute in 1910. The Institute consists of Life Fellows, Fellows, Associates and Honorary Fellows. The Institute has power to grant diplomas or certificates in connection with examinations or otherwise in such manner as the Council may prescribe.

Since the passing of the Architects' Act, 1921, the Statutory Examination for registration has been adopted as the qualifying examination for Associate of the Institute; it embraces all the subjects included in the R.I.B.A. "Intermediate" and "Final" examinations, and is almost at a similar

standard.

\*\*\* The objects for which the Institute was established and the qualifications and attainments of candidates for membership are, in general, similar to those of the Royal Victorian Institute—see page 636.

### NEW ZEALAND INSTITUTE OF ARCHITECTS.

[Registered Office: 30 Johnston Street, Wellington, N.Z.]

Secretary.

D. G. Johnston, P.O. Box 1527, Wellington.

The New Zealand Institute of Architects was established in 1905 for the following, among other objects:-To represent generally the views of the profession, to preserve and maintain its integrity and status, and to suppress any dishonourable or unprofessional conduct or practices; to afford means of adjusting professional differences, and to decide all questions of usage or courtesy in connexion with the profession; to promote good

feeling and friendly intercourse amongst its members; to watch over, protect, and promote the interests of the profession generally; to hold annual conferences in the principal towns of New Zealand; to publish an annual journal, giving an account of the proceedings of the Institute, including Papers read, and illustrations of architectural works in New Zealand; to acquire, form, and maintain an Art and Science Library and Museum; to encourage the study of the profession by articled pupils, and to give prizes and rewards. District Branches of the Institute are located at Auckland, Hawkes Bay, Wanganui, Wellington, Canterbury, Otago and Southland. Each District Branch is governed (subject to the Rules of the Institute) by a Committee of its own election, consisting of a President, Vice-President, Hon. Secretary, and two other members. An Annual Meeting of each Branch is held in the month of December, not less than fourteen days before the Annual Meeting of the Institute, and at this meeting the Committee present a report on the affairs of the Branch. The Annual General Meeting of the Institute is held in February.

### THE BURMA SOCIETY OF ARCHITECTS.

[Province: Burma. Centre: Rangoon.]

Hon. Secretary and Treasurer.

U. Tha Tun, B.Sc. [A.], Assistant Government Architect, Secretariat, Rangoon.

The Burma Society of Architects was founded on the 11th May 1923. The objects of the Society are:—

(1) a. The promotion of union and professional integrity among members; the establishment as far as possible of uniformity of practice; and the general advancement of Architecture and the various Arts and Sciences connected therewith. b. To secure an adherence to honourable conduct in the practice of the profession as declared by the council of the Royal Institute of British Architects. c. To establish and maintain the R.I.B.A. Scale of Charges and rules of practice. (2) To obtain and consider information respecting Competitions and other matters affecting the profession, and, where practicable, to advise committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards upon the suggestions for the conduct of competitions issued by the R.I.B.A. (3) To afford mutual assistance by advice or mediation in cases of misunderstanding either between Members and their Clients or between Members themselves, or in any other way deemed expedient. (4) To advance and encourage professional knowledge and study in the younger members of the profession. (5) To establish a library for the use of members. (6) To establish a School of Architecture as soon as practicable.

The Society consists of two classes of members, viz.: Voting members, to be known as *Members*, Non-Voting members, to be known as *Associate Members*, wholly engaged in the profession of architecture and surveying, and not connected in any way with any of the building trades. *Members* must be Architects or Assistant Architects who have been employed in the

profession of architecture for at least five years and have attained the age of twenty-five years. Associate Members to embrace all others who are engaged in the study or profession of architecture but are not eligible for full membership. They shall be entitled to all the rights and privileges of membership except voting. The Council shall have the entire management and direction of all the affairs of the Society. The Meetings of the Society will be held at various dates. Special Meetings may be convened on the requisition of six Members, or on the requisition of the President and Hon. Secretary; or by the wish of the Council. The Annual General Meeting shall be held in June in each year.

## OVERSEAS ALLIED SOCIETIES: CANADA.

### THE ROYAL ARCHITECTURAL INSTITUTE OF CANADA.

627 Dorchester Street West, Montreal.

Hon. Secretary.

Alcide Chaussé, J.P., 30 West St. James Street, Montreal.

The Royal Architectural Institute of Canada was founded as the Institute of Architects of Canada, 19th August 1907; was incorporated by Special Act of the Dominion Parliament, 16th June 1908 (7 & 8 Edward VII, Chap. 82), under the corporate name of "The Architectural Institute of Canada," and was granted Royal permission to adopt the prefix "Royal" to its corporate name, 2nd June 1909.

The Charter of the Institute was amended by a Speical Act of Parliament, sanctioned 1st April 1912, and on the 10th June 1929. The Council is composed of the delegates of the various provincial associations of architects in Canada. This completes the Federation of all the Canadian architectural bodies, which has been the aim of the founders of the Institute since the

date of its formation on the 19th August 1907.

The Federated Societies consist of the Alberta Association of Architects, the Manitoba Association of Architects, the Ontario Association of Architects, the Province of Quebec Association of Architects, the Saskatchewan Association of Architects, the Architectural Institute of British Columbia, and the Maritime Association of Architects.

The objects of the Royal Institute, as set forth in its Charter, are "to facilitate the acquirement and interchange of professional knowledge among its members, and more particularly to promote the acquisition of the species of knowledge which has special reference to the profession of architecture, and further to encourage investigation in connection with all branches and departments of knowledge connected with that profession." There are three classes of members—viz.: (1) Honorary Fellows, who are persons eminent in Architecture or kindred sciences; (2) Fellows who are nominated by the Council; (3) Members, who are members of Federated Societies. A Code of Ethics, Schedule of Usual and Proper Minimum Charges, and Regulations for Architectural Competitions, were adopted in the General Annual Assembly on the 21st February 1931, held in Montebello (Lucerne-in-Quebec), Quebec. Revised Bye-laws were adopted on the 28th December 1929, at Montreal, Quebec. The General Annual Meeting is held in February.

### OVERSEAS ALLIED SOCIETIES: INDIA.

### THE INDIAN INSTITUTE OF ARCHITECTS.

[Province: India. Centre: Bombay.]

Joint Hon. Secretaries.

H. Foster King [F.], Chartered Bank Building, Fort, Bombay, India.

S. J. Narwekar [A.], City Engineer's Office, Architectural Department, Bombay Municipality, Fort, Bombay, India.

The Indian Institute of Architects was founded as the Architectural Students Association in 1917; its constitution and bye-laws were thoroughly revised and its name altered in 1922 to the Bombay Architectural Association. In 1929 the constitution was again revised and the name altered to the Indian Institute of Architects. The objects of the Association as set out in its constitution are :-

To encourage the study of Architecture, to elevate the standard of architectural practice and, by mutual support, to promote the interests of Architects throughout India.

There are three classes of Members, viz.: (1) Fellows: Any person shall be eligible for election as a Fellow who is a Fellow of the Royal Institute of British Architects. A Fellow shall be at liberty to use the abbreviation "F.I.I.A." after his name, but not after the name of his firm; (2) Associates: Any person engaged in the profession of an Architect either as a Principal or Assistant shall be eligible for election as an Associate who is an Associate or Licentiate of the Royal Institute of British Architects, or who is at the time of the formation of the Indian Institute of Architects an ordinary Member of the Bombay Architectural Association or who holds the Diploma in Architecture granted by the Government of Bombay, or who has passed the Advanced Examination of the School of Architecture, Bombay, between the years 1909 and 1922. An Associate shall be at liberty to use the abbreviation "A.I.I.A." after his name but not after the name of his firm; (3) Subscribers: Any person shall be eligible for election as a Subscriber who was at the time of adoption of this constitution a Member of the Bombay Architectural Association or any person who by reason of his artistic, scientific or literary attainments may appear to the Council as likely to render assistance in promoting the objects of the Institute. A Subscriber

shall neither use the full designation of the Institute nor any abbreviation thereof.

The activities of the Institute include Monthly Meetings from June to April, visits to works or places of architectural interest, competitions open to Members with prizes and a medal, the award of an Institute Studentship each year, and the publication of a Year Book.

The Institute also owns and conducts a Library, which is known as The Sohrab F. Bharoocha Architectural Library, so named after the name of the late Mr. Sohrab F. Bharoocha, one of the past Presidents of the former Bombay Architectural Association.

Several Committees are also engaged in deliberations, and report to the Council from time to time, viz.:—A Practice Committee, an Excursion Committee, a Library Committee, a Journal Committee, and a Finance Committee.

# OVERSEAS ALLIED SOCIETIES: STRAITS SETTLEMENTS.

THE INSTITUTE OF ARCHITECTS OF MALAYA.

[INCORPORATED.] [T.A. Architrave, Singapore.]

Secretary.

Oscar Wilson [F.], 3 Bonham Building, Singapore.

The Institute of Architects of Malaya was founded as the Singapore Society of Architects in 1923, was admitted to alliance with the Royal Institute in the same year; and was incorporated by special licence of the Governor-in-Council of the Straits Settlements on the 26th April 1928.

In 1930 owing to the increase of membership throughout the peninsular and the formation of a Local Branch of the Society in the Federated Malay States it became necessary to re-incorporate, and to change the name of the Society to the Institute of Architects of Malaya which re-incorporation and change of name was approved by the Governor-in-Council of the Straits Settlements on the 2nd May 1931.

The objects of the Society are: The advancement of Architecture, the promotion of Architectural Education, the facilitation of friendly intercourse between local Architects, and the promotion of the profession

generally.

In 1926 the Society obtained the assent of the Straits Settlements Government to the passing of The Architects Ordinance (1926), which came into force on the 1st of January 1927. The Ordinance was passed for the registration of persons practising, and for the regulation of the profession of Architecture in Singapore and Penang, to provide a qualification for admission to the Register of Architects, to restrict the use of the title of Architect to qualified persons, and to provide a penalty for wrongful use of the title.

# MEMBERSHIP OF THE ROYAL INSTITUTE OF BRITISH ARCHITECTS.

The training of Architects and the practice of architecture in Great Britain are controlled and guided by the Royal Institute of British Architects, a corporate body to which these duties have been entrusted by successive Charters granted since the year 1837 by King William IV, Queen Victoria, King Edward VII, and King George V.

Containing in its membership the great majority of the qualified Architects of the Empire, it stands at the head of a confederation of allied Architectural Societies, whose sphere of influence extends, in these islands, from Inverness to Cornwall, and overseas from Canada to New Zealand. With its head-quarters in London, its 62 Societies and Branches in Great Britain and Ireland, and 35 Societies and Branches in the Dominions overseas, it is an example of a closely woven and far-reaching organisation which cannot be paralleled in any other profession.

Its corporate membership comprises some 1,650 Fellows ("F.R.I.B.A."), 2,700 Associates ("A.R.I.B.A."), and 2,300 Licentiates ("L.R.I.B.A."). In addition to these it has three small classes of Honorary Members, some 170 in number. More than 3,980 Probationers, and about 1,280 Students make up a total of over 12.000 persons directly associated with the Royal Institute. The Allied and Associated Societies contain a membership of over 9,900 Architects. By means of its Board of Architectural Education it controls and inspires the system of Architectural teaching throughout Great Britain, and conducts the progressive professional examinations which qualify candidates for the corporate membership, carrying with it the right to use the R.I.B.A. affix and the title "Chartered Architect." Its Practice Standing Committee is responsible for the principles of professional conduct and practice, and for the application of the R.I.B.A. scale of charges; its Competitions Committee regulates the conduct of architectural competitions; its Literature Standing Committee has the care of the finest architectural library in the world; its Art, Science and other Committees deal continuously with the problems that fall within their respective provinces.

# PRIVILEGES OF PROBATIONERS, STUDENTS, AND MEMBERS OF THE R.I.B.A.

# 1. PROBATIONER R.I.B.A.

A Probationer is entitled to use the R.I.B.A. Library, to attend general meetings (other than business meetings), to compete for certain of the R.I.B.A. Prizes and Studentships, subject to the regulations for those Prizes and Studentships, and to the use of the R.I.B.A. register of assistants seeking employment.

# 2. STUDENT R.I.B.A.

A Student is entitled to use the R.I.B.A. Library, to attend general meetings (other than business meetings), to compete for certain of the R.I.B.A. Prizes and Studentships, subject to the regulations for those Prizes and Studentships, to receive the R.I.B.A. Journal, Kalendar and Annual Report, and to the use of the R.I.B.A. register of assistants seeking employment.

3. Members of the R.I.B.A. [Fellows, Associates and Licentiates.]

Corporate members are entitled to the full privileges of membership. These include the use of the R.I.B.A. Library, the right to attend all General, Special, and Business Meetings, and to vote on all subjects under consideration; to receive the R.I.B.A. Journal, Kalendar, and Annual Report, and to use the appropriate affix "F.R.I.B.A.," "A.R.I.B.A." or "L.R.I.B.A." and the title "Chartered Architect."

# THE ASSOCIATESHIP.

The Royal Institute of British Architects desires that all those entering the profession should pursue a systematic course of education tested by progressive examinations, the passing of which forms the primary qualification for admission to its class of Associates. Associateship being in general the entrance class of membership, the Royal Institute requires as the qualification for it, evidence of a sound general and technical education. It has therefore encouraged the foundation and growth of schools of architecture in various parts of the country, and when these schools have reached a standard approved by the Royal Institute, certain of their courses have been "recognised" as affording evidence, on the part of those who have successfully graduated in them, that they have reached the standard of general and technical education required or have attained a stage towards it.

It is the desire of the Royal Institute, as recommended by the Board of Architectural Education, that Students within reach of such Schools should avail themselves of the opportunities these institutions afford, and take up the architectural courses provided, rather than submit themselves for the examination without such recognised training. A list of these Schools, with the degree of exemption they afford, will be found in the Sections II

and III dealing with the Intermediate and Final Examinations.

The Secretary of the Royal Institute will be pleased to forward the Prospectus of any of the Schools of Architecture recognised for exemption from the R.I.B.A. Examinations.

# PARTICULARS OF EXAMINATIONS.

To obtain the Associateship of the R.I.B.A. the candidate has normally\* to pass three stages: he must qualify:—

I. As a Probationer—preliminary stage.

II. As a Student—intermediate stage.

III. As an Associate—final stage.

<sup>\*</sup> See particulars of the "Special" Examination.

# Section I. Preliminary Stage. Qualification as Probationer.

Applicants desirous of qualifying for registration as Probationers R.I.B.A. must make an application on the official form.

All applicants must produce evidence of a good general education satisfactory to the Council of the Royal Institute.

Such evidence, except in very special cases, must be :-

(a) A certificate from one of the Schools of Architecture recognised for exemption from the R.I.B.A. Examinations, to the effect that the applicant has passed, or has received exemption from, the School Entrance Examination, or

(b) a certificate of having passed one of the Examinations recognised

by the R.I.B.A. for the Probationership.

All applicants must submit drawings showing that they possess some knowledge of Drawing, except (a) when applicants submit a certificate of having passed or received exemption from the Entrance Examination to one of the Recognised Schools of Architecture, or (b) when applicants submit a certificate of having passed one of the Recognised Public Examinations with credit in Drawing or Art.

Candidates who are unable to submit certificates of general education in accordance with the regulations may make special applications, which will be considered on their merits by the Board of Architectural Education.

A fee of £4. 4s. must be sent with the application for registration.

The name of every successful applicant is entered on the Register of Probationers of the Royal Institute of British Architects.

The following are the Examinations recognised for the Probationership:--The Entrance Examinations of Schools of Architecture recognised by the R.I.B.A. for the purpose of exemption from its Examinations. (Only for Students taking recognised courses in such schools.)

Note.—It is laid down that in all schools thus recognised for the purpose of the Intermediate Examination, a written examination to the approval of the external examiner is to be held in (1) History of Architecture, (2) Applied Construction, (3) Theoretical Construction; and further, that such schools submit annually for exhibition at the R.I.B.A. one design from each Student who is exempted.

(b) Partial Exemption.

Partial exemption may be granted to students of Recognised Schools who produce evidence of having passed approved examinations in certain subjects, viz.:—The General and Specialised History of Architecture; The Calculations of Simple Structural Members. Applications will also be considered from Dominion and other students

who can produce evidence of having passed examinations of a standard equivalent to the R.I.B.A. Intermediate Examination. Students who are thus exempted must submit Testimonies of Study as specified and must pass the Intermediate Examination in the following subjects: viz.:—Constructional Design and the Properties and Uses of Building Materials. Design.

Students of Schools of Architecture recognised for exemption from the R.I.B.A. Examinations who are entitled to exemption from the R.I.B.A. Intermediate Examination are required to come up for election as Students R.I.B.A. within one year of the completion of their school course exempting them from the Intermediate Examination. Students who do not present themselves within this one year, except with special permission of the Board, will be required to take the R.I.B.A. Intermediate Examination in the usual way if they wish to qualify for election as Student R.I.B.A.

Para. 2. Description of Examination for Students not in Schools of Architecture Recognised for Exemption from the R.I.B.A. Examinations.

An Examination (Written, Graphic, and Oral) of Probationers is held by the Royal Institute at certain centres twice a year, in the months of May or June and November, in accordance with the particulars given on the

official form of application.

Probationers R.I.B.A. who have attained the age of at least 19 years, and who are desirous of qualifying for election as Students R.I.B.A., must make an application on the official form,\* to be filled up as directed thereon; and to be accompanied by an admission fee of five guineas, which will be returned should the application be refused. They must also send with their applications, or previously, on or before certain published dates, "Testimonies of Study," accompanied by a declaration to the effect that the Testimonies of Study are their own unaided work.

The Testimonies of Study required from Probationers R.I.B.A. must consist of eight sheets of drawings, not less than 27 inches by 20 inches, neatly and carefully finished. The subjects of the eight sheets of drawings

must be as follows :--

- A.—The Orders. A façade or part of a façade of a building of recognised importance, showing the application of one or more of the Greek, Roman or Renaissance Orders of Architecture. Students must state their authority for the Order and the building, which should not be of recent design.
- Sheet 1: A general drawing of the building, sufficient to illustrate the application of the Order or Orders, with section of the façade wall, and plans of the façade wall in the storeys where the Orders occur.
- Sheet 2: Details of the Order or Orders.
- B.—Freehand Drawings. Sheet 3: Classic Ornament or Mediæval Ornament. Freehand drawing from the round.
- C.—MEASURED DRAWINGS.

To be obtained at the Office of the Institute, and to be sent in on the dates specified in the ALMANAC in the R.I.B.A. KALENDAR

- Sheet 4: Measured drawings of an existing building or portion of a building, not of recent construction, to be selected by Candidates. Their plottings and sketches are also to be submitted. Care must be exercised to select a building of architectural merit, and such essentials as stone jointing, etc., should be clearly indicated. If Candidates are in doubt as to a suitable subject they should communicate with the Secretary to the Board of Architectural Education.
- Sheet 5: A simple design based on the subject measured for Sheet 4 after that sheet has been approved by the Examiners.
- D.—Construction Applied to Elementary Design. Working drawings of a domestic building of moderate dimensions, designed by Candidates, showing clearly the construction of floors, roofs, joinery, etc.

The quality of design will be considered and work not reaching a reasonable standard of simple design will be disqualified on that ground.

Sheet 6: General drawings to a scale of 8 feet to 1 inch.

Sheet 7: A comprehensive \frac{1}{2}-inch detail.

Sheet 8: Some full-size details.

Candidates will thus be required to submit in the first instance Sheets Nos. 1, 2, 3, 4, 6, 7 and 8, and at a subsequent date Sheet No. 5.

When sheet No. 5 is submitted, sheet No. 4 previously approved should be submitted also.

Each of the eight sheets must be carefully finished as a complete work and bear the name of the Candidate. They must be delivered flat, in a portfolio.

Probationers who are Architectural Students of the Royal Academy are permitted in lieu of the Testimonies of Study Nos. 1 to 4 above specified, to submit for the approval of the Board of Architectural Education their work done in and for the Royal Academy School, provided that the drawings so submitted comprise studies applicable to sheet No. 4.

Drawings prepared in any of the Schools of Architecture recognised for exemption from the R.I.B.A. Examinations may be submitted in lieu of the Testimonies of Study above set out. All drawings so submitted must be stamped with the School stamp and must have the date and the year of the School course indicated. In the case of design subjects the programmes from which the designs have been prepared must be attached.

Students in the following Schools are allowed to submit for consideration by the Board of Architectural Education, portfolios of their school work in lieu of the Testimonies of Study required by the regulations for admission to the R.I.B.A. Intermediate Examination: Brighton, The Municipal School of Art; Burslem, The Architectural Section, School of Art; Plymouth, the Central School of Arts and Crafts.

The carriage of the Testimonies of Study, etc., to and from the office of the Royal Institute, and all expenses incidental thereto, must be defrayed by Candidates. They will be delivered on demand to any person authorised by the Candidate to receive them, but the Royal Institute will not incur any expense in returning them. Due care will be taken of such Testimonies of Study, etc., but the Royal Institute will not be responsible for any loss of or damage to them while they remain in its keeping or are in transit to or from the Royal Institute. In order to test Probationers' knowledge of what they have drawn and described in their "Testimonies of Study," they are brought up at the Oral Examination, when they are required to answer questions respecting them. All Relegated Candidates are required to bring their original Testimonies of Study to the Oral Examination, and should in their own interests and as a guide to the examiners bring with them evidence of their exercises in design and construction since they first sat for the examination.

DETAILS OF EXAMINATION.

The Examination, which is known as the Intermediate, embraces the following subjects:—

- i. A Paper on the General History of Architecture up to and including the first quarter of the 19th Century.
- ii. A Specialised Paper on the History of Architecture of one of the following periods, to be selected by the Candidate:—(a) Greek and Roman; (b) Byzantine and Romanesque; (c) French and English Gothic; (d) Italian, French and English Renaissance.
- iii. A paper on the Calculations of Simple Structural Members.
- iv. Design.
- v. Two Papers on Constructional Design and the Properties and Uses of Building Materials.

Probationers are recommended before taking the Intermediate Examination to note that in the Examination a general standard of efficiency in writing and spelling is required. Candidates are liable to fail if they are found to be below the standard in respect of orthography and general power of expression. Registration as Probationer does not guarantee that the Examiners will necessarily be satisfied with a Candidate's proficiency in these respects.

In their written answers, candidates must confine themselves strictly to the questions, which should be dealt with concisely in clear, straightforward English. This will be taken into consideration in the award of marks.

Unless Candidates pass in at least two subjects they will be required to take the whole of the Examination at a subsequent sitting.

Candidates relegated in the Examinations are required to pay a fee of 10s. 6d. for each subject in which they have been relegated, on each occasion upon which they present themselves for examination.

Candidates relegated in one of the specialised History of Architecture papers may take a specialised History of Architecture paper of a different period, if they so desire, at a subsequent examination.

A selected list of books on Architectural subjects is printed on page 697. Students are advised to consult this list.

Pamphlets containing the questions set at past Intermediate Examinations may be obtained at the Royal Institute, price 1s. each.

# PARA. 3. ELECTION AS STUDENT.

The results of the Examinations are reported to the Council by the Board of Architectural Education, who recommend as to the fitness of the Candidates for election as Students. On the approval of such recommendations the successful Candidates are eligible for election as Students. Upon election their names and addresses are published in the JOURNAL of the Royal Institute, and also in the KALENDAR.

A fee of £1. 1s. is payable by all Students within two months of election and this fee is renewable on the 1st January each year. Students registered after the 31st October in any year and having paid their first registration fee are not required to pay a further fee before the 1st day of January twelvemonth subsequent to their registration.

Candidates not British subjects who are desirous of possessing evidence that they have obtained the status, though not the rank, of a Student R.I.B.A., may sit for the Intermediate Examination and, in the event of their passing, they will be furnished with a certificate to that effect.

# Section III. The Final Stage. Qualification for Candidature as Associate.

PARA. I. EXEMPTIONS.

(a) Schools of Architecture Recognised for Exemption from the R.I.B.A. Examinations.

The following resolution of the Council permits exemption from its Final Examination, with the exceptions and safeguards therein stated, under certain conditions, to Schools of Architecture.

"The Council of the Royal Institute of British Architects will, subject to proper safeguards, recognise for exemption from its Final Examination such Schools as have set up a five years' Diploma or Degree course which the Council can approve, provided that in judging all designs submitted for the Diploma or Degree there be two External Examiners, approved by the Council, with power of veto."

Such courses have been established by-

Cardiff, The Welsh School of Architecture, The Technical College,

Edinburgh College of Art, School of Architecture, Glasgow School of Architecture, Leeds College of Art, School of Architecture, Liverpool School of Architecture, University of Liverpool, London, The Architectural Association, School of Architecture, London University, Bartlett School of Architecture, Manchester University, School of Architecture, Sydney University, School of Architecture, Montreal, McGill University, School of Architecture, Toronto University, Department of Architecture, New Zealand, Auckland University College, School of Architecture.

Cape Town University, School of Architecture, Witwatersrand University, Johannesburg, School of Architecture,

and the exemption above defined is granted to these schools.

Note.—It is laid down that in all schools thus recognised for the purpose of the Final Examination, an examination to the approval of the External Examiners is to be held in (1) Design, (2) Advanced Applied Construction, (3) Advanced Theoretical Construction (including structural steel and ferro-concrete), (4) Materials, (5) Sanitation, (6) Professional Practice; and, further, that such schools submit annually for exhibition at the R.I.B.A. two designs (one of which must be carried to the stage of working drawings) from each Student exempted.

Students of Schools of Architecture recognised for Exemption from the R.I.B.A. Examinations who are entitled to exemption from the R.I.B.A. Final Examination are required to come up for election as Associates within two years of the completion of their school course exempting them from the Final Examination. Students who do not present themselves for election within these two years, except with special permission of the Board, will be required to take the R.I.B.A. Final Examination in the usual way if they wish to qualify for candidature as Associates.

Members or Students of the R.I.B.A. holding a Degree or Diploma in Architecture which carries with it the privilege of exemption, on the usual conditions, from the R.I.B.A. Final Examination, may have that distinction indicated against their names in the R.I.B.A. KALENDAR.

# (b) Special Exemptions.

The Council has decided to exempt the holder of the Rome Scholarship from the Final Examination under the usual conditions at the conclusion of his two years' study abroad, provided that his work is approved by the Board.

Candidates who have been awarded the Soane Medallion, Victory Scholarship, or Tite Prize, or have received Certificates of Hon. Mention in any of these competitions, will be eligible to apply for exemption from the design portion of the Final Examination.

Para. 2. Description of Examination for Students not in Schools of Architecture Recognised for Exemption from the R.I.B.A. Examinations.

An Examination (Written, Graphic, and Oral) of Students of the Royal Institute of British Architects is held at certain centres by the Royal Institute twice a year, in the months of July and December, in accordance with the particulars given on the official form to be obtained at the Institute.

Students R.I.B.A. who have attained the age of at least 21 years, and who are desirous of qualifying for candidature as Associates R.I.B.A., must make an application on the official form, to be filled up as directed thereon, and to be accompanied by a remittance of six guineas, which will be returned should the application be refused. Candidates applying to sit for the examination in two parts are required to pay a fee of three guineas when sending in their applications to take part I and three guineas when sending in their applications to take part 2. Candidates relegated in the examinations are required to pay a fee of 10s. 6d. for each subject in which they have been relegated, on each occasion upon which they present themselves Candidates must also gain approval for four R.I.B.A. for examination. "Problems in Design" (one of which must be a constructional subject), which are set for Candidates by the Board of Architectural Education, and published yearly in the JOURNAL of the Royal Institute and the professional A copy of the current list of R.I.B.A. "Problems in Design" may be obtained free on application to the Secretary R.I.B.A. All Candidates taking the Final Examination in 1932 and subsequent years will be required to include in the four Testimonies of Study one out of the two subjects set annually as R.I.B.A. "Problems in Design" involving a simple acoustic treatment. of articles and books on the subject, to guide Candidates in obtaining the necessary information, may be obtained free on application to the Secretary R.I.B.A. Two subjects involving acoustic treatment were included for the first time in the list of R.I.B.A. "Problems in Design" for 1931. The Designs, when they have been submitted to and approved by the Board, will be considered as qualifying Students to enter for the Examination. petitors in the Final Competition for the Tite Prize will be exempted from one at least of the Testimonies of Study required for the Final Examination. Designs prepared at the Schools of Architecture recognised for exemption from the R.I.B.A. Examinations and also at the Royal Academy ateliers may be submitted for approval by Candidates for admission to the Final Examination in lieu of the same number of R.I.B.A. Problems in Design. in the Royal Academy School may submit, in lieu of the alternative Problems in Design, the Designs made by them at the Royal Academy, provided that they are approved and initialled by the visitor. All Designs so submitted must be stamped with the School stamp, and must have the date and the year of the course indicated, and must be accompanied by the School programmes. A declaration to the effect that the drawings are the Candidate's own unaided work must also be attached to all Problems in Design.

The carriage of Testimonies of Study to and from the office of the Royal Institute, and all expenses incidental thereto, must be defrayed by the owners. They will be delivered on demand to any person authorised by the owner to receive them, but the Royal Institute will not incur any expense in returning them. Due care will be taken of the drawings, which may be submitted either flat or rolled, but the Royal Institute will not be responsible for any loss of or damage to them while they remain in its keeping or are in transit to or from the Royal Institute. All relegated Candidates are required to bring their Testimonies of Study to the Oral Examination.

THESIS.

Candidates must submit a Thesis showing advanced and individual work. This Thesis may be either an illustrated Essay, or a Design with a detailed report, and it is suggested that the Thesis should deal with one only of the following subjects:—

- I. HISTORICAL ARCHITECTURE—implying as far as possible the direct study of actual historical buildings.
- 2. Science, as Applied to Buildings.—By this is intended a special study of an application of science to definite problems of building, such as acoustics, electrical or engineering requirements, or a critical essay on recent developments in methods of building.
- 3. DESIGN, INCLUDING DECORATION—such as a study in Civic Monumental or Decorative examples or other types of architectural design.

# 4. Town Planning.

The subject selected for the Thesis is to be notified for the approval of the Board, and the Thesis itself is to be submitted with the Candidates' applications. The Thesis will be assessed by Examiners specially appointed for the purpose, who will also examine Candidates orally in their Theses. If a design accompanied by a detailed report is submitted as the Thesis it will be expected to reach a very high standard of design. It is open to Candidates to obtain distinction in Thesis, and such distinction will be appended to Candidates' names in the KALENDAR. This mark of distinction will only be given to Candidates who pass the examination at one sitting.

To obtain distinction Candidates' Theses must show some original work and deductions of value. Mere textbook extracts, devoid of reasoned original comment, will not be regarded by the Examiners as sufficient to merit pass marks. Candidates must state at the beginning or end of their Theses, the sources of their information, giving the titles of the books consulted.

Where Candidates submit an analytical criticism of existing buildings, unless the original rough sketches used for taking dimensions are attached, it will be assumed that such drawings have not been plotted to scale from actual measurements.

Photographs have comparatively little value, unless shown to be specially taken.

An Essay submitted in competition for the Royal Institute Silver Medal for an Essay may be sent in as the Thesis.

The Thesis should accompany the Candidate's application form when he applies to sit for the whole or for part 2 of the examination.

# DETAILS OF THE FINAL EXAMINATION.

The Examination is divided into two parts, which may, if Candidates so desire, be taken separately, at an interval of not more than one year:—

# PART I.

# Subject A. Design.

# PART II.

- Subject BI. General Construction, including the general building trades and shoring and underpinning.
  - ,, BII. Iron and Steel Construction Reinforced Concrete.
  - ,, C. Hygiene.
  - D. Specifications and the Properties and Uses of Building Materials.
  - E. Professional Practice.
  - , F. Thesis.

Candidates who wish to take the Examination in two parts must give notice of their intention when submitting their applications.

Unless Candidates pass in at least two subjects in Part II of the examination, they will be required to take the whole of Part II at a subsequent sitting.

In their written answers, Candidates must confine themselves strictly to the questions, which should be dealt with concisely in clear, straightforward English. This will be taken into consideration in the award of marks.

A selected list of books on Architectural subjects is printed on page 697. Students are advised to consult this list.

Pamphlets containing questions set at past Final Examinations may be obtained at the Royal Institute, price 1s. each.

# PARA. 3. ELECTION AS ASSOCIATE.

Students who successfully pass or receive exemption from the Final Examination, and who submit a certificate on the official form to the effect that they have had at least one year's experience in an Architect's Office, become qualified, subject to the provisions of Section 8 of the Charter, for candidature as Associates of the Royal Institute of British Architects; they receive in due course a notification to that effect, and their names are published in the Royal Institute JOURNAL. Six months spent on building work and/or in a builder's office, and otherwise gaining a knowledge of the practical side of building, is recognised as equivalent to six months of the total of twelve months required to be spent in an architect's office. The Ashpitel Prize is awarded to the Student who most highly distinguishes himself in the Final Examinations held during the year.

Candidates other than British subjects who are desirous of possessing evidence that they have obtained the status, though not the rank, of an Associate of the Royal Institute, may sit for the Final Examination, and, in the event of their passing, they will be furnished with a certificate to that effect.

# Special Examination.

# To Qualify for Candidature as Associate R.I.B.A.

The attention of Architects in practice not less than 30 years of age, and of Assistants not less than 30 years of age, who may contemplate applying for admission to the Royal Institute of British Architects, is directed to the Special Examination qualifying for candidature as Associate, which is held twice yearly in the months of July and December.

Architects in practice and Assistants as above stated who desire to be admitted as Associates, may be exempted from being registered as Probationers and from passing the Intermediate Examination. They may be admitted to a qualifying Examination which is conducted with especial regard to the requirements of such Architects, their professional works and position being duly taken into account by the Board of Architectural Education.

Candidates for admission to this Special Examination are required to make application on the official form and to submit in support of their applications, as evidence of their general architectural knowledge and capabilities, examples of their own work, executed or otherwise, accompanied by a detailed report, or reports. (The report or reports will be required to deal with the reasons for the selection of the site, its treatment, and a description of the building of which the report is the subject.) Candidates who submit examples of work done for the Principals of the offices in which they are working must submit letters from their Principals certifying their degree of responsibility for the whole of the work submitted.

A fee of Ten Guineas must be paid by each applicant on sending in his formal application to sit for the Examination. Candidates applying to sit for the Examination in two parts are required to pay a fee of Five Guineas when sending in their applications to sit for Part 1, and Five Guineas when sending in their applications to sit for Part 2. This fee will be returned should the application be refused.

Candidates relegated in the Examination are required to pay a fee of 10s. 6d. for each subject in which they have been relegated, on each occasion upon which they present themselves for examination.

On passing the Examination, the applicant will be qualified, subject to Section 8 of the Charter, for candidature as Associate.

The names of those who pass are returned alphabetically, and they are at once informed thereof, with a view to their presenting themselves for election as Associates—the entrance fee to which class is Four Guineas and the annual subscription Three Guineas. Should an applicant not be passed he will be informed of the fact, but the names of the unsuccessful Candidates are not announced.

Applicants availing themselves of these special concessions are not eligible for the Ashpitel Prize.

Candidates may, if they desire, take the Examination in two parts, viz. :-

PART I.
Subject A. Design.

# PART II.

Subject B. Construction.

, C. Hygiene.

" D. Specifications and the Properties and Uses of Building Materials.

" E. Professional Practice.

Candidates who wish to take the Examination in two parts must give notice of their intention when submitting their applications.

The Overseas Allied Societies are empowered to prepare the necessary questions and conduct the Intermediate, Final, and Special Examinations at such times as may be convenient to them.

Pamphlets containing the Questions set at past Special Examinations may be obtained at the Royal Institute, price 15. each.

# LICENTIATESHIP.

Under the provisions of the revised Bye-laws, which have now received the approval of the Privy Council, admission to the class of Licentiates has been re-opened and applications for membership of the R.I.B.A. in this class may now be sent in.

Candidates must be British subjects, must have reached the age of 30 years, and must either (a) have been engaged as principals for at least five successive years in the practice of architecture, or (b) have been engaged for at least ten successive years in the practice or study of architecture. The applications must be supported by three Fellows of the R.I.B.A.

Applications for admission to the class must be made on the necessary nomination forms, to be obtained from the Secretary R.I.B.A., and accompanied by working drawings and photographs of buildings.

# Examination of Licentiates.

# To Qualify for Candidature as Fellow R.I.B.A.

A Special Examination will be held for those Licentiates who, being otherwise qualified,† may desire admission to the Fellowship of the Royal Institute of British Architects. This examination will be held on dates to be announced by the Council.

By a resolution of the Council of the 6th July 1931, "Principals" will be interpreted to include Architects employed by Government Departments, Municipalities, or other public bodies as responsible Heads of definite architectural departments or branches, and who are engaged in the designing and supervising of the erection of buildings, and who have satisfied the Council that they are so doing and also produce a statement from their employers that they are responsible Heads of definite architectural departments or branches, and that they are the designers of the buildings of which drawings and photographs are submitted.

Cindidates will be required to submit for the approval of the Council working drawings of one or more of their executed buildings, which may be

<sup>†</sup> EXTRACT FROM THE CHARTER OF 1887.—Fellows shall be Architects who have attained the age of thirty years and who have been engaged as principals for at least seven successive years in the practice of Architecture.

supplemented by photographs thereof, and by original sketches or measured drawings of actual work. Should the work so submitted be, in the opinion of the Council, of sufficient merit to exempt Candidates from any further examination they may be so exempted. If the drawings submitted are approved by the Council, Candidates will be required to submit to an examination which will be held on the premises of the Royal Institute of British Architects, or elsewhere, as may be appointed by the Council of the Royal Institute. Should the work so submitted be, in the opinion of the Council, inadequate, their applications will not be further entertained.

Ten days before the examination is held a list of subjects will be issued to all Candidates, and from this list each Candidate is to select one subject, and he will be required to announce to the Secretary of the Royal Institute. five days before the examination, which subject he selects. Candidates attend at the appointed place of examination, they will be furnis hed with particulars of the selected subject, and they will have to paepare a set of working drawings of the subject and such details as may be required. together with full descriptive notes. Four days will be allowed for the examination, and Candidates may be required, at the option of the Council, to attend subsequently for an oral examination on their papers. of the examination will be from 10 a.m. to 1.30 p.m. and from 2.30 p.m. to 5.30 p.m. At the end of the first day Candidates are to hand to the Moderator a rough tracing of his design, and there will be no lunch inerval on this day. Candidates must provide their own drawing boards and instruments. The fee for the examination will be seven guineas, which sum must be sent to the Secretary R.I.B.A. with the Candidate's application for admission to the examination. Should Candidates be exempted from sitting for the examination, the fee is reduced to one guinea. Candidates fail to pass the examination the fee will not be returned to them, but they will be allowed to sit for one subsequent examination without the payment of any further fee.

Should Candidates be admitted and pass, they will be qualified, subject to Section 8 of the Charter, for candidature as Fellow.

Should Candidates not be passed by the Council they will be informed of the fact, but the names of unsuccessful Candidates are not nounced or published.

# Examination for R.I.B.A. Diploma in Town Planning.

Candidates applying for admission to the Examination for the R.I.B.A. Diploma in Town Planning must be either Fellows of the R.I.B.A., Associate of the R.I.B.A., or Licentiates of the R.I.B.A.

The Examination will be held by the Joint Town Planning Examination Board annually in July. Candidates must make application to six before the 1st March in any year. Applications must be addressed to the Secretary of the Royal Institute of British Architects, 9 Conduit Street, Lord on, W.1.

Copies of the application form giving full particulars of the examination may be obtained free upon application to the Secretary of the R-IB-A

<sup>\*</sup> Licentiates who were transferred from the late Society of Archive to under the provisions of the Supplementary Charter of 1925, Section III Clause 3 (d), are not required to pay an examination fee.

# SELECTED LIST OF BOOKS ON ARCHITECTURAL SUBJECTS.

This list is in no way a complete catalogue of Architectural books, but is intended to provide a broad selection of the best books on all subjects. Wherever a book is known to be in print the price is given. Mr. W. Hanneford-Smith [Hon.A.], of Messrs. B. T. Batsford Ltd., has kindly added the prices throughout.

All works are of 8vo or 12mo size if not otherwise specified as large 8vo, 4to, or fo.

With few exceptions all the books on the list are in the R.I.B.A. Library, those in the loan section being marked with a  $^*$ .

Attention is also drawn to the Suggested Outline Course of Study for . . . Pupils, and the List of Books . . . for the Use of Architects and Their Pupils, copies of which may be obtained free at the R.I.B.A.

1. PUBLIC SCHOOL ENTRANCE SCHOLARSHIP.

This Scholarship is tenable for one year in 1st year course. Value £75. 125. 0d.

Application must be made on the special forms, which may be obtained from the Secretary of the Architectural Association.

The Scholarship is open to Candidates who-

- (1) At the time of application are pupils in any public school recognised by the Head Masters' Conference;
- (2) Are under the age of 19 on July 1st of the year in which they compete, but not under the age of 17.

Every such Candidate shall deliver to the Secretary of the Architectural Association, not later than noon on July 1st, a preliminary application, comprising:—

- (a) A certificate from his Head Master, which must indicate the standard of the Candidate's general education and his worthiness to be elected as a scholar.
- (b) A written statement by the Candidate that he intends to become an architect, that he will continue for the full course in the school, and giving also his age, position in his school, details of any examinations he may have passed, and any supplementary information he may wish to give.
- (c) A portfolio of drawings and colour work executed personally by the candidate unaided, during the previous year, or other work showing his special aptitude for architecture.

A limited number of Candidates selected on their application may be required to attend before the School Committee, and if necessary to sit for an examination at a date whereof due notice will be given them.

The elected scholar shall forthwith take up his membership of the Association.

#### 2. OPEN ENTRANCE SCHOLARSHIP.

This Scholarship is tenable for one year in 1st year course, and is renewable from year to year for the full five years, at the discretion of the Council of the Architectural Association. Value £75. 12s. od. per annum.

Application must be made on the special forms, which may be obtained from the Secretary, The Architectural Association.

The Scholarship is open to candidates who are under the age of 19, but not under the age of 17, on July 1st of the year in which they compete. They must not be eligible or have been at any time eligible to compete for the Public School Scholarship.

Application for the Scholarship must be accompanied by a full statement of general education, and details of any architectural training which the Candidate may have received, either in an architect's office or in any Technical or Art School. The Council may require to be furnished with particulars of the Candidate's financial position.

# LONDON. THE UNIVERSITY. BARTLETT SCHOOL OF ARCHITECTURE.

#### I. ENTRANCE EXHIBITIONS.

The successful Candidate for the first Exhibition will be required to take the full-time course leading to the University degree in Architecture. The Exhibition will be tenable for a period of five years, subject to satisfactory progress.

Candidates for the second Exhibition must be graduates of a British University or some other University approved by the Selecting Committee.

- 2. THE ANDREWS SCHOLARSHIPS (three Entrance Scholarships of £40 each) will be offered annually for competition.
- 3. THE ROSA MORISON ENTRANCE SCHOLARSHIP of £40 a year—tenable under conditions for three years—is offered annually.

Further particulars, etc., may be obtained from the Secretary, University College, London.

### BIRMINGHAM. THE SCHOOL OF ARCHITECTURE.

### 1. FREE STUDENTSHIPS.

Students of 15 years or over who are desirous of obtaining full-time training for the purpose of entering the profession of architecture may, subject to certain conditions, compete for free places in the school. The awards are made on the results of an Examination held in May and June.

Maintenance allowances are also granted where necessary.

Forms of entry may be obtained from the Principals of Secondary and Grammar Schools, or from the Secretary, Central School of Arts and Crafts, Margaret Street, Birmingham.

# 2. "LOUISA ANNE RYLAND" SCHOLARSHIPS.

Four Scholarships of the value of £30 and two of £40 endowed by the late Miss Louisa Anne Ryland and offered annually.

In They are awarded on the work done in the school, and on an Examination held in June, open to all students of the school, who have attended for at least one session; they are renewable for a second year if the holders attend regularly and make satisfactory progress.

The financial circumstances of the parents are taken into account in making the awards.

# 3. "J. S. Wright" Scholarship.

This Scholarship is of the value of £60, and is offered once in two years.

Only students who are actually holding or have held within two years a "Louisa Anne Ryland" £40 Scholarship may compete for this Scholarship.

4. Students in the second and third years of the course at the School of Architecture are eligible for two scholarships offered by the Birmingham Architectural Association, each scholarship being to the value of £30 per annum.

The Studentship is the gift of the executors of the late J. Kerner-Greenwood, King's Lynn, and is awarded for the best set of vacation measured drawings of a building or portion of a building of historic importance made by a student of the School under the prescribed conditions. The winner is required to proceed to a centre other than Dublin and to make other specified measured drawings within twelve months of the date of award.

# L C.C. SCHOLARSHIPS FOR STUDENTS OF ARCHITECTURE AND BUILDING CONSTRUCTION.

Scholarships are awarded annually by the London County Council for the furtherance of individual skill in art, science, and technology. These Scholarships may be competed for by Students of Architecture or Building Construction who are of British nationality and whose parents or guardians (or the Students themselves if over 21 years of age) reside in the County of London.

### INTERMEDIATE ART AND TECHNICAL SCHOLARSHIPS FOR STUDENTS OVER 16.

These Scholarships, which are tenable to the end of the school term in which the age of 19 is attained, provide free tuition for full time and carry a maintenance grant up to £39 a year. They are tenable at the Day Architectural Courses at the Northern Polytechnic, Regent Street Polytechnic and L.C.C. School of Building. Candidates who have passed an approved "first" examination, or who are otherwise considered to have attained the requisite academic standard, are interviewed by a Board of Assessors, are required to submit specimens of their work, and, if necessary, undergo an examination.

# SENIOR SCHOLARSHIPS IN ART AND ARTISTIC CRAFTS, SCIENCE AND TECHNOLOGY FOR STUDENTS OVER 18.

Tenable for two or three years at institutions of University rank, Polytechnics, Schools of Art, etc. These Scholarships provide free tuition and carry a maintenance grant up to £160 a year. They are intended to enable Students who are engaged in industrial employment and have attended evening classes for at least two years, to give up their day work and pursue a course of instruction related to their employment. Scholars pay their own incidental expenses, including examination fees, modelling expenses, books, apparatus, etc. Candidates are required to submit details of their educational career and attainments and specimens of their work; they are interviewed, and, if necessary, required to undergo a qualifying examination. Applications for these Scholarships must be received not later than 1st May.

### SENIOR COUNTY SCHOLARSHIPS.

These Scholarships are awarded from the age of 18 years and upwards, and are normally tenable for three years at institutions of University rank.

Crafts, etc. The Scholarships include a maintenance allowance varying between £30 and £90 a year, according to circumstances, and payment of tuition fees. Students of a suitable standard of attainment might be awarded such Scholarships tenable at the Architectural Association's School or the University College, London. It is expected that Candidates will have passed one of the approved "second school examinations." Applications should be submitted before 1st January each year.

Special Talent Scholarships for Students not over 24, who have already held a Council Scholarship.

These Scholarships are tenable for two years at institutions of University rank, Polytechnics, Schools of Art, etc., and carry a maintenance grant up to £160 a year. Candidates must produce evidence of the possession of extraordinary talent. The maintenance grant payable and the course of study are fixed after consideration of the individual requirement of candidates. Applications for these Scholarships must be received not later than 1st May.

In all of these Scholarships the amount of maintenance grant awarded is dependent upon the circumstances of the parents or the resources of the student himself, if an adult. The limit of income varies with the value of the award; the higher the scholarship, the higher the income limit allowed by the regulations. The limit is extended by £50 for each dependent child in the family in addition to the Scholarship winner. The parent, as far as possible, has the choice of school. For junior scholarships the income limit (apart from the £50 allowance for each other dependent child) is £450 for a free place and £350 for a scholarship, the maximum maintenance grant awarded being £21 a year. For intermediate scholarships the income limit (apart from the allowance for children) is £550 for a free place, and £450 for a maintenance grant, the maximum maintenance grant awarded being £39 a year. For senior scholarships, the income limit (apart from the allowance for children) is £750 for a free place and £650 for a maintenance grant, the maximum maintenance grant ranging up to £160 a year for scholarship holders who are self-supporting.

The full regulations governing the award of all L.C.C. Scholarships are printed in the *Scholarships Handbook*, which is published for the London County Council by Messrs. P. S. King & Son, Ltd., 2 and 4 Great Smith Street, Victoria Street, Westminster, S.W.1. Price 3d.

The Scholarships enumerated above are tenable at the following institutions:—

#### THE ALFRED BOSSOM TRAVELLING STUDENTSHIP.

THE ALFRED BOSSOM TRAVELLING STUDENTSHIP (A GOLD MEDAL AND £250), for the encouragement of the study of Commercial Architecture in America, is confined to those who have reached the age of 21 years on the 1st July of the year in which the competition is held, and who have attained the Associateship of the R.I.B.A. after (1) having passed the R.I.B.A. Final Examination, or (2) having qualified for exemption from the R.I.B.A. Final Examination at a School of Architecture recognised for exemption from the Final Examination.

A Silver Medal will be awarded to the competitor placed second in the competition, and where there are three or more competitors from any particular School the best of the three or more competitors will in each case be awarded a Silver Medal, provided that their entry to the competition is made with the approval of the Head Master of their School.

Such approval must take the form of a letter endorsing the entry of the

students to the competition.

The Studentship will be awarded in 1932–1933.

#### THE ARTHUR CATES PRIZE.

1803 [Not awarded.]

THE ARTHUR CATES PRIZE (£50). The persons eligible to compete for the Prize are persons who have either passed the Final Examination of the Institute in one Examination only, or who have obtained by attendance at one of the Schools of Architecture approved by the Institute, diplomas exempting them from the said examination.

3 In each year the Prize is offered for the promotion of Architecture, more especially in relation to the application of geometry to vaulting, stability of

edifice and design, coupled with actual measurement and delineation both geometrical and pictorial, of appropriate examples in Great Britain and foreign countries.

Provided that if in any year (whether owing to the absence of competitors or to the fact that no work of sufficient merit is submitted) no prize is awarded, then in the following year the prize is offered for the promotion of Architecture in relation to some subject other than the subject referred to above.

## SCHOLARSHIPS CONFINED TO SPECIAL SCHOOLS

THE R.I.B.A. (ANDERSON AND WEBB) SCHOLARSHIP.

THE R.I.B.A. (ANDERSON AND WEBB) SCHOLARSHIP AT THE SCHOOL OF ARCHITECTURE, CAMBRIDGE UNIVERSITY.

The Scholarship, which is of £70 in value, is awarded by the R.I.B.A. to students of the Cambridge University School of Architecture, on the nomination of the Cambridge University Board of Architectural Studies. It is intended that the Scholarship should be awarded to the most promising candidate from the Public or Secondary Schools, or from any Training School in Art or Technology, whose financial circumstances would not otherwise permit him to enter the University and take the Degree in Architectural Studies. It is desirable that candidates should be in their eighteenth or nineteenth year.

## THE R.I.B.A. LONDON ARCHITECTURE MEDAL.

With a view to encouraging excellence of design in street architecture it has been decided to examine annually the buildings completed during the three years ending 31st December, within a radius of eight miles from Charing Cross, and to award a Medal for the design of a building of exceptional merit.

THE MEDAL.—The architect of the selected building will receive a bronze medal, presented by the Royal Institute, together with a diploma signed by the Jury. A suitable tablet will be affixed to the chosen building.

Conditions.—(a) The building must front to a street, road, square or court, to which the public has access. (b) The architect whose name is submitted must himself be the designer of the building. (c) Any member of the Royal Institute shall be at liberty to nominate any building for consideration by the Jury. Forms of Nomination will be issued with the first two numbers of the Journal in each Session. These forms must be in the hands of the Secretary R.I.B.A. by the end of February. The Jury do not bind themselves to confine their selection to the buildings nominated.

PRESENTATION.—The presentation of the med all to the architect will be made annually at a meeting of the Royal Institute, of which the date will be announced in the Press.

Constitution of the Jury .- (See page 10.)

#### BUILDING SURVEYING.

#### EXAMINATION QUALIFYING FOR CANDIDATURE AS DISTRICT SURVEYOR IN LONDON.\*

The London Building Act, 1930, cap. clviii, sect. 156, provides:-

The Royal Institute of British Architects may cause to be examined by such persons and in such manner as they think fit all candidates presenting themselves for the purpose of being examined as to their competency to perform the duties of District Surveyor, and shall grant certificates of competency to the candidates found to deserve them, and a person who has not already filled the office of District Surveyor shall not be qualified to be appointed to that office unless he has received a certificate of competency from that Institute or has been examined in such other manner as the Council may direct and been found competent.

The Candidate must be prepared to answer orally, in writing, and by means of drawings, questions upon the following points in order to satisfy the Board as to his competency for the office of District Surveyor.

1. At least two compulsory questions will be set relating to buildings of metal skeleton and reinforced concrete construction. Candidates must, therefore, be intimately acquainted with those provisions of the London Building Act, 1930, that have reference to buildings of metal skeleton construction, and also with the regulations thereunder relating to reinforced concrete buildings.

2. The materials most in use in building, their mechanical properties and composition, distinction between good and inferior materials, nature and prevention of decay to which they are subject, and simple tests for quality such as can be made on the site of works. The bonding of masonry and brickwork, use of mortar and cement,

framing of carpentry.

3. The design of arches, retaining walls, the different parts of timber, reinforced concrete, steel and other structures, and the modes of calculating stresses in them, especially such rapid modes as can be employed readily on the site. The testing and fixing of constructional steel work. The force of storms and stability of high structures.

4. Foundations in various kinds of soil, and precautions to be taken, expedients when the bottom is bad or under water. The risks of accident due to interference with foundations after they have been put in, or to increasing the load on them. The foundations of high chimney shafts. Indications of the failure of foundations.

5. Common defects in construction. Decay of structures. Neglected and dangerous structures. Shoring, underpinning, repair of walls, tying buildings together,

and forming openings in existing walls.

6. The behaviour of various materials and modes of construction with reference to fire. Fire-resisting construction. Precautions necessary in heating and lighting buildings. Precautions to be taken in the storage of water.

7. The London Building Act, 1930, together with the regulations thereunder and

the Bye-laws in force. The ordinary procedure thereunder. Defects or deficiencies in plans for a proposed building.

The Examination is held twice a year, in the months of May and October. For particulars as to attendance, fees, &c., see page 758.

## CONDITIONS OF THE APPOINTMENT.

No person is accepted as a candidate for the appointment of District Surveyor unless he shall have attained twenty-eight years of age and be under fifty years of age, and every candidate must deliver with his application satisfactory evidence of his age.

Every candidate is required to sign a declaration and deliver it with his application that he becomes a candidate, and will accept the appointment if he should be appointed, on the following understanding:-

(a) That he will personally discharge the duties of his office, subject to section 142 of the London Building Act, 1894.

<sup>\*</sup> Application forms, to be filled up by persons desirous of being examined, can be obtained free of charge at the Office of the Royal Institute.

- (b) That he will give his whole time to the duties of his office.
- (c) That he will not during his continuance in office (except in the discharge of the duties thereof) carry on business as an architect, surveyor, or builder, or directly or indirectly, as a partner or otherwise, be interested in such business.
- (d) That he will keep his District Office open from Monday to Friday (both inclusive) between the hours of 9.30 a.m. and 5 p.m., and on Saturday from 9.30 a.m. until 1 p.m., and give his personal attendance there daily from 9.30 to 10.30 a.m.
- (e) That he will retire on attaining the age of 65 years.

Every appointment of District Surveyor is subject to the person appointed passing satisfactorily a medical examination by the Council's medical examiner.

The County Council reserves to itself the exercise of its powers of dismissal if the District Surveyor so appointed should not act consistently with the understanding above set forth in any of the matters referred to therein, or for other sufficient reason.

## **PUBLICATIONS**

Every Paper read or taken as read at General Meetings by any person may be published by the Council in any way and at any time that they may think proper, unless there shall have been a previous engagement with its author to the contrary. Extract from the Bye-laws.

#### JOURNAL, THIRD SERIES.

The JOURNAL (now commencing Vol. XXXIX 3rd Series) is usually published on the Saturday following the previous Monday's General Meeting. It consists of twenty numbers annually, price 1s. 6d. each. It is also issued in annual volumes, price 30s. Special subscription for members of R.I.B.A. Allied Societies, 12s. per annum (post free).

Communications relating to the literary part of the JOURNAL should be addressed to the Editor. The business connected with the advertisements in both Journal and Kalendar is conducted by the Advertising Managers, Messrs. C. Rowley, Ltd., 53 and 54 Avenue Chambers, Southampton Row,

London, W.C.r.

#### THE TRANSACTIONS. NEW SERIES (1883-1892).

This Series of the Transactions, complete in eight volumes, comprises all the Papers read before the Institute during the Sessions from 1884-85 to 1891-92, Abstracts of Presidential Addresses, the Institute Prize Essays, Travelling Students' Reports, and other Papers, with Notes and Addenda. The present charge for a complete set bound in paper or linen covers is £6 only, instead of £9 5s. as heretofore.

#### FORMS OF AGREEMENT AND SCHEDULE OF CONDITIONS FOR BUILDING CONTRACTS (1931).

The new Form of Contract as revised by drafting Counsel and finally approved by the respective Councils of the Royal Institute of British Architects, the National Federation of Building Trades' Employers, and the Institute of Builders, was issued, together with a Form suitably modified for use where quantities do not form part of the contract, on 21st July 1931, on which date all previous forms were withdrawn from circulation. Forms are obtainable at the R.I.B.A., price 1s. 6d. each. A Joint Tribunal has been appointed to watch the working of the new Form and to report as to any amendments which may appear desirable as the result of any difficulties which may be brought to their notice by architects and builders.

These Forms, prepared by the Practice Standing Committee, and approved by the Institute Council, are the copyright of the Institute, and copies may be obtained, printed on hand-made paper, at the Office, price  $4\frac{1}{2}d$ . each.

#### SCALE OF PROFESSIONAL CHARGES.\*

Note:—This Scale is at present under revision. First issued in 1872; Revised in 1898 and 1919.

#### CONDITIONS OF ENGAGEMENT.

The Architect is employed subject to the following Conditions founded upon the Customs of the Profession, and his remuneration is payable according to the Scale of Charges hereinafter stated, which Scale is fixed and accepted on the basis of the same Conditions:—

- (a) That the general supervision which the Architect will give to the work is such periodical inspection by him or his deputy as may be necessary to ensure that the work is being carried out in accordance with his design, but constant superintendence of the works does not form part of the duties undertaken by him and is not included for in the following Scale of Charges.
- (b) That in all cases in which constant superintendence is required a Clerk of Works shall be employed for this purpose. He shall be nominated or approved by the Architect and appointed and paid by the Client. He shall be under the Architect's direction and control, but the Architect shall not be held responsible for any fraud or negligence on the part of the Clerk of Works.
- (c) That the issue of a certificate by the Architect for a payment to the Contractor implies only that in the Architect's opinion work has been done at the date of the certificate to the value stated thereon, and to the best of his belief in accordance with the contract or order. No certificate, however, whether final or otherwise, shall be held to render the Architect responsible for improper execution of the work or for any breach by the Contractor of the terms of the contract or order.
- (d) That the Architect has authority to give such orders on behalf of the Client as are necessitated in the Client's interests by constructional emergencies.
- (e) That the Architect is empowered to make such deviations, alterations, additions, and omissions, as he may reasonably consider desirable in the Client's interests in carrying out the works, provided that no material addition to the cost of the contract or order is caused thereby.
- (f) That the fees of any Consultant or Consultants retained for any part of the work with the concurrence of the Client shall be paid for by the Client in addition to the Architect's scale remuneration. The employment of such Consultant or Consultants shall be at the Architect's discretion in consultation with the Client.
- (g) That in all cases in which any projected work is not proceeded with for a period of two years after drawings have been prepared the Architect's services shall be paid for as for abandoned work.

<sup>\*</sup> To be obtained at the office of the Institute, price threepence.

- (h) That all drawings, specifications, and documents prepared by the Architect shall remain his property, the copyright in the same being reserved to him.
- (i) That the cost of the preparation of quantities, the measurement and valuation of variations, additions, omissions. and the preparation of the statement of accounts is not included in the Charges named in Clauses Nos. 1 to 8, but is to be paid in addition thereto.
- Clause 1.—For taking the Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, preparing drawings and specifications for the purpose of estimates, obtaining tenders, advising on tenders and in preparation of contract, selecting and instructing Consultants, furnishing to the Contractor one copy of the drawings and specification and such other details as are necessary for the proper carrying out of the works, general supervision as above defined, issuing certificates for payment, and passing and certifying accounts, the charge in respect of new works is to be a percentage on the total cost of all executed works as follows:—
  - (a) If the contract or order exceeds £2,000 the percentage is to be 6 per cent.
  - (b) If the contract or order does not exceed £2,000 the percentage is to be 10 per cent in the case of works costing £100, graduated to 6 per cent in the case of works costing £2,000 as the special character of such works may render appropriate.
- Clause 2.—In the case of alterations of and additions to existing buildings a higher percentage may be charged, not exceeding twice the amount due under Clause 1 for new works of the same cost.
- Clause 3.—In works in which designs for fittings, appointments, decorations, or complex detail or construction are main features, special fees may be charged according to the circumstances, and also for designs for furniture.
- Clause 4.—In addition to the percentage on the total cost of executed works, the Architect is to be paid in respect of all works included in the tender or order, but not executed, two-thirds of the charge which would have been due upon them had they been carried out.
- Clause 5.—If the project or part of it be abandoned, or if the services of the Architect cease or are dispensed with before a contract is entered into or order given, the charges in respect of the works abandoned or for which the Architect was employed (as the case may be) are as follows:—
  - (a) For taking Client's instructions, preparing sketch design, and making approximate estimate of cost by cubic measurement, or otherwise, one-fourth of the percentage stated in Clauses 1 or 2 (as the case may be) on the estimated cost of such works.
  - (b) For taking Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities

to be prepared or a tender obtained, two-thirds of the percentage stated in Clauses 1 or 2 (as the case may be) on the estimated cost of such works.

Clause 6.—On a contract being entered into or order given for the works the Architect shall be entitled to an instalment of two-thirds of the charge calculated on the total amount of the contract or order, and no part of such payment shall be reclaimable from the Architect in the event of the subsequent abandonment of the works. The remainder of the Architect's remuneration shall be payable by instalments from time to time as the work proceeds.

Clause 7.—In all cases where work is executed wholly or in part with old materials, or where material, labour or carriage is provided by the Client, the percentage shall be calculated as if the works had been executed throughout by a Contractor, and with new material.

Clause 8.—The foregoing percentages do not cover the following services, for which, and for any other services not covered by any payment herein provided for, additional charges may be made in accordance with the amount of work involved:—

Advising as to the selection and suitability of site. Negotiations relating to the site or building. Surveying the site or building and taking levels, and making surveys, measurements, and plans of existing buildings.

The preparation of further sketch designs necessitated by a material alteration in, or addition to the Client's instructions, or altering the working drawings and specification in consequence thereof prior to the commencement of the works. Altering drawings, or preparing new drawings, and other services involved in consequence of variations or additions desired by the Client after the commencement of the works. Making extra drawings for the Client's or Contractor's use, and making drawings for and negotiations with ground landlords, adjoining owners, public authorities, or others, and making applications for licences and consents.

Making arrangements in respect of party walls and rights of light and other easements, reservations or restrictions. Services in connection with litigation or arbitration. Services consequent upon or resulting from the death or bankruptcy of Contractors or the failure or neglect of Contractors from any cause whatever to carry out the works in accordance with the contract or order or consequent upon the fraud or negligence of the Clerk of Works. Services in connection with fire, flood, or tempest during the execution of the works, and services in connection with the planning of grounds or gardens.

Clause 9.—For approving plans submitted by a lessee and for inspecting the work during its progress so far as may be necessary to ensure the conditions being fulfilled, and certifying for lease when required, the charge is as follows:—

For each £100 or part of £100 of the total cost up to £500,  $2\frac{1}{2}$  per cent, the minimum fee being £3 3s.

For each £100 or part of £100 from £500 up to £5,000,  $1\frac{1}{4}$  per cent. For each £100 or part of £100 above £5,000, 1 guinea per cent.

Clause 10.—For qualifying to give evidence, settling proofs, conferences with solicitors and Counsel, attendances in Courts or before Arbitrators or other tribunals, and for other services in connection with litigation and arbitration, the charges are based upon the time occupied and the professional standing of the Architect.

Clause 11.—For surveying and making a plan of a town, village, street or road, estate or grounds, or any part thereof, for taking levels, setting out streets or roads, and for other services in connection with land not otherwise specifically provided for, the charges are by time in accordance with Clause 20.

Clause 12.—For inspecting, reporting and advising on the sanitary condition of premises, the charge is by time in accordance with Clause 20, the minimum fee being £3 3s., in addition to the cost of assistance and appliances.

#### Clause 13.-

- (a) For taking out Quantities and preparing Bills of same, the charge is  $2\frac{1}{2}$  per cent upon the estimated cost of the work up to £5,000, and 2 per cent upon the cost above £5,000.
- (b) For very small or for elaborate works, or for alterations, an increased percentage is charged according to the circumstances.
- (c) For pricing out Quantities, or for preparing approximate estimates, the charge is ½ per cent upon the amount.
- (d) When an Architect is instructed to measure and value for the purpose of arriving at the amount of an interim certificate, the charge is  $\frac{1}{2}$  per cent upon the amount.
- (e) Measuring for, and making account of variations upon building works, including pricing, the charge is  $2\frac{1}{2}$  per cent upon the gross amount of additions, and  $1\frac{1}{2}$  per cent upon the gross amount of the omissions.
- (f) For taking particulars on site and writing specifications for alterations, the charge is based upon the time occupied or by way of additional percentage, as may be agreed.
- (g) For preparing, pricing, and agreeing a Schedule of Prices the charge is  $\frac{1}{2}$  per cent upon the cost of the work, or, in small matters, according to the time occupied.
- (h) For measuring up work executed on Schedule, and preparing account and pricing same, the charge is  $2\frac{1}{2}$  per cent upon the total amount of the account, or, in small matters, according to the time occupied.

In all cases where work is executed wholly or in part with old materials, or where material, labour or carriage is provided by the Client, the percentage shall be calculated as if the works had been executed throughout by a Contractor, and with new material.

Clause 14.—For estimating dilapidations and furnishing or checking a schedule of the same, the charge is 5 guineas per cent on the sum agreed, the minimum fee being £5 5s. For negotiating settlement of claim and for other services, the charge is by time in accordance with Clause 20.

Where one Surveyor acts between both parties the minimum charge shall

be scale and a half, divisible between them.

Clause 15.—For valuing property for whatever purpose, except as provided in Clause 16, the charge is as follows:—

For each £100 or part of £100 of the value up to £1,000, 1 guinea! per cent, the minimum fee being £3 3s.

For each £100 or part of £100 from £1,000 to £10,000, half a guinea per cent.

For each £100 or part of £100 above £10,000, a quarter of a guinea per cent.

Clause 16.—For valuing and negotiating the settlement of claims under the Lands Clauses Consolidation Acts, or other Acts for the compulsory acquisition of property, the remuneration is on Ryde's Scale as follows:—

Clause 17.—For negotiating the purchase of estates and property, and advising as to value if required, the charge is as follows:—

For the first £100, 2½ per cent.

For each £100 or part of £100 of the purchase price from £100 to £5,000, 14 per cent.

For each £100 or part of £100 of the purchase price above £5,000,  $\frac{3}{4}$  per cent.

Where more than one property is dealt with, a separate fee for each may be charged.

Where no purchase is effected, the usual fee for valuation will be charged.

Clause 18.—For negotiating the sale of estates and property, or introducing a purchaser, and advising as to value if required, the charge is double that stated in Clause 17.

Clause 19.—If the work should be at such a distance as to lead to an exceptional expenditure of time in travelling, an additional charge may be made under Clause 20.

Clause 20.—In cases in which charges are based upon the time occupied they will depend upon the professional standing of the Architect, the minimum fee being five guineas per day, exclusive of charges for Assistants' time.

Clause 21.—The foregoing Scale is, in all cases, exclusive of the cost of copies of documents, lithography, travelling and hotel expenses, and all other disbursements, which are to be charged in addition.

#### SCALE OF ARCHITECTS' CHARGES FOR HOUSING WORK.\*

With the object of assisting in the solution of the National Housing Problem, and having in view the necessity for the employment of qualified Architects on housing work, the members of the Royal Institute of British Architects assembled in general meeting have resolved to modify their charges in connection with housing schemes for Local Authorities and Public Utility Societies and have agreed to accept the following reduced scale of charges for such work.

The conditions of engagement of architects and surveyors shall be those which are customary in their respective professions, such as the conditions prescribed by the Royal Institute of British Architects in the case of the

engagement of architects.

A. Preparation of Lay-out Plans for Cottages or Two-Storey Flats and Tenements.

Note.—In calculating architects' fees for the preparation of lay-out plans the number of houses shall be understood to mean the number of houses on any one site.

For the preparation of a plan or scheme from existing maps, showing roads, builders' plots and buildings in block, including:—

(1) Conference with local authorities and their officials.

(2) Lay-out plan (where necessary) to 1/2500 scale.

(3) Detailed lay-out plan or plans to 1/500 scale.

But exclusive of the preparation of detailed plans of buildings:-

For the first 25 houses ... ... ... ... £1 o o per house.

For the next 75 houses ... ... ... ... 10 o ,,

For the remainder ... ... ... 7 6

In cases where the number of houses has not been determined the fee shall be based on an average of 12 houses per acre. If a fully contoured plan of the site is not provided by the local authority an extra charge shall be made by the architect for taking levels of the site based on the time expended. This clause does not apply to the lay-out for flats or tenements exceeding two storeys in height, the charge for which shall be governed by special circumstances.

If the carrying out of a lay-out scheme be abandoned, the architects' fees shall, nevertheless, be paid in full, provided that the preparation of the plans

for such scheme has been completed by the architect.

#### B. Roads and Sewers.

In calculating architects' fees for roads and sewers, the number of houses shall be understood to mean the number of houses on any one site.

<sup>\*</sup> To be obtained at the office of the Institute, price threepence.

(1) Executed Works.—For preparing working drawings and specifications for roads and sewers in accordance with the lay-out plans prepared under Section A, advising on the same and on the preparation of contract, furnishing to the contractor one copy of the drawings and specifications, general supervision, issuing certificates, passing and certifying the accounts:—

The charge shall be at the rate of £2 per house.

(2) Abandoned Works.—In the event of the work or part of it being abandoned the charge shall be as follows:—

If the preliminary scheme of roads, drains and sewers based on contour levels has been prepared, one-sixth of the full rate for executed works stated in Section B (1) above.

If, in addition, the roads have been pegged out and the levels taken for sections, two-sixths of the full rate for executed works.

If, in addition, the sections have been set up in accordance with the levels taken and embodied in the working drawings of roads and sewers, three-sixths of the full rate for executed works.

If, in addition, specifications have been prepared and all the work necessary for the purpose of obtaining tenders has been done, four-sixths of the full rate for executed works.

#### C. House Plans (Cottages or Two-Storey Flats).

Note.—In calculating architects' fees for the preparation of plans for cottages or two-storey flats the number of houses shall be understood to mean the number of houses for which any individual architect may be employed. In the event of such houses being erected under a number of separate contracts an additional charge may be made for the extra work involved.

(1) Executed Works.—For taking instructions, preparing sketch designs, making approximate estimate of cost, preparing drawings and specifications, obtaining tenders, advising on tenders and on preparation of contract, selecting and instructing consultants, furnishing to the contractor one copy of the drawings and specifications, and such other details as are necessary for the proper carrying out of the works, general supervision, issuing certificates for payment, and passing and certifying accounts:—

The charge shall be six per cent upon the cost of the first pair of houses of approved design, and in addition upon the cost of one house only of each

further separate design.

"Cost" shall be understood to mean the average cost of a house, such average being calculated over the whole contract or contracts.

For repetition work the following charges shall apply:

For the next 50 houses ... ... ... £9 0 o per house.

For the next 50 houses ... ... ... 8 0 0 ,,

For the next 100 houses ... ... ... 6 10 0 ,,

Over and above 200 houses ... ... ... 5 0 0 ,,

The respective numbers referred to include the original designs.

(2) Abandoned Works.—If the project or part of it be abandoned, or if the services of the architects cease or are dispensed with before a contract is entered into or order given, the charges in respect of the work abandoned or for which the architect was employed (as the case may be) are as follows:—

(a) For taking client's instructions, preparing sketch design and making approximate estimate of cost by cubic measurement, or otherwise, one-fourth of the charges for executed work stated in Clause C (1) above.

(b) For taking client's instructions, preparing sketch designs, making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities to be prepared or a tender obtained, two-thirds of the charges for executed works stated in Clause C (1) above.

Charges for abandoned work shall be made in respect of houses up to the number of fifty only, and shall be based upon the average cost or approved

estimated cost.

D. Plans for Flats and Tenements exceeding  $Two\ Storeys$  in Height.

Note.—In calculating architects' fees for the preparation of plans under this heading, the number of flats and tenements shall be understood to mean the number of flats and tenements for which any individual architect may be employed. In the event of such flats or tenements being erected under a number of separate contracts, an additional charge may be made for the extra work involved.

(1) Executed Works.—For taking instructions, preparing sketch designs, making approximate estimate of cost, preparing drawings and specifications, obtaining tenders, advising on tenders and on preparation of contract, selecting and instructing consultants, furnishing to the contractor one copy of the drawings and specifications, and such other details as are necessary for the proper carrying out of the works, general supervision, issuing certificates for payment, and passing and certifying accounts, the charge shall be as follows:—

Six per cent upon the cost of 10 flats or tenements.

For a further 40 flats or tenements ... £9 o o per flat or tenement.

For a further 50 flats or tenements ... 8 0 0
For a further 100 flats or tenements ... 6 10 0
Over and above 200 flats or tenements 5 0 0

For the purpose of calculating the architects' fees as set out in the above scale the average cost of a flat or tenement dwelling over the whole contract or contracts shall be taken.

(2) Abandoned Works.—If the project or part of it be abandoned, or if the services of the architect cease or are dispensed with before a contract is entered into or order given, the charges in respect of the work abandoned or for which the architect was employed (as the case may be) shall be as follows:—

(a) For taking client's instructions, preparing sketch design and making approximate estimate of cost by cubic measurement, or otherwise, one-fourth

of the charges for executed works stated in Clause D (1) above.

(b) For taking client's instructions, preparing sketch design, and making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities to be prepared or a tender obtained, two-thirds of the charges for executed works stated in Clause D (1) above.

Charges for abandoned work shall be made in respect of flats and tenements up to the number of fifty only, and shall be based upon the average cost or

approved estimated cost.

E. Out-of-Pocket Expenses.—This Scale is exclusive of reasonable travelling and out-of-pocket expenses.

F. Supervision and Administrative Duties.—In the event of a Local Authority or Public Utility Society desiring their officials to co-operate with the architect in supervision and other administrative duties, the architects' fees as set out in this Scale may be reduced accordingly.

16th February 1925.

REGULATIONS GOVERNING THE PROMOTION AND CONDUCT OF ARCHITECTURAL COMPETITIONS AS APPROVED BY THE ROYAL INSTITUTE OF BRITISH ARCHITECTS AND BY ITS ALLIED SOCIETIES.

[Re-issue after revision: December 1910, February 1921, March 1924, June 1926, December 1928, and October 1931.]

It is assumed that the object of the Promoters is to obtain the best design for the purpose in view. Where the Promoters desire to achieve this end by means of a Competition experience shows that this object may best be secured by conducting all Competitions upon the lines laid down in the following Regulations, which have been framed with a view to securing the best results to the Promoters with scrupulous fairness to the competitors.

Members of the Royal Institute of British Architects, and Members of its Allied Societies do not compete excepting under conditions based on these

Regulations.

The Conditions of a Competition shall contain the following Regulations (A) to (F) as essential:—

(A) The nomination for every Competition of an Assessor or Assessors who shall be Architects of acknowledged standing to whom the whole of the design shall be submitted.

(B) Each design shall be accompanied by a declaration, signed by the competitor, or joint competitors, stating that the design is his or their own personal work, and that the drawings have been prepared under his or their own supervision. A successful competitor must be prepared to satisfy the Assessor that he is the bona fide author of the design he has submitted.

(C) No Promoter of a Competition, and no Assessor engaged upon it, nor any partner, associate or employee of either, shall compete or assist a competitor, or act as Architect, or joint Architect, for the

proposed work.

This regulation shall also preclude the regular staff and present students of a School of Architecture from taking part in a competition in which a member of the regular teaching staff is acting as sole Assessor, but not in cases where a Jury of three or more Assessors is concerned of whom only one is a member of the regular teaching staff.

The Assessor must not act as Consulting Architect, unless he has been appointed as such before the inception of the competition, nor in any other professional capacity in any matters connected with the work which has been the subject of the competition, provided always that he may act as Arbitrator in any dispute between the Promoters and the selected Architect.

If, under the special conditions referred to above the Assessor is acting as Consulting Architect, it should be clearly stated in the published conditions

of the competition.

- (D) The premiums shall be paid in accordance with the Assessor's award, and the author of the design placed first by the Assessor shall be employed to carry out the work, unless the Assessor shall be satisfied that there is some valid objection to such employment, in which case the author of the design placed next in order of merit shall be employed, subject to a similar condition. The award of the Assessor shall not be varied for any other reason.
- (E) If no instructions are given to the author of the design selected by the Assessor to proceed within twelve months from the date of the award, then he shall receive payment for his services in connection with the preparation of the Competition drawings of a sum equal to  $1\frac{1}{2}$  per cent on the amount of the estimated cost stated in the conditions up to £50,000, but if the estimated cost of the work exceeds £50,000 he shall be paid a sum equal to  $1\frac{1}{2}$  per cent upon the first £50,000, plus  $\frac{1}{2}$  per cent, upon any sum in excess of that amount. The first premium shall be deducted from the sum so paid. If the work is subsequently proceeded with, this sum shall form part of his ultimate commission.
- (F) The selected Architect having been appointed to carry out the work shall be paid in accordance with the Schedule of Charges sanctioned and published by the Royal Institute of British Architects, and the premium already paid shall be deemed to be payment on account.
- 1. The Promoters of an intended Competition should, AS THEIR FIRST STEP, appoint one or more professional Assessors, Architects of acknowledged standing, whose appointment should be published in the original advertisements and instructions. The selection of an Assessor or of two or more Assessors to act as a Jury should be made with the greatest possible care, as the successful result of the Competition will depend very largely upon their experience and ability. The name or names of the Assessor or Assessors should always appear in the conditions governing a Competition or in any advertisement or other announcement relating thereto.

The usual R.I.B.A. Scale of Charges for Assessing Competitions is the sum of Fifty Guineas, plus one-fifth per cent upon the estimated cost of the proposed building.

The foregoing Scale is exclusive of travelling and other out-of-pocket expenses, which are to be charged in addition.

In the event of more than ONE ASSESSOR being appointed, the remuneration shall be decided by mutual arrangement between the Assessors and the Promoters.

The President of the Royal Institute of British Architects is always prepared to act as honorary adviser to Promoters in their appointment of Assessors.

If an Architect is officially approached by the Promoters for advice as to the holding of a competition with a view to his acting as Assessor, and eventually it is decided not to hold a competition but to appoint an Architect to carry out the work, the Architect originally approached in an advisory capacity is precluded from acting as Architect for the work in question.

- 2. The duties of Assessors are as follows:—
  - (a) To confer with and advise the Promoters on their requirements and on the questions of cost and premiums to be offered.

(b) To draw up instructions for the guidance of competitors and for the conduct of the Competition, incorporating the whole of the clauses of these Regulations which are applicable to the particular Competition.

Note.—It is essential in drawing up the Instructions to state definitely which of the conditions must be strictly adhered to, under penalty of disqualification from the Competition, and which of them are optional. Binding conditions should be reduced to a minimum. Instructions to competitors should as far as possible take the form of suggestions, which both they and the assessors may follow as they deem fit.

- (c) To answer queries raised by competitors within a limited time during the preparation of the designs, such answers to be sent to all competitors.
- (d) To examine all the designs submitted by competitors and to determine whether they conform to the Conditions and to exclude any which do not.
- (e) To report to the Promoters on the designs not so excluded and to award the premiums in strict accordance with the Conditions.
- (f) To inform the Promoters if necessary that modifications may be made in the winning design by the successful Architect, if so desired by the Promoters.
- 3. Competitions may be conducted in one of the following ways:—
  - (a) By advertisement, inviting Architects willing to compete for the intended work to send in designs. FOR COMPETITIONS FOR PUBLIC Works this method is recommended.
  - (b) By advertisement, inviting Architects willing to compete for the intended work to send in their names by a given day, with such other information as they may think likely to advance their claims to be admitted to the Competition. From these names the Promoters, with the advice of the Assessor, shall select a limited number to compete, and each competitor thus selected shall receive a specified sum for the preparation of his design.
  - (c) By personal invitation to a limited number of selected Architects to join in a competition for the intended work. Each competitor shall receive a specified sum for the preparation of his design.

Note.—Where a deposit is required for supplying the Instructions it shall be returned on the receipt of a bona fide design, or if the applicant declines to compete and returns the said Instructions within four weeks of the date for submitting designs.

4. The number, scale, and method of finishing of the required drawings shall be distinctly set forth. The drawings shall not be more in number or to a larger scale than necessary clearly to explain the design, and such drawings shall be uniform in size, number, mode of colouring and mounting. As a general rule a scale of 16 feet to 1 inch will be found sufficient for plans, sections, and elevations, or, in the case of very large buildings, a smaller scale might suffice.

Unless the Assessor advises that perspective drawings are desirable,

they shall not be admitted.

- 5. No design shall bear any motto or distinguishing mark; but all designs shall be numbered by the Promoters in order of receipt.
  - 6. A design shall be excluded from a Competition—

(a) If sent in after the period named (accidents in transit excepted);

- (b) If it does not give substantially the accommodation asked for;(c) If it exceeds the limits of site as shown on the plan issued by the
- Promoters, the figured dimensions on which shall be adhered to;
  (d) If the Assessor shall determine that its probable cost will exceed

by 10 per cent the outlay stated in the Instructions;

(e) If any of the Conditions or Instructions other than those of a

suggestive character are disregarded;

(f) If a competitor shall disclose his identity or attempt to influence

(f) If a competitor shall disclose his identity or attempt to influence

the decision.

- 7. All designs and reports submitted in a Competition, except any excluded under Clause 6, together with a copy of the Assessor's Award, should be publicly exhibited for at least six days. Due notice shall be given to all competitors of the date and place of such exhibition. It is desirable that competitors should be furnished with a copy of the Assessor's Award.
- 8. All drawings submitted in a Competition, except those of the design selected to be carried out, shall be returned carriage paid to the competitors within fourteen days of the closing of the Exhibition.
- 9. The Conditions of a Competition issued by a Corporate Body should have the Common Seal of that Body affixed thereto.
- 10. In the case of small, limited, private competitions, where the Royal Institute are satisfied that special circumstances may exist, modification of these regulations may be approved by the Royal Institute.

Competitions coming within the scope of this Clause are:—

(i) Where the competing architects are limited by selection or invitation, and do not exceed six in number; and

(ii) Where the proposed competition does not involve the expenditure

of public funds.

Provided that nothing in this Clause shall prevent two or more members of the Royal Institute from giving advice or preparing sketch plans for the same project for a private client, if the expenditure proposed does not exceed the sum of £12,500, and if each of the members so invited be paid an agreed fee.

11. Provided always that the Council or the President shall be entitled to sanction an exception to the Regulations where, in their or his view, the interests of the Client and the best interests of the profession clearly justify this course.

## REGULATIONS FOR INTERNATIONAL ARCHITECTURAL COMPETITIONS.

Settled at Paris, November 1908, by the International Competitions Commission appointed by the VIIth International Congress of Architects (London, 1906).\*

1. International Competitions should be reserved for exceptional occasions of a really international character.

<sup>\*</sup> See report of the British delegate, Sir John W. Simpson, JOURNAL R.I.B.A., 9th January 1909.

2. International Competitions may be either open to all architects without invitation, or limited and by invitation.

Limited and invited Competitions may consist of a single stage. Competitions open to all should be held preferably in two stages.

3. The "Conditions" of International Competitions are to be identical for all competitors.

No drawing, model or document shall be taken into consideration except those specified in the Conditions, nor shall any other drawing, model or document be exhibited.

- 4. The Instructions to Competitors should state definitely the Conditions of the Competition, and matters considered desirable should not be left to the option of Competitors.
- 5. In limited and invited Competitions, the Conditions should be fully detailed and require the scheme to be fully developed.

In Competitions open to all the Conditions should express the technical requirements in general terms and limit the number and scale of the drawings to the minimum necessary for the jury to understand the design.

The Conditions should require designs to be submitted anonymously under the motto in the first stage, and to be signed by the Authors in the second stage.

Competitors are forbidden under penalty of exclusion to act in any way which would tend to disclose their identity.

6. In double Competitions the Conditions in the first stage should be as those for Competitions open to all, and in the second stage as those for limited and invited Competitions.

Designs selected in the first stage only can be admitted to the second stage.

7. The Conditions of a Competition should be published and placed at the disposal of the Competitors as nearly as possible on the same date in all countries.

Any design not dispatched by the date of closing the Competition shall be excluded; the Carrier's receipt shall be accepted as proof.

8. The Conditions should be prepared in consultation with experienced Architects.

They shall be published in the French language.

q. The jury is to be nominated by the Promoters of the Competition; it is recommended that Promoters, before nominating the foreign members, should place themselves in communication with the Comité Permanent.

The jury of an International Competition shall be composed of Architects, each of different nationality, one of whom shall belong to the country which institutes the Competition. A legal authority, nominated by the Administration promoting the Competition, shall preside in order to ensure regular procedure, but shall have no vote.

The members of the jury, by accepting nomination, shall be held to have declared themselves to have no material interest, either directly or indirectly, in the result of the Competition.

10. It is desirable in International Competitions, and especially in the preliminary stages, that the limit of cost shall be only approximately fixed in order to leave some liberty to the artistic conception of Competitors.

When the sum available for carrying out the work is specified, the Conditions of Competition should give the information required for preparing

approximate estimates on a uniform basis.

11. The total value of the premiums to be awarded shall be  $2\frac{1}{2}$  per cent on the cost for works not exceeding £100,000 in value, 2 per cent on those not exceeding £200,000, and  $1\frac{1}{2}$  per cent for works beyond that value.

The principle must be enforced that the carrying out of the work be entrusted to the Architect placed first, subject to the conditions in force

in the country promoting the Competition.

The amount of the prize shall not be deducted from the amount of the

fees payable.

In the event of the person or Corporation promoting the Competition wishing to reserve the right to pass over the Architect placed first, the Conditions of Competition must state the terms of compensation.

Should the work not be executed, the same compensation shall be due.

In all cases the authors of designs submitted retain the artistic copyright in their design, and in the building which is a reproduction thereof.

12. In single-stage Competitions all the designs shall be exhibited in a suitable place and for a sufficient time to enable all Competitors to visit the Exhibition, which should be advertised beforehand in the professional papers.

In double Competitions there shall be no Exhibition after the first award; all the drawings shall be placed under seal and exhibited subse-

quently, together with the designs in the final Competition.

The authors of designs selected in the first stage shall have the right to

make tracings thereof for use in preparing their final designs.

The full report of the jury, giving their reasons for the award, shall be published before the opening of the Exhibition and communicated to all the parties interested.

#### FORMS OF ARTICLES OF PUPILAGE.

- (1) FORM FOR PAYMENT OF PREMIUM IN ONE SUM.
- (2) FORM FOR PAYMENT OF PREMIUM BY INSTALMENTS.

These forms were approved at a General Meeting of the Institute on the 13th January 1890. They are the copyright of the Institute, and are on sale at the Office, price One Shilling and Sixpence.

## GENERAL ADVICE TO PROMOTERS AND OTHERS REGARDING THE CONSERVATION AND REPAIR OF ANCIENT BUILDINGS.\*

[First issued in 1865, revised and enlarged in 1888, and re-cast in 1926.]

#### GENERAL PRINCIPLES.

Few subjects are more generally misunderstood than that relating to the repair or conservation of ancient buildings. Whether clergy or laymen, the promoters of the so-called restoration of old buildings, are often more

<sup>\*</sup> To be obtained at the Office of the Institute, price One Shilling.

bent upon altering old work or carrying out new works than on preserving what exists. It cannot, therefore, be too strongly insisted that renewal should be avoided, and this even when such a process would be effective from a practical standpoint, for every renewal changes the character of old work. The object should be to preserve carefully an ancient building, be it ecclesiastical or other, by repairs carried out with sympathy and reserve so that it may continue to be an authentic specimen of the ancient art of our country. Every old building has its historical value, and is a physical expression of the craftsmanship of past ages, and it should be remembered that these values are lost when authenticity is destroyed. Above all, no old work should be destroyed, except under the most imperative necessity. The duty, therefore, of all concerned with ancient buildings is conservation, and this embraces every portion of original work.

Ancient buildings, generally, have been altered at various periods. All old work should be preserved to show the history of the fabric. A guard should be kept against the indulgence of individual preference for, or dislike of, particular features or styles, and especially against the theory once commonly held that a building must be purged of all features other than those of a favourite period.

It is upon the broad principles so outlined that the suggestions embodied in this document are based. It is intended that they shall be of use to those who are concerned with the preservation of old buildings and ancient examples of craftsmanship.

General Remarks.—The following suggestions and remarks have been drawn up with special reference to the repair of churches. The same spirit, however, ought to actuate those who have the care or ownership of ancient civil or military buildings, as from their comparative rarity they may be more valuable as historical monuments even than churches.

Old Materials.—It should not be forgotten that the practice of despoiling old buildings of materials, either for the repair of buildings or for other purposes, has resulted in the destruction of many valuable works. This practice cannot, therefore, be too strongly deprecated and should never be countenanced.

Preliminary Steps to be Taken.—Before any work is decided on a competent architect should be consulted. The architect should be one whose training and qualification are such as fit him to deal with work of conservation. He would make careful record drawings of the building, with measurements, of those parts which are likely to be affected, and photographs, including an indication of the scale, should be taken under his directions.

Deposit of Plans.—In the case of churches these photographs and copies of the drawings should be deposited with the Church Authority, and it is also suggested that they should be placed on the inventory to be seen by the archdeacon at his visitation.

Retention of Furniture, etc.—No clearance of objects such as furniture, old wall linings, pavements, flooring, galleries, pews, box-pews, wall partitions or other work of interest should be carried out except under imperative necessity.

Enquiry for Missing Portions of Old Work.—With a view to their preservation in a proper place, careful enquiry should be made for any portions of church furniture including masonry, old glass, stained or clear, brasses or other old works which may at any time have been removed from the building.

Floor Levels.—Ancient floors should be maintained. Only in cases where it appears certain upon investigation that the level of an existing floor is not the original should a change be considered.

Plastered Surfaces, Internal or External.—All plastered surfaces should be carefully examined with a view to discover any remains of painting upon them, and all ancient paint or whitewash cautiously cleaned, so that no injury may be done to any painting, diapering, powdering or other decoration, if such exist. Where it is proposed to repair the roofs, all cleaning should be deferred until after the plastered surfaces are protected from the weather. Ancient plastered surfaces on walls and ceilings should, wherever possible, be preserved; and this often applies to external plastering, harling or rough cast.

Ancient Glass.—Ancient glass with the original leading and iron framework should be carefully preserved, and never allowed to be taken out of the building save for the purpose of necessary repair, and this only by competent workmen. It is seldom desirable to remove ancient glass from the place it occupies even when small fragments only remain. If new glass has to be put in old windows care should be taken to fit it to the irregularities of the tracery. Old clear or Crown glass should also be preserved. The possibility of placing in the windows old glass found during the work should be considered.

Stonework of Windows.—There are various ways of repairing the stonework of traceried windows, each of which is useful according to circumstances. The advice of an architect experienced in conservation work is especially necessary in such cases.

Ironwork of Windows.—Ancient ironwork of windows should be preserved, and if it shows signs of splitting the stone it should be carefully removed, have new copper ends welded on and as carefully reinstated.

Treatment of Stonework.—In the repair of walling no scraping or tooling of the surface should be permitted. The fact that masonry is decayed or damaged is not in itself a sufficient reason for re-building or renewal, and no new stonework should be used unless it is the best material to make the building structurally sound and weatherproof. Those parts only which are thus defective should be cut out and carefully renewed, but it does not follow that stone is the best material for the purpose. The same principles apply to walls of other materials.

Walls Out of Plumb.—Walls can usually be repaired without pulling them down. It is seldom necessary to straighten a wall which is not upright.

Old Roofs.—A new roof is rarely necessary where an ancient one exists; even if defective it can almost invariably be repaired. Often the ends of beams or rafters alone are decayed. Such timbers should not for this reason be discarded, but should be repaired by scarfing or otherwise. Where for some reason a new roof is to be put on ancient walls it should be

constructed, preferably in English oak, without attempt to reproduce the forms of any past styles. Tie beams or rods should seldom be omitted in these circumstances.

The pitch of a new roof depends on many considerations. It must be left to the judgment of the architect, but indications of the old roof may be a guide.

Roof Coverings.—Old roof coverings—lead, tile, thatch, slate or stone—should be retained, and if repair is necessary new material of like nature should be procured. Worn-out lead should be re-cast.

Monuments, Effigies, etc.—In no case should anything be done to monumental effigies, brasses, figures, heraldic devices, foliage, or other such works, either under cover or in the open beyond carefully cleaning or, when necessary, re-setting. Care should be taken to protect them from injury.

Fonts, etc.—Pulpits, fonts, piscinæ, etc., like other stonework, should on no account be scraped or re-tooled as has been too often the case. If these objects are to be brought into use, repairs for this purpose should be confined to essentials and not be allowed to extend to the renewal of decorative features.

Screens, etc.—Screens, seats and other furniture should not be removed from their original position. In this case, again, repairs should be confined to structural essentials.

Paintings.—Wall or other old paintings should not be touched nor, if covered, should attempt be made to expose them until expert advice has been obtained. Neglect of this precaution has resulted in irreparable damage to much valuable ancient work. For the preservation of wall paintings the first essential is that the wall itself shall be made safe from damp.

Fragmentary Remains.—The specification should contain a clause stipulating that the contractor has no claim upon old materials, excepting any which may be specially exempted. Fragments of sculpture, tiles, glass, metal work, and the like should be preserved in the building, with a record of the place in which they were found.

Contract.—It is nearly always undesirable to enter into a lump sum contract for repair works. It is, however, sometimes convenient to arrange contracts for sections of works of which the nature and precise extent can be determined beforehand. Repair work, because of its nature, must be of a piecemeal or conjectural character, and the danger of a lump sum contract is either that the contractor under-estimates—leading to unsatisfactory work—or he too amply covers himself, which causes a higher expenditure than is actually warranted. The architect will advise as to the best form of contract applicable to each case. A usual form of contract provides that the builder shall render an account of the time and materials, as directed by the architect, at a fixed rate of profit on the net cost of the work.

General Conclusion.—In the principles and methods advocated in this document the Royal Institute has the support of the Society for the Protection of Ancient Buildings, of 20 Buckingham Street, Adelphi, W.C.2. Working in co-operation with that body the Institute is in a favourable position to afford advice to those who may require it on the subject to which this document relates, particularly in those cases where doubt may exist as to the correct procedure to be followed to secure effective protection or preservation of ancient structures or old examples of craftsmanship.

Such enquiries, explaining the special circumstances on which advice is sought, should be addressed to the Secretary of the Royal Institute at No. 9 Conduit Street, W.1.

Note.—Some supplementary information or advice, on points of technical detail, are appended to this document.

SUPPLEMENTARY ADVICE ON POINTS OF TECHNICAL DETAIL.

It is assumed that the work of repair will be directed by an architect and that no action of consequence will be taken without his definite instructions.

Excavation.—In making excavations in or about an ancient building, care should be taken to preserve every fragment of wrought stone, tiles or other ancient objects which may be met with. It is necessary to sift the earth in places where small objects are likely to be found.

Old foundations, bases of pillars, ancient tombs, stone coffins, pavements, or other work which appear to be in their original position should not be removed, but carefully exposed to view, in order that proper records of them may be made so that if possible they may be left permanently in their places.

In excavating and laying drains round old buildings projecting footings, however rough, should not be cut off and care should be taken in exposing them. Work which was clearly not intended to be exposed should not be left open to view or to the air. Drains should be so managed as to draw water from the foundations and not towards them.

Scaffolding.—Wherever scaffolding is necessary it should always be erected independent of the walls, and no support should be obtained from the walls themselves. A greater care should be taken to protect features liable to be damaged than is customary in new building work.

Stonework.—If it is necessary to clean off whitewash or paint from internal or other stonework, it should be remembered that the object of so doing is to bring to view the original surface and not to destroy it. The best way of removing the whitewash without in any degree disturbing, much less removing, the ancient surface must therefore be studied. The mode of tooling or working the ancient stone is a subject of interest, and the old tool marks must therefore not be damaged. If indications of ancient colouring be found on the surface of the stone the attention of the architect should be drawn to it before any attempt at exposing the colour is made.

The mode of removing whitewash depends much on the nature of the materials. In each case experiments should be made under direction to ascertain the best mode. It is preferable to leave the whitewash wholly or partially on the stone, rather than to use any tool which would damage the surface of the stone itself; for it is better to leave the old surface of the stone with the whitewash than to risk injuring it.

When in the course of repair traces of ancient string-courses, weatherings, windows, etc., are found, they should not be concealed again without instructions nor yet tooled off. No tool should be used upon the surface of ancient stonework.

Broken or decayed work should never be removed except where it is necessary to do so for the sake of stability, or where leaving it would be a source of danger. On no account should a stone be renewed simply because

it has lost its original form; it is better to have broken or half-decayed authentic work than the most perfect reproduction. The cleaning of old work to make it harmonise with the new should be avoided. The old work is better left with its characteristic tone.

Lichen should not be removed from old surfaces except under expert direction.

In repairing walls, great care should be taken of any old mouldings or other wrought stones found embedded in them, and note taken of where they were found, for the fragments have usually been stowed away near to their original place. If windows or other features should be found, they should not be disturbed until they have been seen by the architect. Encaustic tiling or other ancient paving should be preserved in the places where they are found. Ancient monumental remains should nearly always be kept in their old position.

Carving.—The same principles as are laid down for stonework apply to carving. The re-dressing or restoration of old carving should never be attempted.

Plaster.—If plastering is to be removed it should first be examined for old painting by carefully removing the whitewash here and there, and if it be found to retain old painting nothing further should be done until the attention of the architect has been called to it.

Ancient plastering, even when defective, should not be removed, but only repaired where necessary.

New plastering on old walls should be thin, and carefully tailed off to meet the stone dressing as in ancient work.

Woodwork.—An ancient roof, or other piece of timber work, should not be condemned simply because it is defective. An ancient roof carefully preserved by splicing and other means is infinitely more valuable than a copy of the same in new timber; and even very serious defects can be repaired if proper methods are employed. By failure to realise this possibility comparatively trifling defects have in the past been made the excuses for destroying some of the finest ancient roofs.

An old roof should never be entirely taken off for purposes of repair, but should be dealt with in its place, bay by bay, and should be kept dry by tarpaulin or other means during the operations. Exposure to wet is very harmful to old timber.

Old timber should not be coated with oil, varnish or stain.

All remains of coloured decoration on old woodwork should be preserved untouched with the greatest care.

Ancient seating should be preserved in its proper place, and any necessary repairs should be carried out on the spot if possible. Every remnant of old woodwork, of whatever description, should be carefully preserved and where possible kept in its place.

Leadwork.—When ancient lead on roofs is to be repaired or relaid, care should be taken to preserve any inscriptions or ornamentations which have been cast on to the old lead. When old lead has to be relaid, the old lead should be re-cast—on the site if possible—to at least seven or eight pounds

per foot super, and the rolls should be hollow rolls. Milled lead should not be used on old buildings. It is as well to remember that lead should not be laid on oak boards or cement without some intervening substance as both materials quickly decompose the lead, turning it to whitelead powder.

Glass.—Great care should be taken to preserve ancient stained and clear Crown glass. It should never be removed from the windows in which it is found, however rough and imperfect it may be or however small the fragments, unless under special direction. It should be repaired carefully in its place.

Painting.—All remnants of ancient painting should be protected, and their preservation or cleaning should not be attempted unless under special direction; above all no attempt should be made to touch them up.

Ironwork.—All remnants of ancient metal work such as hinges, locks, casement fastenings, etc., should be preserved in their place if possible and old saddle-bars or stanchions should never be removed from windows except under instructions from the architect. Ordinary iron dowells or clamps should not be used where ancient ironwork, fixed into stone, is likely to split or has already split the stone. The ironwork should be removed carefully and metal substituted which will not corrode. In the case of ancient stanchions and saddle-bars in windows, copper ends should be welded on to the iron bars and carefully re-fixed.

Generally it needs to be borne in mind that the reparation of an ancient church or of any other ancient building, however simple it may be, is a work to be entered upon in a totally different spirit from that in which a new work is approached.

The object is not only to put the work into good repair, but to preserve and perpetuate an authentic specimen of the ancient crafts of our country. Every ancient building has historical value, and even though at first sight its state of disrepair may suggest renewal, or that the work might be better executed if done anew, it must be remembered that all that value is gone when authenticity is destroyed, and that not renewal but preservation is the duty of those charged with the work.

#### † R.I.B.A. SIZES FOR STANDARD BRICKS

The accompanying diagrams\* illustrate sizes of standard bricks which have been agreed upon with various bodies as indicated below. No. 1 (Diagram A) was agreed upon between the Institute and the Brickmakers' Association and was drafted as follows in consultation with these bodies and with representatives of the Institution of Civil Engineers in 1904:—

1. The length of the brick should be double the width, plus the thickness of one

vertical joint.

The new diagrams have been printed from blocks lent by the courtesy of the publishers of Specification.
 † These notes are not intended to apply to facing bricks.

2. Brickwork should measure four courses of bricks and four joints to a foot.

Joints should be  $\frac{1}{4}$  inch thick and an extra  $\frac{1}{16}$  inch, making  $\frac{1}{16}$  inch for the bed joints to cover irregularities in the bricks. This gives a standard length of  $9\frac{1}{4}$  inches centre to centre of joints.

The bricks, laid dry, to be measured in the following manner:-

- (a) Eight stretchers laid square end and splay end in contact in a straight line to measure 72 inches.
- (b) Eight headers laid side to side, frog upwards, in a straight line to measure 35 inches.

(c) Eight bricks, the first brick frog downwards and then alternately frog to frog and back to back, to measure 21½ inches.

A margin of 1 inch less will be allowed as to (a), and  $\frac{1}{2}$  inch less as to (b) and (c). This is to apply to all classes of walling bricks, both machine and hand-made.

In the early part of 1919 the Institute was requested to make some variations in the standard, and after consultation with the allied societies a conference was held on 28th June 1919, at which were present representatives of the R.I.B.A., the Institute of Clayworkers, the President of the Northern Federation of Building and Engineering Brick Trades, the Secretary of the Employers' National Council for the Clay Industries, and representatives of the South-Western District and Midland District. It was reported that the Northern Federation, which represents the six northern counties, had come to an agreement with the Government to make the standard size for bricks  $2\frac{\pi}{8}$  inches in height. The Conference recommended that a second standard size should be added to the R.I.B.A. standard, all the dimensions to agree with the present standard except that four courses of bricks and four joints are to measure 13 inches. The maximum depth of eight bricks, laid frog to frog and back to back alternately, to measure 23½ inches. The minimum depth of eight bricks laid similarly to measure 23 inches. This was approved by the R.I.B.A. Council on 21st July 1919.

The bed joints with the maximum bricks would be 18 inch, and with the minimum of inch to give 13 inches to four courses of bricks and four joints. This standard will apply to the counties of Northumberland, Cumberland, Durham, Westmorland, Yorkshire and Lancashire.

#### THE CUBING OF BUILDINGS

On account of the wide divergencies in the systems at present employed by architects for the cubing of buildings, the Practice Standing Committee decided to draw up standard methods of measurement for the guidance of members of the Institute.

In addition to the general advantages to be gained from the cubing of

buildings by standard methods, their application would-

(1) Simplify the comparison of approximate estimates of cost; and

(2) Ensure that the cubic contents of buildings submitted in architectural competitions were all calculated on the same basis.

In order that the Committee should receive as much assistance as possible in the pursuance of its purpose, Members of the Institute were requested in May 1926 to fill in and return to the Secretary the following two forms:—

(a) A Questionnaire; and

(b) A Schedule.

A Sub-Committee appointed by the Practice Standing Committee have devoted much care to the scrutiny and analysis of the returns, which have been of considerable value to the Committee in formulating the Standard Methods of Competition here set forth.

#### No. 1. Length and Width Measurements.

To be taken between the outer faces of the walls.

#### No. 2. Height Measurement.

To be taken from the top of the concrete foundation to (in the case of a pitched roof):

a line midway between the point of intersection of the outer surfaces of wall and roof, and the apex; or

(in the case of a flat roof):

a height of 2 feet above the roof.

In the case of a Mansard roof, its cubic contents are to be calculated separately.

No. 3. Projections.

After measuring the main structure an additional cube is to be made for the following projections:—

(a) Porches.

(b) Bays and Oriels.

(c) Turrets and Flêches.

(d) Dormers.

(e) Chimney Stacks.

(f) Lantern Lights.(g) Terraces and External Steps.

The Committee hope that the forgoing rules of procedure will be adopted for recent and current work, and the results entered upon the special forms, which can be obtained from the Institute on application. If this is done and the forms are returned to the Secretary of the R.I.B.A., a valuable source of information will become available, from which classified data can be published from time to time for the benefit of members.

Annual Subscriptions are urgently needed.

It is hoped that every Architect in active practice will become a subscriber. Subscribers would greatly assist the Society by each obtaining at least one additional Donor or Subscriber.

#### ARCHITECTS' BENEVOLENT SOCIETY.

9 Conduit Street, W.1.

#### INSURANCE DEPARTMENT.

(INAUGURATED FEBRUARY 1923.)

The Architects' Benevolent Society acts as Insurance Agent for all classes of insurance, the commission thus obtained being added to the funds of the Society in the name of the architect who insures.

The following is a list of the principal insurances which can be negotiated

through the Society:-

- (I) LIFE ASSURANCE; in which a special rebate is allowed by the Society to the assured.
- (2) ACCIDENT AND ILLNESS INSURANCE; which brings in a regular weekly sum when the insured is incapacitated from earning through illness. This policy is invaluable to a professional man.

(3) House Purchase; which helps a man to buy his own house by a loan effected by means of an Endowment Assurance. Special

terms are conceded to architects.

(4) The insuring of Buildings in Course of Erection. This policy intimately concerns the architect who is in a favoured position for recommending the Architects' Benevolent Society as insurance agent for the buildings for which he is responsible.

(5) Home Protection; combining insurance against fire, burglary and

accidents to domestic servants.

(6) The insurance of Motor Cars and their drivers against the risks of the road.

(7) EMPLOYERS' LIABILITY; which covers the employer in respect of injuries sustained by his employees in the course of their occupation.

Every Insurance effected through the Architects' Benevolent Society means an increase in the funds at the disposal of the Council for distribution among those Members of the Architectural Profession and their Widows and Orphans who are in need of help.

The terms and conditions of any policy will be sent immediately on application to the Secretary, Architects' Benevolent Society, 9 Conduit Street, London, W.r.

Cover is given pending negotiations.

# ASSOCIATION OF ARCHITECTS, SURVEYORS AND TECHNICAL ASSISTANTS.

HE Association of Architects, Surveyors and Technical Assistants, for salaried Architects, Surveyors, Civil Engineers and Technical Assistants in all branches of the building professions, is open to all over 21 years of age who have had five or more years experience or training. Annual Subscription, £1.5s. A Probationary Class of membership is open to all under 21 years of age who have had less than five years experience. Annual Subscription, 10s. Entrance Fee, 5s. There is also a Sickness and Unemployment Benefit Fund, Membership of which is optional—12s. per annum additional.

There is a class of subscribers which consists of those who wish to support the Association but who are not eligible for membership. Subscription, 10s. 6d. per annum.

Full particulars and forms of application for membership may be obtained on application to Captain A. Seymour Reeves [L.], Secretary, 26 Buckingham Gate, London, S.W.1 [Telephone—Victoria 9300].

# NATIONAL HEALTH AND PENSIONS INSURANCE.

# THE ARCHITECTS' AND SURVEYORS' APPROVED SOCIETY.

(Approval Number 374.)

#### 26 BUCKINGHAM GATE, LONDON, S.W.I.

This Society was formed in 1912, with the approval of the Ministry of Health, and accepts for membership men and women who come within the scope of National Health and Pensions Insurance, i.e., those in receipt of a salary not exceeding £250 per annum.

#### CONTRIBUTIONS.

The contribution for men is 1/6 per week, 9d. of which is payable by the employer; and for women 1/1 per week, 7d. of which is payable by the employer.

#### ORDINARY BENEFITS.

ň.,

The ordinary benefits, as specified in the Acts, include sickness, disablement and maternity benefits; also pensions for widows and allowances for orphans. The Old Age Pension is payable for life at the rate of 10/- per week to an insured person on attaining the age of 65; also to the wife of an insured person after she and her husband have attained that age, irrespective of means.

#### Additional Benefits.

The last Government valuation of the Society's assets having disclosed a large surplus, the following scheme of additional benefits has been brought into operation, with the sanction of the Ministry of Health:—

Sickness Benefit: 22/- per week for men, and 19/- per week for women. Disablement Benefit: 11/- per week for both men and women. Maternity Benefit: 54/-.

Grants are also made to members entitled to "additional benefits" towards the cost of any dental, optical, hospital, and nursing home treatment required. Such members requiring dental treatment should first of all apply to the Society for a "dental letter," and, in the case of the other treatments, etc., should submit an estimate of cost of same, before treatment is commenced. Grants are also made under this scheme towards the cost of glasses, artificial teeth, and surgical appliances.

As these "additional benefits" are paid out of the profits of past years those now joining the Society cannot expect to receive immediately such

benefits.

Further particulars and forms of application for membership may be obtained from the undersigned.

HERBERT M. ADAMSON, Secretary.

# ARCHITECTS' BENEVOLENT SOCIETY

(INSURANCE DEPARTMENT.)

## HOUSE PURCHASE SCHEME

(for property in Great Britain only.)

The Society is able, through the services of a leading Assurance Office, to assist an Architect (or his client) in securing the capital for the purchase of a house for his own occupation, on the following terms:

Amount of Loan. •

Property value exceeding £666, but not exceeding £2,500, 75 per cent of the value.

Property value exceeding £2,500, but not exceeding £4,500, 66<sup>2</sup> per cent of the value.

The value of the property is that certified by the Surveyor employed by the Office.

N.B.—Legal costs and survey fees, and, in certain cases, the amount of the first quarter's premium payment, will be advanced in addition to the normal loan.

RATE OF INTEREST.

In respect of loans not exceeding £2,000  $5\frac{1}{2}$  per cent gross in excess of  $\frac{5\frac{1}{2}}{3}$ ,  $\frac{5\frac{1}{4}}{3}$ ,  $\frac{5\frac{1}{4}}{3}$ 

#### REPAYMENT.

By means of an Endowment Assurance which discharges the loan at the end of 15 or 20 years, or at the earlier death of the borrower.

#### SPECIAL CONCESSION TO ARCHITECTS.

In the case of houses in course of erection, it has been arranged that, provided the Plan and Specification have been approved by the Surveyor acting for the Office, and the amount of the loan agreed upon, and subject to the house being completed in accordance therewith, ONE HALF of the loan will be advanced on a certificate from the Office's Surveyor that the walls of the house are erected and the roof on and covered in.

Note.—Since 1928, over £50,000 has been loaned to architects under this scheme, and as a result over £600 has been handed to the Benevolent Society.

If a quotation is required, kindly send details of your age next birthday, approximate value of house and its exact situation, to the Secretary, A.B.S. Insurance Department, 9 Conduit Street, London, W.
